LETTER FROM **THE ARIZONA CITIZENS CLEAN ELECTIONS COMMISSION**

Dear Arizona Voter,

Your vote is your voice, and on **November 3, 2026**, Arizona's future is in your hands.

As a voter, you are flooded with campaign ads, opinions, and oftentimes, conflicting information. Finding trusted, official facts can be exhausting. That is why the Arizona Citizens Clean Elections Commission, the state's independent, nonpartisan voter education agency, created this guide. Our only mission is to ensure you have clear, unbiased information before you fill out your ballot. **Our goal is to educate, not to influence.**

This general election carries exceptional weight for our state. Arizonans will choose leaders for crucial local and state executive offices that directly impact our schools, roads, public safety, and pockets. Notably, **this election marks a historic first for Arizona:** for the very first time, voters will elect a Lieutenant Governor to serve alongside our Governor on a joint ticket.

While midterm elections historically see lower turnout than presidential years, the leaders chosen this November will make decisions that shape your day-to-day life. True civic power belongs to those who participate.

Please use this guide to review the candidates, understand the offices, and plan your vote. Your community is counting on your perspective. Let's make sure Arizona's voice is heard.

Respectfully yours,

Mark S. Kimble, Chairman; Christina Estes Werther; Sam Crump;
Galen D. Paton; Steve M. Titla
Arizona Citizens Clean Elections Commission

WHY AM I RECEIVING THIS?

Your household is receiving this Voter Education Guide because you or another resident is registered to vote. Voter guides are sent by the districts assigned to your residence. **It may be possible for your household to receive multiple guides** for different districts if there is a voter registered at a different residential address that uses the same mailing address as you.

WHY SHOULD I READ THIS VOTER EDUCATION GUIDE?

This guide contains statements directly from the candidates for statewide, legislative, countywide, and board of supervisors offices. This is an opportunity for voters to hear directly from candidates, not third parties, about their views. This guide also contains official and accurate information on:

- Voter Registration
- Ways to Vote: How to get and return your ballot
- What ID you need at the polls
- Contact information

WHO SENT THIS?

This guide was created by the Arizona Citizens Clean Elections Commission (Clean Elections). Clean Elections is a state government agency created by voters in 1998. **Voters mandated by law for Clean Elections to create this Voter Education Guide and mail it to households prior to the General Election.**

WHAT IS CLEAN ELECTIONS?

Clean Elections is the state's non-partisan voter education agency founded in 1998 after Arizona voters passed the Citizens Clean Elections Act (A.R.S. Title 16, Chapter 6, Article 2).

1

Voter Education

We provide voters with non-partisan election information, tools and resources so they can vote informed.

2

Clean Campaign Funding

We provide campaign funding to candidates who run for state offices in Arizona who agree not to accept special interest money.

3

Enforcement

We conduct audits of candidates' campaign finance reports and investigate complaints to ensure funding is used appropriately.

HOW IS CLEAN ELECTIONS FUNDED?

The Citizens Clean Elections Fund, created by voters, receives revenues from: a 10% surcharge imposed on all civil and criminal fines and penalties, qualifying contributions from registered Arizona voters to participating candidates, and civil penalties assessed against violators.

Funding for Clean Elections does not come from taxpayer money from the state general fund.

WHO ARE THE COMMISSIONERS?

The Commission consists of five members, no more than two of the same political party and of the same county. The Governor and the highest-ranking official holding a state-wide office, who is not a member of the same political party as the Governor, alternate in appointing Commissioners.

ABOUT THE GENERAL ELECTION

WHAT IS THE GENERAL ELECTION?

The November 3 General Election determines which candidates will be elected to public office and the outcome of measures appearing on the ballot.

WHO CAN VOTE IN A GENERAL ELECTION?

All Arizona voters registered by the October 5 deadline can vote in the November 3 General Election.

WHY IS VOTING IN THE GENERAL ELECTION IMPORTANT?

While presidential elections often get the most media spotlight and higher participation, general midterm elections have an immediate and profound impact on our day-to-day lives. Midterms are where we select the local and state leaders, including the Governor, state lawmakers, and local officials, who directly control the policies governing our public schools, neighborhood safety, small business regulations, and state taxes. Furthermore, these elections feature critical ballot measures where citizens vote directly on state laws and constitutional updates. Voting in the November 3 General Election ensures that the leaders shaping your immediate environment truly reflect your values.

Your county recorder will mail you a voter registration card a few weeks after you register. Voters are encouraged to verify that the information on their card is correct. Please contact your county recorder with any questions or to request a replacement registration card. Your registration card may be used as a form of ID at the polls.

HOW DO I VOTE?

VOTE EARLY BY MAIL

Ballots will be mailed beginning October 7 to voters who:

- Are on the Active Early Voting List (AEVL)
- Have requested a one-time early ballot

RETURNING YOUR VOTED BALLOT:

Voters can mail their voted ballots back (mail by October 27) or drop them off at:

- Designated ballot drop boxes (if available)
- Any early voting location in their count
- The county recorder or elections office
- Any voting location on Election Day in their county (you do not need to wait in line)

NEW:

If you drop off your ballot in person, you have the following options:

- **Option A** (Fastest drop-off): Drop your signed ballot into the secure bin. Your signature and identity will be verified by the county before your ballot is counted.
- **Option B** (Fastest processing): Show a valid ID to a poll worker to verify your identity on the spot. This skips the signature verification step and speeds up how quickly your ballot is processed.

Voted ballots must be received no later than 7:00 p.m. on November 3, 2026 (Election Day).

HOW DO I VOTE?

VOTE EARLY IN PERSON

- Voters may vote early in person at the County Elections Office or at any early voting site in their county.
- Early Voting will begin on October 7.
- Voters must bring their ID.

VOTE ON ELECTION DAY

- All voting locations will be open from 6:00 a.m. to 7:00 p.m. on Election Day.
- Visit azcleaselections.gov/voter-dashboard to find your voting location.
- Voters must bring their ID.

HOW DO I KNOW VOTING BY MAIL IS SECURE?

Voting by mail has been available in Arizona for almost three decades. **Approximately 80% of voters choose this method.** The infrastructure and security measures are well in place to ensure ballots are safe and secure.

The first step begins with voter registration. At the time of registering, voters must prove their identity and citizenship. A mail ballot will only be sent to someone who is a registered voter, who has specifically requested a mail ballot, and to the address on file.

Every ballot that is returned to the county must have the voter's ID verified before the ballot can be tabulated. ID verification occurs either through signature verification, a process in which trained elections workers review the signature on the early ballot and compare it to the signature on file, or through ID presented by the voter when dropping off their ballot at the polls.

Voters can track their ballot status to receive alerts, including when the ballot is mailed and counted, at trackmyballot.azsos.gov/voter.

Biography: Congressman Andy Biggs was elected to Arizona's Fifth District in 2016. Previously, Andy served in the Arizona State House of Representatives for eight years and in the Arizona State Senate for six years. In 2012, Andy was elected as State Senate President. An Arizona native, Andy and his wife, Cindy, have lived in Gilbert for over 35 years and have been married for almost 45 years. They have six children and twelve grandchildren. In his campaign for

Governor, Andy is endorsed by President Trump, Charlie Kirk, and forty current or former members of the state legislature.

Statement: Andy Biggs is running for Governor to bring down costs for Arizona families and businesses by growing our economy, lowering taxes, encouraging job growth, and reducing government interference. As Governor, he will prioritize the use and expansion of reliable and affordable energy sources for every Arizonan and responsibly manage our water and land resources to ensure long-term growth and an increased supply of single-family homes. Biggs will protect the rights and freedoms of Arizonans to make their own education and health choices, supporting school choice policies and enacting the MAHA agenda at the state level.

Katie Hobbs

Party: Democratic **Funding:** Traditional **Website:** katiehobbs.org

Biography: Born and raised in Arizona, Katie Hobbs understands the challenges that everyday Arizonans face. Growing up in a working-class family in Tempe, she sometimes relied on her church community and food stamps to get by. Katie worked her way through college at NAU and ASU, becoming a social worker and eventually helping to lead one of the largest domestic violence shelters in the country. Katie ran for office because career politicians were too caught

up in partisan politics and weren't solving problems. As governor, Katie has always worked to find common ground and has never stopped fighting for Arizonans.

Statement: As governor, Katie Hobbs has put politics aside and focused on tackling the tough challenges facing Arizona. As Washington, D.C. policies raise costs on everything from healthcare to groceries to gas, Katie is fighting to make life more affordable for Arizona families. She passed middle-class tax cuts that save 88% of Arizonans money, give seniors an additional \$6,000 deduction, and eliminate taxes on tips and overtime pay. She repealed the tax on rent, helped first-time homebuyers afford down payments, and cut red tape to make housing more affordable. While Washington politicians have slashed healthcare, Katie eliminated medical debt for nearly 700,000 Arizonans and lowered prescription drug costs by up to 80%. She stood up to her own party and the federal government to secure Arizona's water and canceled leases allowing a Saudi-owned corporation to pump Arizona's groundwater unchecked. She's worked with law enforcement to seize over 18 million fentanyl pills, fight human trafficking, and combat cartels throughout Arizona. Katie knows there's more work to do, and she'll keep standing up to Washington and her own party to put Arizona first and fight to lower costs, keep communities safe, and create opportunity for every Arizonan.

CANDIDATES FOR GOVERNOR

Teri Ann Hourihan

Party: No Labels

Funding: Traditional

Website: teriann4azgov.org

Biography: Teri Ann earned her Ph.D. in 2018 and is a licensed trauma therapist, Arizona native, mother, and woman of faith dedicated to improving the quality of life for every Arizonan. She entered the governor's race after witnessing firsthand the healthcare challenges affecting providers and patients across Arizona. As she advocated for healthcare reform, she recognized similar struggles in affordability, education, public safety, and government accountability. Teri

Ann is committed to delivering practical solutions, restoring trust in government, and ensuring every Arizona community has a voice in building a stronger future.

Statement: Teri Ann chose to run as an Independent/No Labels candidate because she believes political division has prevented meaningful solutions and left too many Arizonans behind. She is committed to putting people before politics and leading with honesty, integrity, accountability, and common sense—not party agendas, special interests, or wealthy donors. Teri Ann has pledged never to accept PAC or AIPAC donations because she believes elected officials should be accountable to the people they serve. As Governor, she will restore public trust by reforming state government, increasing transparency, and ensuring agencies operate efficiently and responsibly. Her priorities include lowering the cost of living, protecting the rights of all people, expanding affordable childcare, protecting school choice while increasing accountability for education spending, securing Arizona's water future, reducing homelessness through shelter and support services, strengthening the family court system, supporting rural communities, improving legal immigration processes, and eliminating fraud, waste, and abuse in government. Risa Lombardo

Party: Green

Funding: Participating

Website:

Biography: I was born in New York City, where I went to school and started my family. We moved to Arizona in 1991 and for 35 years this is where I raised my two daughters (both graduated from Peoria schools and ASU) and had a successful career working as a legal secretary/assistant. After being in both major parties, I registered with the Green Party because its platform best reflects my principles. I don't have a lengthy political resume because I'm not a

career politician. I'm someone who loves Arizona and wants to rise above the political games to get things done!

Statement: Risa Lombardo is running for Governor because she knows families are struggling, and Katie Hobbs and the Republicans are too busy squabbling to fix things. As Governor, Lombardo will transform our broken two-party system into a state government that serves the people, not greed or corporate interests. She will protect our fragile democracy from those who overstep their legal authority and from those who attack it to further their political ambitions. She will stop the Data Centers that Republican and Democrats are allowing to happen without proper consideration of the costs, water and energy demands involved. She will end the use of Flock Cameras to track Arizona residents' every movement across the state as we merely drive through our communities. She will stop discrimination by race, class, gender, sexual orientation, age, nationality, or religion. She will combat Climate Change, protect our environment, and ensure policies that create clean air and clean water for Arizona residents. And she will reduce the costs of utilities for working families. Hobbs and the Republicans are too busy fighting to find common ground. Shatter this two-party system and change Arizona politics forever! Risa Lombardo would be honored to have your vote.

CANDIDATES FOR LIEUTENANT GOVERNOR

Lisa Castillo (Lombardo)

Party: Green

Funding: Traditional

Website: lisa4arizona.com

Biography: Lisa Castillo is a concerned mother, devoted wife, small-business owner, and community-minded Arizonan who believes government should serve with compassion, honesty, and common sense. Born in Redlands, California, she has called Arizona home since 2010. As the Green Party candidate for Lieutenant Governor alongside Risa Lombardo, Lisa supports environmental responsibility, social justice, grassroots democracy, peace, and respect for diversity. Her priorities include affordable housing, accessible healthcare and education, practical solutions to homelessness, and stronger mental-health services. Guided by compassion and responsible public service, Lisa will listen, learn, and work with Arizonans to build a fairer, healthier, and more sustainable future.

Statement: I am running for Lieutenant Governor alongside Risa Lombardo because Arizona families deserve leadership grounded in compassion, honesty, and common sense. Too many people struggle to afford housing, healthcare, education, food, and other necessities while feeling that government no longer listens to them. I will advocate for practical, humane solutions to homelessness that provide immediate assistance while addressing the causes of housing instability. I will support stronger mental-health services, including accessible treatment, crisis intervention, community programs, and stable housing. These investments can save lives, strengthen families, and make our communities safer. As a small-business owner, wife, mother, and Arizona resident since 2010, I understand the pressures families face and the importance of responsible decisions. I support the Green Party values of environmental responsibility, social justice, grassroots democracy, peace, and respect for diversity. Public service begins with listening. I will work with Arizonans from every background, treat people with dignity, and seek solutions that improve everyday life. I will put people, community well-being, and Arizona's long-term future ahead of political games. Together, we can build an Arizona where opportunity is shared, communities are healthy, government is accountable, and every person has a fair chance to create a secure and hopeful future.

He and his wife met at Brigham Young University, have been married for 43 years, and have five children and ten grandchildren. A former Republican and now Independent, John served as mayor of Mesa for 10 years, during which he revitalized downtown, strengthened public education, and brought businesses and jobs to the city. John believes in putting people ahead of partisan politics, and as lieutenant governor, he'll work alongside Katie Hobbs to find common ground and deliver real results for Arizonans.

Statement: John Giles, a former Republican and now Independent, is running alongside Katie Hobbs to continue delivering real results by setting partisan politics aside and putting Arizona first. They believe our challenges are not Democrat or Republican issues – they're Arizona issues that deserve Arizona solutions. Together, they will fight to bring down costs that keep rising because of Washington's reckless policies. As governor, Katie has cut taxes each year for middle-class families, small businesses, and veterans. She repealed the tax on rent and cut red tape to make housing more affordable. While Washington politicians have raised healthcare costs and slashed coverage, Katie eliminated medical debt for nearly 700,000 Arizonans and lowered prescription drug costs by up to 80%. She stood up to her own party and the federal government to secure Arizona's water and canceled leases allowing a Saudi-owned corporation to pump Arizona's groundwater unchecked. She's worked with law enforcement to seize over 18 million fentanyl pills, fight human trafficking, and combat cartels throughout Arizona. John and Katie share the same approach to leadership: put Arizona first, find common ground, and deliver results. Together, they'll lower costs, protect our freedoms, keep communities safe, and create opportunity for every Arizonan.

The Biggs/Kerr ticket will put more money in your pocket, keep our state safe, and Restore the American Dream in Arizona.

Duwayne Collier

Party: Green

Funding: Participating

Website:

Biography: I'm Dwayne Collier, a 46-year-old born in a small farming town. I've worked in construction, labor, sales, and service, where I developed a strong ability to connect with people. After traveling across the country, my wife and I settled in Arizona, where we're raising our two children. We fell in love with the community and way of life here. I'm proud to call Arizona home and am committed to helping make it an even better place to live. I respectfully

ask for your support and your vote.

Statement: Duwayne Collier is the Green Party nominee for Secretary of State. For too long our elections have been regulated by the two party system for their own gain. As the Secretary of State for Arizona, Duwayne Collier will work to end the two party monopoly by pushing for ranked-choice voting, open debates, easier ballot access, public financing, election transparency, and voter access. Democracy should not belong to the highest bidder, or billionaires' ruling influence. Democracy belongs to the voters. As a representative of the people, Collier will fight to ensure that every vote is counted, results are fast and accurate, and that your vote is heard! Collier will work for a system that encourages strong third parties and ends special interests and corporate influence over elections. Duwayne Collier would be honored to have your vote to reform Arizona and represent you, the people!

Adrian Fontes

Biography: In 2022, Adrian Fontes was elected Arizona's 21st Secretary of State. A proud Arizona native, Marine Corps veteran, husband, and father, he has dedicated his life to justice and defending democracy. After serving on active duty from 1992-1996, he pursued law, advocating for the disadvantaged as a prosecutor in Denver and Maricopa County, and leading the International Prosecution Unit at the Arizona Attorney General's Office. Statement: As Secretary of State, I've delivered on key promises to strengthen election integrity, ensure voter access, improve business services, and promote transparency. In everything I do, my goal is to protect your vote. These efforts include launching a statewide ballot tracking system that allows voters to receive text and email updates when their ballots are sent and received. I have fought to protect your private data and vote-by-mail because nobody should have to stand in long lines in the heat to cast their vote. Ahead of the 2024 election, I hosted statewide tabletop exercises with election officials, law enforcement, and cybersecurity experts to prepare for potential threats, including emerging challenges like deepfakes and content authentication. To combat misinformation, I established the Artificial Intelligence and Election Security Advisory Committee, bringing together leaders from academia, business, and technology to assess risks and identify opportunities. In 2025, I received a Clearie Award from the U.S. Election Assistance Commission for the third consecutive year, honoring innovation and excellence in election administration. CANDIDATES FOR SECRETARY OF STATE

Alexander Kolodin

Party: Republican **Funding:** Traditional **Website:** www.alexforaz.com

Biography: For more than a decade, Alex Kolodin has fought for transparency, accountability, and the rule of law in the courtroom and at the Capitol. In the Legislature, he sponsored bipartisan election reforms that strengthened early-voter verification, protected military ballots, improved chain of custody, and helped speed up results. Alex is an experienced election attorney, Arizona State Representative, and small business owner running for Secretary of State

to restore transparency to our elections. He's a graduate of Georgetown University, the University of Pennsylvania Law School, and former junior high civics teacher. Alex lives in Scottsdale with his wife and two children.

Statement: As Secretary of State, my sole focus will be on serving all voters, regardless of political affiliation, and administering elections that are secure, transparent, honest, and follow the law, while delivering fast results that all Arizonans can have confidence in on election night. I've been fighting for Arizonans' civil liberties, including the right to free and fair elections, for well over a decade. As an experienced election attorney, I've successfully challenged my opponent Adrian Fontes' numerous and repeated violations of the law in court. As a member of the Arizona House of Representatives, I've been the state's most successful election policy-focused legislator — achieving broad bipartisan support for some of the most important election laws in state history. I've fought to protect the voting rights of military members, veterans, the disabled, rural voters, and voters from every Party, income level, race, gender and age. The reality is that the process of administering elections shouldn't be about right vs. left or rich vs. poor. Election administration is about following the law, running world class elections, and delivering fast results that voters can trust. I'm Alex Kolodin and I'm humbly asking for your vote to be Arizona's next Secretary of State.

CANDIDATES FOR ATTORNEY GENERAL

Kris Mayes

Party: Democratic **Funding:** Traditional **Website:** www.krismayes.com

Biography: Kris Mayes is a mom and Arizonan who grew up in Prescott. Raised by a public-school teacher and a neighborhood pharmacist, she began her career as a journalist focused on accountability. She served in the Napolitano administration and was elected to the Arizona Corporation Commission where she created thousands of good-paying jobs and helped save consumers billions. After winning by only 280 votes, Kris Mayes returned the Attorney General's

office to its core mission: protecting Arizona families from the cartels, fraudsters, and scammers; standing up to greedy corporate interests when they break the law; and defending our personal freedoms.

Statement: I have fought like hell for Arizonans protecting seniors from scams and abuse, stopping the flow of deadly fentanyl, lowering prices, blocking mega-mergers, and addressing rising rent. By working with local police, sheriffs, and federal partners, I have seized 27 million pills of fentanyl and protected Arizonans from drug smugglers and scammers. To defend our groundwater, I sued a Saudi-owned mega farm for excessive groundwater pumping harming rural neighbors and ranchers. I blocked the Albertson and Kroger merger preventing job loss, higher grocery prices, and exacerbated food deserts. I have intervened against APS and TEP's unfair 14% rate hike and cracked down on billions in Medicaid fraud, successfully reducing fraudulent billing by 92%. My federal lawsuits have saved Arizonans \$1.5 billion in taxpayer dollars by protecting Headstart, Meals on Wheels, and Americorps. My record at the U.S Supreme Court on behalf of Arizona is 2-0, overturning illegal tariffs costing Arizonans an average \$1,500 a year. As a daughter of rural Arizona, I have held over 50 town halls across all 15 counties. It's critical to reelect me as your Attorney General, so I can keep protecting Arizona families and making life more affordable in Arizona.

Warren Petersen

Party: Republican **Funding:** Traditional **Website:** www.petersenforag.com

Biography: Warren Petersen, a third-generation Gilbert resident and Gilbert High graduate, earned his bachelor's degree and J.D. from ASU. He has been the Senate President for four years, served in the Arizona Legislature since 2012, has held prior key leadership roles including House Majority Leader, Rules Chair, Judiciary Chair, and Ethics Committee member. A lifelong advocate for limited government, low taxes, free markets, and individual rights, Petersen has

championed fiscally conservative policies, religious freedom, Second Amendment protections, and crime victims' rights. He has led efforts to defend state laws, including keeping men out of women's sports and opposing unconstitutional mandates. Honored with youth service awards and multiple recognitions for protecting freedoms, Petersen is a proven leader with broad-based support from Republicans, Independents, and pro-public safety Democrats.

Statement: I will restore the Attorney General's Office to its mission: fighting crime, combatting fraud and corruption, and defending our Constitution. I am the only candidate endorsed by Arizona's largest law enforcement organizations, making my opponent the first incumbent Attorney General to be rejected by law enforcement because of her explosive temper, soft-on-crime positions, and dangerous rhetoric towards officers. With more than a decade of legal experience, including prosecution, lawmaking, and serving as Judiciary and Rules Chairman, and Senate President, I have stepped in to manage more than 130 cases and amicus briefs when Mayes refused to defend Arizona laws. As the de facto AG, I successfully took Arizona's Save Women's Sports Act to the U.S. Supreme Court to keep men out of women's sports. I have protected Arizonans from sex offenders and open borders when Mayes failed to act. Under Mayes, the office has become partisan and political, and while she blames others for rising prices, her extreme environmental votes as an Arizona Corporation Commissioner have driven up costs. Already leading a major branch of government, I have the legal experience, leadership, and judgment to be Attorney General on day one. I respectfully ask for your vote.

later earned degrees in Industrial Engineering and an MBA. Nick and his wife, Annemarie, live in Phoenix with four adult children.

Statement: For Nick Mansour, the State Treasurer's office is not a political stepping stone for higher office. It is the place to make Arizona the best place to live, work, and raise a family. That work starts with restoring fiscal accountability and transparency to the Treasurer's Office, along with investing in education so Arizonans are ready for today's challenges and tomorrow's opportunities. I believe the Treasurer's primary responsibility is to safeguard and grow Arizona's investments. My approach prioritizes performance over politics—rejecting ESG and politically driven investment strategies that put ideology ahead of results. I will also increase transparency and accountability in how public funds are managed. She is a product of Arizona's public schools and earned her doctorate in education from ASU. Terry is the only teacher in the race and taught mathematics for two decades before retiring as president of Glendale Community College. WESTMARC. Now, Terry is running for Superintendent of Public Instruction to ensure every Arizona student has access to the same opportunities that she did.

Statement: Dr. Ruiz is proud to be the only educator running for Superintendent and believes a teacher — not a career politician — should oversee Arizona's public schools. Her priorities include increasing transparency and accountability, protecting taxpayer dollars, stabilizing the teacher workforce, upholding high academic standards with strong support systems, and expanding career and post-secondary training opportunities. As a former community college president, Terry has managed operating budgets larger than the Arizona Department of Education with transparency and fiscal responsibility. She will bring that same leadership to the office by strengthening oversight of the ESA program, ending the automatic approval of purchases, implementing automated solutions, and creating a public transparency portal so taxpayers can see how funds are spent. After listening to educators in all 15 Arizona counties, Terry plans on supporting her fellow teachers through professional development, mentorship, and advocacy for competitive pay. As Superintendent, she will expand opportunities for all students in the K-12 system from early literacy and math interventions, to increased access to career and technical education and dual enrollment pathways. Dr. Ruiz believes that when our schools succeed, our state succeeds, and will focus on real results for our students — not political agendas and empty rhetoric.

I've built my career solving problems. I've seen what works and what fails. As Mine Inspector, I plan to: • Put real-world safety first by enforcing practical standards that protect miners every day. Not politics. Not bureaucracy. Just results keeping people safe. • Bring a professional, boots-on-the-ground approach to the office focused on expertise, accountability, and transparency. Secure backcountry abandoned mines that threaten families, hikers, and rural communities. Arizona's mining industry is vital, but nothing is more important than the people who power it. The State Mine Inspector must be visible, responsive, and accountable to both workers and the public. I'm ready to get to work.

Walter "Les" Presmyk

Party: Republican **Funding:** Participating **Website:** lespresmyk.com

Biography: Les Presmyk is a lifelong Arizonan and mining engineer with 44+ years of experience in Arizona's mines. Safety is not a partisan issue, and I am committed to safeguarding both Arizona's miners and our mining industry. I am the only candidate with this depth of experience. Ralph Heap

Biography: Dr. Ralph Heap is a fourth-generation Arizonan, a respected orthopedic surgeon, and a lifelong servant-leader who has spent his career caring for others — both in the operating room and in his community. Dr. Heap's dedication to service extended far beyond Arizona. As a medical missionary in Africa, he has traveled to 23 countries — providing life-changing pediatric orthopedic care and supporting faith-based healthcare initiatives around the globe. He and his wife Denise — his high school sweetheart — have built a life rooted in faith, family, and freedom, raising three children and eight grandchildren in the state they love.

Statement: Ralph Heap was elected to the Arizona House of Representatives, where he has been a strong voice for limited government, free markets, medical freedom, and parental rights. Now, as a candidate for the Arizona Corporation Commission, Dr. Heap is ready to stand up for ratepayers, defend rural communities, and block the encroachment of globalist energy agendas. As Corporation Commissioner, Dr. Heap will: • Fight against ESG mandates and California-style energy experiments • Oppose unnecessary utility rate increases that punish families and seniors • Ensure a reliable, diverse energy grid — not one dictated by ideology • Fully Support the Trump Energy Agenda, with emphasis on fossil fuels and Nuclear energy. • • Protect water access and infrastructure, especially in rural Arizona • Demand transparency and stand against special interest influence at the Commission With decades of real-world experience, a commitment to constitutional principles, and a heart for service, Dr. Ralph Heap is the steady, conservative leader Arizona needs at the Corporation Commission.

Jonathon Hill

Party: Democratic

Funding: Participating

Website: www.votehillaz.com

Biography: Jonathon brings a unique perspective to the Commission as a scientist, engineer, and proud, lifelong Arizonan who was born in Kingman. He has spent 18 years at Arizona State University working on NASA missions to Mars, Jupiter, and asteroids, earning degrees in Aerospace Engineering and a doctorate in Geological Sciences. His expertise gives him a deep understanding of energy, infrastructure, and groundwater challenges, especially in rural areas.

Jonathon is committed to asking tough, technical questions and using his background to protect hardworking Arizonans from rising costs while ensuring reliable, sustainable energy and water systems statewide.

Statement: I'm running for the Arizona Corporation Commission because too many Arizonans are paying more every month and seemingly getting less in return. As a scientist who has spent my career working on complex systems and solving real-world problems, I believe we need leadership that is grounded in facts, transparency, and accountability. The Commission has enormous influence over our utility bills, our energy reliability, and our long-term economic competitiveness, yet too often it has failed to ask tough questions or fully represent ratepayers. I'm not running as a career politician; I'm running as someone who believes government should work for people, not special interests. We can lower costs, strengthen our grid, and invest in cleaner, more efficient energy that protects our water and air while supporting business growth. Arizona deserves leadership that is practical, forward-thinking, and focused on results. That's what I will bring to the Commission.

CANDIDATES FOR CORPORATION COMMISSIONER

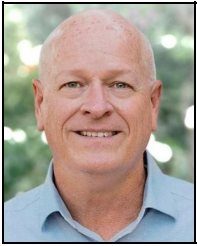

Clara Pratte

Party: Democratic **Funding:** Participating **Website:** www.claraforaz.com

Biography: Clara Pratte has dedicated her life to public service, entrepreneurship, and advocating for underserved communities. A member of the Navajo Nation, she grew up in Lupton, Arizona, without electricity or running water until middle school, shaping her commitment to reliable, clean energy. She served under three U.S. Presidents and four Navajo Nation Presidents, holding senior roles advancing economic and tribal policy. Now a small

business owner and co-founder of Navajo Power, she promotes solar development. Clara is running for Arizona's Corporation Commission to lower costs, protect consumers, and expand sustainable energy opportunities statewide for all Arizona families.

Statement: I'm running for the Arizona Corporation Commission because I've lived the consequences of decisions made in this office. Growing up on the Navajo Nation without electricity or running water, I understand how essential reliable and affordable utilities are to everyday life. Today, too many Arizona families, ranging from rural communities to our cities, are struggling with rising costs and uncertainty about the future. I've spent my career working in energy, economic development, and now as a small business owner, helping bring infrastructure and opportunity to communities that have been overlooked. Communities just like my hometown. It's why I believe the Commission should be a watchdog for the people by ensuring fair rates, reliable service, and encouraging smart investments that strengthen our economy while protecting our air and water. We can expand clean, cost-effective energy, create good-paying jobs, and protect our natural resources while keeping Arizona competitive. We just need the political courage to do so. I'm running to fight for affordable utility bills, limit data centers, and protect our water. I hope to have the honor of your vote.

Kevin Thompson

Party: Republican **Funding:** Participating **Website:** thompsonforcorpcomm.com

Biography: I've served as a Commissioner since 2024 and was previously selected by my peers as Chair. I have over 30 years of professional public service, including serving as a combat veteran during Operation Desert Storm for the US Air Force and a twice-elected Mesa Councilmember. I'm a co-founder of the Mesa Veterans Resource Center, was awarded the Mesa Veteran Appreciation Award, and was recognized as the 2025 Champion of the Year by

the Arizona Manufacturers Council. I have a B.S. in Mechanical Engineering, and have been married to my wife, Donna, for 37 years. They have two adult children.

Statement: One office that shouldn't be political is the regulators who oversee utilities and our grid. My focus is protecting ratepayers and grid stability. I've championed an all-of-the above energy approach to manage Arizona's energy grid, focusing on eliminating Green New Deal policies that have cost customers billions of dollars in extra surcharges, while pushing for greater ratepayer protections and holding utilities accountable for wasteful and frivolous spending. I championed the elimination of previously enacted Commission mandates that forced utilities to fund energy projects and programs costing ratepayers nearly \$4Billion since their inception. I led the charge in eliminating over \$50Million in ratepayer surcharges from the state's largest electric utility in incentives for things like electric golf carts, EV charging stations, and payments to homebuilders to install appliances. I've worked tirelessly to remove regulatory barriers and mandates to unleash energy innovation, while ensuring grid stability and maintaining reliable energy supply. Under my watch, Arizona's grid is now ranked the 7th most reliable in the country. I recently led the charge to prevent ratepayers from being saddled with \$1.9Billion in extra costs to open a shuttered power plant and have worked on federal permitting reform for natural gas and nuclear power.

CANDIDATES FOR STATE SENATOR - DISTRICT 1

Christine Ellen Dargon

Party: Democratic **Funding:** Participating **Website:** www.dargonforazsenate.com

Biography: Dr. Christine Dargon is a community organizer, grassroots Democrat and candidate for Arizona State Senate in LD 1. A former resident of Prescott and 15+ years in Rimrock, she is the co-founder of Indivisible Rimrock, has served as a Yavapai County precinct committeewoman. With deep roots in the Prescott and Verde Valley area, she has built relationships with tribal nations, veterans, small business owners, neighbors across party lines

and collected signatures to put reproductive rights on Arizona's ballot. She owns her own business and works as Associate Faculty for two AZ universities. Christine will listen and answer to the people of LD1.

Statement: Legislative District 1 deserves a senator who actually works for the people who live here and right now, we don't have one. Our current senator parachuted into this district after losing a statewide race and has spent his time denying elections, banning abortion with no exceptions for rape or incest, chasing national headlines while LD1's real problems go unaddressed. He does not work for you - I will! Our wells are failing as aquifers are drawn down by unregulated corporate pumping. Our schools are among the most underfunded in the nation. Families are driving two hours for basic medical care. These are not unsolvable problems. I will fight for groundwater protections that put LD1 families before corporate extraction interests. I will fight to fully fund our public schools and pay teachers what they deserve. I will fight to expand rural healthcare access so that a medical emergency doesn't also become a financial one or a tragedy because help is hours away. I will fight for zoning reforms that remove unnecessary barriers to workforce and affordable housing development, state investment in rural housing infrastructure, and tenant protections that keep working families stably housed. Solutions over stunts. Community over career. No special interests.

Having lived in Legislative District 1 since 1971, I am engaged in a variety of political and civic organizations, including the Yavapai County Republican Party, the State and National Federation of Republican Women, the Arizona State Rifle and Pistol Association, and the Armed Women of America. Nationally ranked by the Center for Effective

Lawmaking for demonstrating the ability to efficiently navigate legislative procedures, I am running for re-election to continue my efforts to protect and strengthen Legislative District 1 and Arizona.

Statement: As I wrap up my second term in office, I am happy to report I've kept my promises and built a strong conservative record on issues that matter to Arizona voters. Working with my seatmate, Representative Quang Nguyen, I prioritized efforts to boost the Arizona economy and fight inflation, secure our border and enforce our laws, and restore integrity to our election process. I have demonstrated a 100% pro-2nd Amendment record, led to secure our water future, fought to protect life, and prioritized both veterans and first responders. I also used my background as a nurse and educator to lead on healthcare issues and support medical freedom, while reducing fraud, waste, and abuse, and working to improve our schools and universities. I've lived in this District since 1971 and have been involved with a variety of political, civic, and charitable organizations. I'm committed to public service and am grateful for the trust you have placed in me. You have TWO votes for the State House, and I hope I can count on you to cast one vote for me so I can return to work alongside Representative Quang Nguyen to prioritize LD1 and keep Arizona great! I appreciate your support!

Quang Huu Nguyen

Party: Republican **Funding:** Traditional **Website:**

Biography: Quang was rescued from Vietnam by the US military just one week before Saigon fell. It took months to be reunited with his family, but Quang's American dream had begun. Working jobs, he taught himself English, graduated high school, then from Long Beach State, before going to work for Northrop Corporation on the F-20 and F-18 programs. In 1993, a wonderful woman, Mai, said "Yes" and they began their life together. They moved to Arizona in

2004 with their two kids, Quang later started his own business, and he was elected to the State House just a few years ago.

Statement: I ran for office as a Constitutional Conservative, you trusted and elected me, and I've gone to work each day and KEPT MY WORD! That means real election integrity measures, secure borders (finishing that wall), criminalizing fentanyl dealers, fighting for affordability, medical freedom, safe neighborhoods, improved highways and transportation (improving I-17), long-term water security, and personal liberty. I have a 100% pro-gun, pro-Constitution, pro-life, pro-school choice, and pro-Arizona voting record. I've worked closely with Representative Selina Bliss and our district is home to Arizona's most reliably conservative State Reps. We are again being challenged from our left by the same candidate you rejected last time, but that's okay. Voters should have choices, and we're going to keep voting for conservative ideals no matter who runs against us. You know me, and you know the love I have for my country, my state, and everyone who calls it home. If you want a proven America First team, then I ask you to cast your TWO State House votes for Nguyen AND Bliss. On behalf of my wonderful wife and kids, THANK YOU! And may God continue to bless America.

CANDIDATES FOR STATE REPRESENTATIVE - DISTRICT 1

Sandy Zalecki

Party: Democratic **Funding:** Participating **Website:** sandyzforaz.com

Biography: I am a mother, a grandmother, and a Veteran. I am a 30-year resident of Arizona, hold a Bachelor's Degree in Bible and Theology, a widow, and most recently a candidate for Legislative District 1 State Representative. I was born in a very rural area of Colorado and understands the struggles of both rural and small-town areas of Arizona.

Statement: I have never wanted to be a politician, but I found out that being in politics is one of the best ways to help others if it's done properly. I'm not good at making big promises that I can't keep. I don't like to lie. If I were elected there are four things that I would work to change. One would be to require every state candidate to run clean elections. It would make it more fair and take some of the dirty money out of politics. Second, water. We haven't had any water legislation since the 1980 Ground Water Act. It needs to be updated to insure abundant water for our future. Third, affordability. We have an affordability crisis in Arizona that our current legislature refuses to acknowledge. Fourth, education. We are 49th in spending on education. We have 100 million dollars in fraud because of ESA vouchers. Our children deserve better from us. They are our future. According to Markers for Democracy "Arizona's state legislature is one of the most reactionary and harmful in the nation." Something needs to change and I would like to be one of the ones that helps make the needed changes.

CANDIDATES FOR STATE SENATOR - DISTRICT 2

Shawanna Bolick

Party: Republican **Funding:** Traditional **Website:** bolickforarizona.com

Biography: A mom, wife, and champion for hardworking families throughout Arizona, Shawanna Bolick has spent her career fighting for educational options, voting to reduce taxes and lower our cost of living, protecting our children, countering fentanyl abuse, and working to end human trafficking. At the Capitol, Shawanna has fought to repeal the rental tax, provide funding for border security and law enforcement, and invest new dollars into our classrooms.

Shawanna will continue fighting to protect our neighborhoods and support great schools and teachers. Shawanna championed a ground-breaking piece of legislation protecting our pets against animal cruelty. Mom of two, Shawanna lives in Phoenix with her husband and their greyhounds.

Statement: Actions and accomplishments speak louder than empty promises. Since 2019, I have represented you with a common-sense voice at the State Capitol. I have supported legislation to secure our border, reduce taxes, and improve affordability. I led the fight to make housing more affordable, lower inflation on our food and housing, and voted to pass one of the largest tax cuts in state history. I am proud of my votes to invest in our schools and teachers, fight drug trafficking and fentanyl, advance consumer protection, and end child sex trafficking. As a mom, tackling public safety issues is personal to me - and critical for our community. I will continue to champion commonsense solutions to the challenges facing our community, from standing up for veterans to protecting our water supply. Please visit my website at www.BolickforArizona.com to learn more or ask questions, and I humbly ask for your vote. Thank you! Shawanna

Amelia Gallitano

Party: Democratic **Funding:** Traditional **Website:** www.ameliaforaz.com

Biography: My name is Amelia Gallitano, and I'm a doctor, neuroscientist, professor, and a mom. I'm a problem-solver fed up with corporations getting richer while hardworking Arizonans struggle with the rising cost of living and affordability. I moved to North Phoenix 19 years ago to be a founding professor at the University of Arizona College of Medicine in Phoenix and have been educating new doctors ever since, while caring for veterans with PTSD. As a

doctor and educator, I support reining in pharmaceutical price-gouging and investing in public education. As a scientist, I believe data centers must pay their own energy costs, and we must address climate and water crises.

Statement: My name is Amelia Gallitano. I'm a doctor, neuroscientist, professor, and mom. I moved here 19 years ago with my two sons to be a professor at the University of Arizona College of Medicine in Phoenix, and I've been educating new doctors ever since. I also cared for veterans with PTSD at the Phoenix VA for years. It does not take a PhD in neuroscience to see that something is very wrong in our legislature. Lawmakers are giving tax breaks to private plane owners while everyday Arizonans struggle to make ends meet. They are giving away a billion dollars with no accountability to private school vouchers while attacking the public schools that 90% of Arizona families choose. They want to take away Vote by Mail, which more than 75% of voters rely on. I've spent my life in public service, and I'm stepping up to work for everyday Arizonans. I will make healthcare more affordable, support our public schools and teachers, and stop corporations from driving up housing and energy costs. It's time for a state senator focused on people, not corporate profits. I would be honored to represent you.

Paul Carver

Party: Republican **Funding:** Traditional **Website:** carverforaz.com

Biography: Paul Carver is a U.S. Marine Corps veteran, North Phoenix native, and father of eight with deep roots in Arizona. Raised locally, Carver attended Deer Valley Unified School District schools before serving in the military. He holds a Master of Business Administration from the University of Phoenix and works professionally as a field support analyst in systems management. A dedicated community leader, Carver serves as President of the Deer Valley

Unified School District Governing Board. Grounded by his military discipline, corporate career, and public service, Carver earned a spot on the general election ballot for the Arizona House of Representatives.

Statement: As President of the Deer Valley Unified School District Governing Board, I have spent my tenure championing transparency, parental rights, and fiscal accountability in public education. Now, I am asking for your vote to bring that same principled, results-oriented leadership to the Arizona House of Representatives for Legislative District 2. Our community faces vital challenges that demand practical, battle-tested solutions. As a Marine Corps veteran, business analyst, and father, I understand the direct impact of state policy on our families, local businesses, and neighborhood schools. My platform centers on four core pillars: protecting taxpayer dollars through strict fiscal discipline, empowering parents to make the best educational choices for their children, strengthening public safety by fully supporting law enforcement, and addressing critical water concerns to secure the future of the Valley. After earning my place on the general election ballot through a successful primary write-in effort, I am deeply honored by the grassroots support of our community. Legislative District 2 deserves a representative who listens, operates with integrity, and delivers accountable governance. I promise to work tirelessly at the State Capitol to safeguard your freedom and build a stronger Arizona. I respectfully ask for your vote.

Stephanie Simacek

Party: Democratic **Funding:** Traditional **Website:** www.simacekforaz.com

Biography: Stephanie was raised in Oregon, where her teachers instilled in her a passion for education. In 2014, she made Arizona her home with her two daughters. She began teaching first grade in a public school after graduating from Grand Canyon University with a Master's degree in Early Childhood Education. Working with first graders was rewarding and challenging, and it reaffirmed her belief in the power of education to transform lives. In 2022,

her neighbors elected Stephanie first to the Deer Valley Unified School District Governing Board, then two years later, to represent Arizona's second legislative district at the House of Representatives, where she faithfully serves all of Arizona.

Statement: I am a mom, public school teacher, Deer Valley Unified School District governing board member, and an Arizona State House Representative. I first ran for office to strengthen public education, address our water crisis, and tackle rising costs, including childcare, healthcare, and housing. Since my election in 2024, I have had the honor and privilege to fight for these issues on behalf of Arizona's second legislative district. These are not partisan issues; they affect us all, regardless of our political affiliation. As a public school teacher, I saw firsthand the positive impact of diverse teaching methods, dedicated staff, and engaged parents. As a mother, I've felt how hard rising costs in healthcare, housing, childcare, food, and utilities have hit Arizona families. As an Arizonan, I know we must act fast to ensure that future generations get to enjoy this great state we all know and love. I am seeking reelection this year because our work is far from finished. There is still so much we can do, and I remain committed to continuing that work on behalf of my neighbors.

CANDIDATES FOR STATE REPRESENTATIVE - DISTRICT 2

Justin Wilmeth

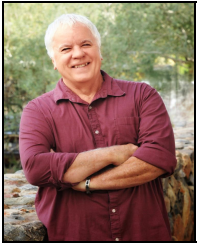

Party: Republican **Funding:** Traditional **Website:** www.justinwilmethaz.com

Biography: I was born in Texas, but I am proud to have been living in Arizona since 2015. I am three-time graduate of Arizona State University, earning a bachelor's degree in Political Science; a Master of Public Administration; and a Master of Arts in Global Security. I enjoy reading about history and international affairs, watching as much baseball as possible and taking road trips all over the state. I'm a movie buff and usually always have a random pop culture reference at the

ready. I am jovial, considerate and a positive type of person.

Statement: Howdy everyone! I have had the honor of serving in the Arizona House of Representatives for the past six years. I've spent that time fighting against overreaching COVID mandates, lowering taxes, eliminating burdensome regulations, improving housing affordability and, yes, making Pluto the State Planet. I've been chairman of the House Commerce Committee, where I focused on improving economic development and bringing more jobs to the district. Currently, I serve as the chairman of the House Artificial Intelligence & Innovation Committee, where I am helping guide the way on the new digital policy frontier. I want to help this technology be more beneficial to you! I've spent my entire career in public policy. I've worked a combined 12 years at two different state legislatures, including here in Arizona, where I was a policy staffer for the Republican Caucus. I also worked at Americans for Prosperity, a Conservative entity focused on lowering taxes, regulations and shrinking government wherever possible. I'm very proud to say I'm an effective Legislator for our district and I understand how to get the job done. I want to ensure Arizona continues to be friendly for free markets and individual liberties! I look forward to earning your support.

CANDIDATES FOR STATE SENATOR - DISTRICT 3

Jeffrey Fortney

Party: Democratic **Funding:** Participating **Website:** electfortney.com

Biography: I've lived in Cave Creek since 1999. I adore the desert beauty around my home. I'm a husband, father, and grandfather. I left a career in computers in 2004 to become a special education teacher. I've also had the honor of being on the Cave Creek School Board since 2021. I've been a dedicated advocate, knocking on thousands of doors for causes and candidates that inspire me to engage my community, since 2017. Fully funding public education, voting rights,

clean elections, protecting people's human rights and making sure ALL Arizonans are treated with dignity and respect are my core issues.

Statement: I am running for State Senate in Legislative District 3 for several reasons. Too many families in Legislative District 3 are feeling the economic impact of decisions being made federally and rubber stamped locally. Many are trying to balance working (sometimes multiple jobs), while paying for child care, medicine and other increasing costly expenses. These people are feeling the effects of national economic decisions locally, while local legislators rubber stamp policies that are driving up these costs. Families are effectively being billed an average of \$2,300 due to illegal tariffs. Grocery prices continue to climb while local legislators are doing nothing to support working families. They are in fact making it even more difficult for working families to feed and support their children. I will work tirelessly to support working families in Arizona. In addition, I have a long record of protecting, supporting, and respecting vulnerable children while many local legislators bully these same children while supporting and protecting powerful people who are taking advantage of children. Voters are looking for leadership that prioritizes lowering everyday costs and holding decision-makers accountable for policies that hurt American families. I want to be their advocate at the state capitol.

John Kavanagh

Party: Republican **Funding:** Traditional **Website:** www.electkavanagh.com

Biography: Senator John Kavanagh is a conservative leader focused on public safety, low taxes, and limited government. First elected in 2006, he is known for strong principled leadership. He served 20 years as a police officer and detective sergeant with the Port Authority Police of New York and New Jersey. He holds degrees from New York University, St. John's University, and Rutgers University, and has spent 25 years as a college professor teaching criminal justice and

government. In the Legislature, he has worked on border security, tax relief, and election integrity, while serving in key leadership roles, including Senate Majority Leader and Appropriations Committee Chair.

Statement: I am running for re-election because Arizona deserves experienced, steady leadership that delivers results. Throughout my legislative service, I have worked to protect our communities, strengthen public safety, and ensure government remains accountable to the people. With a background in law enforcement and years of legislative experience, I understand the challenges facing our state and the practical solutions needed to address them. I have fought to secure Arizona's borders, support law enforcement, and keep our neighborhoods safe. I believe in responsible government, keeping taxes low, controlling spending, and reducing unnecessary regulations so families and businesses can thrive. Arizona's continued success depends on affordability and economic growth that protects taxpayers. I am also committed to defending Arizona's water resources, defending school choice, and keeping "woke" ideologies out of our schools - classrooms should focus on academics, not politics. Additionally, I have supported improvements in transportation infrastructure and investments in education. There is still important work to be done. I ask for your support to continue delivering commonsense leadership to keep Arizona safe, prosperous, and free.

Julie Gable

Party: Democratic **Funding:** Participating **Website:** www.juliegable.com

Biography: An ASU graduate, Julie Gable started her career at Accenture before owning and leading technology consulting firms and serving as CEO of a healthcare company. Recognized by the Phoenix Business Journal as an Outstanding Woman in Business, Julie brings a pragmatic, principled approach to service and leadership. She and her husband, Dieter, raised two daughters in Arizona's public schools. She also proudly serves on the boards of the Arizona

Humane Society and the Phoenix Zoo. Raised by a librarian and a physicist (WWII Veteran/Bataan Death March Survivor), she learned the importance of resilience, working hard, and leading with humility.

Statement: I raised my family here. I built a career here. And I've watched our state's challenges become personal ones. As an executive, I led teams through hard decisions with high stakes and real, human consequences. Most recently, as the CEO of a healthcare company with more than 250 employees across multiple campuses, I managed a tight budget that required significant cost-cutting efforts. I led our team through a 30% budget reduction without cutting quality of care. Now, I want to put my real-world experience and steady judgment to work for the community I love. I'm running because Arizona deserves leaders who solve problems instead of just talking about them. That starts with making healthcare more affordable by holding insurance companies accountable, reducing unnecessary administrative burden on healthcare providers, and targeting fraud, waste, and abuse. It also means ensuring technology serves people responsibly, strengthening our public schools, and securing our water future for generations to come. I'm not accepting money from big donors or special interests. As a Clean Elections candidate, I am only accountable to the community I serve. I'm not a career politician. I'm a mom, a business owner, and your neighbor. I'm proven, principled, and pragmatic. And I'd be honored to earn your vote.

First and foremost, I'm a Christian, husband to Briana, father to three sons and an America-First conservative. My parents immigrated legally to the US from Lebanon to give their children a chance to experience freedom and the American dream. I wake up every day grateful to live in the greatest country in the world. I'll focus on growing a pro-family economy through low taxes, more efficient government, and pro-small business policies. I'll support strong families by defending parents' rights, opposing woke indoctrination and making education work for parents and students. Safe communities start with a secure border. I'll back our men and women in law enforcement and vote for policies that keep criminals off our streets. I'll defend our Constitutional Freedoms of life, free speech, religious freedom and the 2nd Amendment. I'll fight for free and fair elections with full transparency. As your representative, I'll answer to the people and my principles—not special interests. Together, we'll make Arizona's next 10 years free and prosperous.

Biography: As our nation marks its 250th anniversary, I take pride in deep American roots. I am descended from five Revolutionary War patriots who fought for independence. For 37 years, I have run a successful business while raising four children with my wife here in Arizona, where I've lived for four decades. I also support charitable efforts for veterans and dog shelters, carrying forward a family legacy of patriotism, integrity, and community involvement.

Statement: I stand for Common Sense and Moderation. You won't find any extremism here. Our District and Arizona deserve leadership grounded in practicality, not partisanship. The challenges we face are water scarcity, underfunded public schools and the rising cost of living. I call for cooperation and real solutions that bring people together, not drive us apart. Securing our water future must be a top priority. We must invest in conservation, expand water reuse, and protect our supplies from overuse and speculation. Arizona can grow while preserving sustainability. Strong public education is the foundation of opportunity. I'll work to ensure every classroom has the teachers, resources and support needed to help students thrive. Affordability matters. From housing to energy to healthcare. I will champion for policies that keep Arizona livable for working families, small business owners and seniors alike. Biography: Tammy Caputi has lived and worked in Arizona for 25 years. She's the Owner of Yale Electric West, a company she founded in 2001. Tammy holds a Bachelor of Arts in Economics from Wellesley College and a Master in Business Administration from Simmons University in Boston, MA. She's a Fellow with the Flinn-Brown Center for Civic Leadership. She served 4 years on the Scottsdale City Council and 3 years on the Development Review Board. Tammy and her

Statement: I'm Tammy Caputi, and I'm running for the Arizona House of Representatives because Arizona needs leaders who know how to create jobs, balance budgets, and deliver results—not just talk about them. For decades, I've signed the front of paychecks, not the back, and that's the perspective I'll bring to the Legislature. As a small business owner, every payroll represents families who depend on the decisions I make. I've navigated economic uncertainty, rising costs, and tough challenges while keeping people employed and growing a successful business. That experience taught me that leadership means solving problems, making difficult decisions, and being accountable for the results. As a Scottsdale City Councilmember, I worked across the aisle to keep taxes low, invest in infrastructure, strengthen public safety, protect our water future, and deliver practical solutions for our community. If elected, I will fight to keep Arizona affordable, support small businesses, strengthen our education systems, protect taxpayers, and create more opportunity for working families. Too many politicians have spent their careers making promises. I have spent mine making payroll. I will bring that same accountability, common sense, and results-driven leadership to the Arizona House of Representatives. I humbly ask for your vote and trust.

Statement: Pamela Carter — Arizona House of Representatives, Legislative District 4 Republican | Candidate for Reelection My name is Pamela Carter. I'm a fourth-generation Arizonan, small business owner, and proud representative of the community I've called home my entire life. In my first term, I was appointed Vice Chair of the Public Safety and Law Enforcement Committee, a leadership role rarely given to a freshman, and I worked to earn it. I passed legislation protecting deployed military service members from unfair vehicle taxes, championed Arizona's nuclear energy future, and stood against powerful corporate interests to defend Scottsdale's right to vote on its own development decisions. This session, I sponsored Cade's Law to hold accountable those who encourage minors toward suicide online, legislation targeting sexual extortion of minors, and bills protecting Arizona homebuyers and expanding access to our state's critical minerals. My priorities haven't changed: safe communities, strong law enforcement, parental rights in education, local control, low taxes, and secure elections. Jason LaForest

Party: No Labels

Funding: Traditional

Website: linktr.ee/laforest4az

Biography: Born and raised in Phoenix, Jason LaForest attended public schools, earned degrees from the University of Arizona and Grand Canyon University. After graduating, he began a decade-long career in public service, becoming one of Arizona's youngest chief financial officers to lead multiple state agencies. Jason has served under different administrations and worked closely with elected officials from both parties, shaping his belief that when governing becomes political, the public pays the price. An Eagle Scout and avid outdoorsman who completed the Arizona Trail, he values what makes Arizona unique and is committed to creating lasting opportunities for future generations.

Statement: Serving as Chief Financial Officer for the Corporation Commission, the Department of Gaming, and the Arizona State Hospital, I witnessed firsthand systemic failures in oversight, accountability, and governance across Arizona's public institutions. These experiences shaped a core belief: when Arizonans aren't getting results, the solution isn't to blame the processes at the bottom, it's to reform systems at top. I'm running to restore professionalism, strengthen accountability, and return rules-based governance to state government. By modernizing oversight and reinforcing legislative accountability, we can reverse institutional decline and rebuild a public service that delivers for every Arizonan. Government reform motivated me to run for office, but my campaign is about more. As a Clean Elections Candidate, I will work to remove corporate money and influence from political campaigns. Arizona's initiative, referendum, and recall processes, along with vote by mail, are cornerstones of our democracy; they must be protected, and expanded in ways that meet today's voters. Above all, as an independent, I am committed to effectively representing Central Phoenix as State Senator for LD5. If you are in this district, I want to hear from you. Please visit my website and share the issues that matter most to you.

She believes school choice must include quality public schools in every part of Arizona and that all schools using taxpayer dollars must be held to the same standards of accountability. She is a runner and attended UCLA on a track scholarship. She now works part-time as a caregiver, and her current client is her 92-year-old former running coach.

Statement: I was first elected to the State Senate in 2020 and served two terms. I have a record of supporting reproductive rights, gun safety, voter protection, clean air, safe water, and education. I originally ran for office because I knew I could be a voice for public-school students, teachers, and staff. As a former English teacher with as many as 44 students in a class, I know what it means to be underfunded and understaffed—and I still do; my teaching experiences guided my work as a member of the Education Committee. I also served on the Transportation Committee where I advocated for public transit and investments in transportation infrastructure. One party rule has stifled Arizona and harmed vulnerable populations. Too many good bills fail without a hearing and it is too easy for extreme legislation to pass with just partisan support. I was able to sponsor and pass a bill to legalize fentanyl testing strips after losing my youngest son to an accidental overdose, but there is more work to be done to mitigate the loss of life due to Arizona's drug crisis—and I will continue to focus on reducing access to fentanyl and other dangerous drugs.

Statement: I am not a politician, I am a Statesman. A "statesman" and a "politician" are both individuals involved in public affairs, but they are often distinguished by their motivations and perceived impact. A statesman is generally viewed as someone who prioritizes the long-term well-being and interests of their nation or community, often acting with integrity and statesmanship. In contrast, a politician is often perceived as someone primarily driven by personal ambition, electoral success, or party interests, potentially at the expense of broader public good. Here's a more detailed breakdown: Statesman: Focus: Long-term public good, national interests, and ethical principles. Actions: Guided by a sense of responsibility, integrity, and a desire to leave a positive legacy. Perception: Often viewed with respect and admiration for their wisdom and leadership. Example: Figures like George Washington are often cited as examples of statesmen. Politician: Focus: Electoral success, party loyalty, and personal advancement. Actions: May prioritize short-term gains, compromise on principles for political expediency, or engage in tactics that are seen as self-serving. Perception: Can be viewed with skepticism or distrust, particularly if their actions are perceived as opportunistic or self-serving. In essence, while both statesmen and politicians operate within the same sphere of public life, the distinction lies in their motivations, priorities, and the perceived impact of actions.

After nine months of coalition advocacy, he pushed the city to cancel its Flock Safety surveillance contract. That's the kind of work he brings to the legislature. Arizona is being sold to the tech industry. AI data centers are draining our water, straining our grid, and being waved through with little public input. Brendan will fight for a statewide moratorium and people-centered regulations that put communities before corporations. His other priorities are straightforward: collective bargaining for all, full funding for public schools, strong privacy protections, and a democracy free from dark money. Brendan answers only to the people of LD6. At 25 years old, he's part of a generation that grew up watching institutions fail and decided to do something about it.

Michiel "Mike" Montiel

Biography: Mike Montiel is a fourth-generation Arizonan, member of the Pascua Yaqui Tribe, Army combat veteran, father, small business owner, educator, and community leader running for the Arizona State Senate in Legislative District 7. Raised in Superior by a single mother, Mike's life has been shaped by service, resilience, and a commitment to helping others. Statement: I would be the kind of Senator who leads by listening, works across differences, and never forgets that public office is a responsibility—not a privilege. As an Army combat veteran, father, educator, small business owner, and lifelong community volunteer, I have learned that the best leaders show up, keep their word, and focus on solving problems rather than creating them. I believe every constituent deserves to be heard, treated with respect, and represented with honesty and transparency, regardless of political affiliation. My priorities would be building a stronger Arizona by improving affordability, expanding access to quality healthcare, strengthening public education, supporting veterans, protecting our water resources, and creating economic opportunities that allow families and small businesses to thrive. I would approach every decision with an open mind, guided by facts, fiscal responsibility, and the long-term interests of our communities. Above all, I would measure my success not by headlines or rhetoric, but by the positive impact my work has on the people I serve.

Richard Grayson

Party: Green

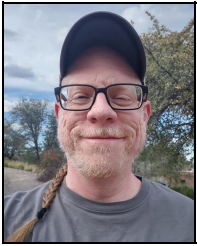

Funding: Traditional

Website:

Biography: Richard Grayson, 75, lives with his 100-year-old father in Apache Junction and has worked at Central Arizona College since 2016. From 1975 to 2015, he taught English at Long Island University, Fordham University, City University of New York, Florida Atlantic University, and ASU. He earned his law degree from the University of Florida, where he later became a staff attorney at the Center for Governmental Responsibility. He taught constitutional history at Nova

Southeastern University and served as Director of Academic Resources at its law school. A political activist since the late 1960s, he is the author of a dozen books.

Statement: I have been active in Democratic politics since 1964, when at 13 I handed out leaflets on a street corner near my Brooklyn home reading "Get on the Johnson, Humphrey, Kennedy Team" – strategically linking Bobby Kennedy's high-profile, out-of-state Senate bid to the popular Johnson-Humphrey ticket. This year I'm asking LD7 Democratic voters to look past my pro forma Green Party designation, because I am a member of the "Hobbs, Fontes, Mayes, Mike Montiel, Sam Martin, et al. Democratic Team." Between 1994 and 2004, I ran as a write-in candidate against three Republican U.S. House members from Florida when no Democrat was on the ballot, and did the same against unopposed Arizona Rep. Paul Gosar in 2022. In 2014, I was the Democratic nominee for Wyoming's lone Congressional seat and won Teton County when the nominees for governor and senator were losing it. I am anti-Trump, anti-MAGA, and antiwar. I took part in local No Kings and ICE-Out demonstrations, and worked in the campaigns of George McGovern, Bill Clinton, John Kerry, Barack Obama, and other Democrats. In the highly unlikely event a progressive like me is elected to the Arizona legislature, I would, of course, join the Democratic majority caucus.

Biography: Sam Martin is a lifelong Arizonan, raised in Yuma by a public school teacher and a deputy city clerk. With more than 20 years of experience solving problems in technology, healthcare, and agriculture, Sam is an expert communicator with proven integrity who will bring fairness and democracy to the Legislature.

Statement: This year, it's important to make the right choice for legislator. I'm the right choice for LD7: I know the real pitfalls and potential of technologies like social media and AI - my opponents will believe any salesman who walks in the door. I will ensure healthcare access for every Arizonan - my opponents will let you die in a gutter. I know the value of good public schools because I went to them - my opponents will never do anything for public education but tear it down. I am the only candidate who will stand up the the corruption, cruelty, and chaos coming from Washington DC. The choice is clear - vote for Sam!

An ASU Senior Global Futures Scientist, she has worked with communities, nonprofits, and researchers to develop practical climate solutions and directed the Stardust Center for Affordable Homes and the Family.

Lauren served two terms on the Tempe City Council, including two years as vice mayor, where she championed campaign finance reform and government accountability. Lauren and her husband Mike raised two daughters in Tempe and enjoy spending time with their two grandchildren.

Statement: State Senator Lauren Kuby has spent her life standing up for Arizona families and the values that strengthen our communities. Throughout her career, she has championed fully funded public education, affordable housing, voting rights, climate solutions, and protections for LGBTQ+ people and working families. Lauren's advocacy for people over corporate interests earned her Progress Arizona's "Rookie of the Year" award alongside numerous accolades from groups like Sierra Club. Lauren believes public service should put people first. That's why she refuses campaign contributions from registered lobbyists, corporate PACs, utilities, and developers. She answers to the people she represents in Tempe, Scottsdale, Mesa, Phoenix, and the Salt River Pima-Maricopa Indian Community—not wealthy special interests. Lauren will continue fighting to:

Bill Loughrige

Party: Republican **Funding:** Traditional **Website:** bill4ld8.com

Biography: Bill Loughrige is a native of Tempe. Both his father and mother's family arrived in Tempe in 1934. His parents met in 1938 at a picnic at Canyon Lake. Bill graduated from ASU and both Bill & his parents attended TUHS. Bill spent 8 ½ years as a Phoenix Police Patrolman and 26 ½ years as a Special Agent Fraud Investigator for the United States Customs service. He was widowed in 2017, his wife Millie taught PE at Mohave Middle School in Scottsdale & was at Tempe's Connolly Middle school for 25 years. The website bill4ld8.com has Bills complete resume.

Statement: I believe we must elect leaders who will use common sense when voting to create laws that protect us rather than restrict us. We must protect women's sports from male competitors, men in women's dressing rooms, our sovereignty and the need to have substantive, calm, open, debate on important issues that affect our everyday life. Incumbent Democrat, Lauren Kuby supports the radical national Democrat agenda that would change basic tenets of our government and culture. Democrat politicians present themselves as moderate, but their allegiance to the socialistic national party is anti- capitalist, anti-democratic and anti-American, and one that rejects individualism for the "warmth of collectivism". This includes rank choice primaries resulting in one party rule, they call for the defunding of police, abolishing ICE, implementing cashless bail, open borders, allowing males in female changing areas even where children are present, allowing men to compete in women's sports and attacking our 2 nd Amendment rights. Democrats support immigration policies that negatively impact wages, education, medical benefits and housing, and sanctuary policies that impact safety in our communities. They reject other common-sense initiatives like school choice, voter ID laws and elimination of fraud and abuse in government managed programs. See bill4ld8.com

In addition, she was selected to serve on the Western Energy Caucus representing Arizona among ten western states to focus on critical energy and wildfire policy. Finally, in August Rep. Donald Hawker

Party: Republican **Funding:** Traditional **Website:** rightright.wordpress.com

Biography: In addition to the technical bio of the primary pamphlet, here is "political" bio... In my youth, I was a Democrat. Somewhere in my early 40s I slipped through the cracks of the secrecy regarding the nature of pre-born humanity and abortion. Not having previously given much thought to the issue, I eventually discovered the respective positions of the parties and changed to Republican. I am now thoroughly Republican. Our Republican candidacies provide

opportunity for those in legislative district 8 who appreciate the U.S. and Arizona heritage to have a voice and vote in the legislature. Thank you for consideration.

Statement: This is an office of lawmaking. But the Democrat party defines fantasy over our legal processes as the model for human relationships. So, if one thinks they are the sex opposite from their biology, that trumps the rule of law. If a "migrant" comes here illegally, we need to put his (and the Democrat party's) desires over prudent, life and nation securing immigration law. If a conceived baby is unwanted, (s)he may be redefined as a blob of tissue and legally dismembered. While it saddens me to witness widespread embracing of this moral relativity, it's not surprising that its spiritual emptiness manifests in organizing to achieve power. But most disquieting to me are those Catholics who, although Democrat dedication to sins crying out to Heaven for vengeance totally contradicts their professed church's teaching about salvation, comprise over 20% of the Democrat party. It's not just cooperating in the sins by condoning, but enabling the perpetrating party to impose them on society, seriously jeopardizing one's own and everyone's favorable temporal and eternal outcome. Vote "progressive"? We have founding mottos: "in God we trust" and "God provides". Let's not "progress" from responsible faith to a mad mad mad mad Democrat world.

Statement: I'm running for the Arizona Senate to bring common sense, bipartisan solutions to the big issues impacting Arizona families. As your State Senator, I will work to secure Arizona's water future, make homeownership more affordable for the generations coming up behind us, invest in our aging infrastructure, work with our universities on innovative ways to close the doctor and nursing shortages across the state and ensure every Arizonan can access quality healthcare. I intend to focus on solutions that benefit all Arizonans and set our state up for long-term success. We need a strong economy, safe neighborhoods, high-quality schools while also being fiscally responsible for taxpayers. You can also count on me to bring civility and integrity to the Arizona Capitol. I was raised with the discipline of civic-minded educators and a family rooted in public service including relatives in the U.S. Air Force, U.S. Navy, and the Chicago Police and Fire Departments. Kiana Maria Sears

Biography: Senator Kiana Maria Sears is the daughter of a Vietnam Veteran and Municipal Water Worker. Sears served 8 years on the Mesa Public Schools Governing Board and as the Executive Utility Regulatory Consultant for the Arizona Corporation Commission. She is a tireless champion for clean, affordable energy. Senator Sears is a 30+ year resident of Mesa and an active ASU alumna, where she also serves as a Professor of Practice. Senator Sears wants

Arizonans to live well, which means having access to nutritious food, clean air and water, affordable housing, quality healthcare, childcare and well-funded public schools.

Statement: My faith directs me to lead with love and drives my ability to work with all members of the Legislature. My life's ethos is, "To whom much is given, much is required" (Luke 12:48). This ethos reminds me that the freedoms we enjoy were paid for by service members like my dad; serving my constituents is the least I can do to say thank you. My record of service demonstrates that I listen to my community and take action. This session, I secured \$60 million for education, more services for homeless youth, \$2 million in fresh produce for needy families, \$2 million for meals and essential services for the elderly, and \$2 million for the Arts Commission, which benefits all Arizonans. Lastly, I am championing bipartisan legislation for traditional and charter schools to inform students of the Free Application for Federal Student Aid (FAFSA) for post-secondary learning opportunities including trade and vocational schools, certifications, community colleges and universities. Less than half of Arizona's high school graduates have applied for FAFSA funds in the last two years. This legislation seeks to increase the number of Arizona youth accessing career and academic opportunities after high school.

Statement: As a fifth-generation Arizonan, Mesa native, and former educator, my connection to this community is personal. My Nana and Tata, who owned a local grocery store in the Washington/Escobedo Park neighborhood, were community advocates who exemplified the importance of community service. My father's work as a civil rights attorney and my mother's work as a teacher and social worker taught me to value diverse perspectives and inspired me to run for office. I graduated from Mesa Community College with an AA in Sociology, and Arizona State University with a degree in U.S. and Mexico Regional Immigration Policy and Economy. As your Representative, I'm proud to have secured over 40 million dollars in tuition assistance through the Arizona Promise Program and funding for childcare assistance and our local food banks. I sit on the Appropriations and Public Safety committees and am the Ranking Member on the International Trade committee. When re-elected, I will continue to champion public education, affordable housing, and water conservation. Amidst ongoing challenges from the Federal Government, my dedication to serving and safeguarding our community remains steadfast, and I am eager to continue working for all Arizonans.

Biography: Brad Bettencourt is a small business owner and community leader in Mesa. He graduated from Arizona State University with Bachelor's and Master's degrees. The prestigious Sun Devil 100 honored Brad's business, alongside other successful alumni, both on campus and on the football field. As a small business owner, I understand the importance of accountability and delivering real results. I also serve as the volunteer President of Dobson Ranch. I ran for the HOA board not because I am a fan of HOAs, but because there were serious issues that needed to be fixed, especially financially. In 2024, our board delivered a \$400,000+ surplus, the first strong financial turnaround in years. These experiences reflect how I lead, with a focus on accountability, sound decision-making, and measurable outcomes. I will work with anyone willing to put results ahead of political posturing and do what is right for our community. It would be an honor to bring my spirit of problem-solving as your State Representative and to promote the needs and priorities of my home district.

Biography: Jacob Martinez is a lifelong Mesa resident and dedicated community advocate running to represent LD9 in the Arizona State House. Statement: I have lived in Mesa my entire life, and have always been dedicated to serving my community. Coming from a working-class family, I know how important a strong public education system and opportunities for economic mobility are to the people in my community, as they have been for me. Over the last few years, the state legislature has drained funding to our public schools and critical social services, all while pushing a politicized agenda and allowing corporations to drive up the cost of housing, healthcare, and utilities in our state. I'm running to help build an Arizona that works for all of us, not just a few. An Arizona that we can all afford. I believe LD9 deserves a representative who listens, shows up, and works every day to deliver real results.

CANDIDATES FOR STATE REPRESENTATIVE - DISTRICT 10

Justin Olson

Party: Republican **Funding:** Traditional **Website:** votejustinolson.com

Biography: Justin Olson served in the Arizona House of Representatives from 2011 to 2017 and on the Corporation Commission from 2017 to 2023. In 2024, he was elected to represent East Mesa again in the State House of Representatives where he continues to champion conservative legislation. In addition to his public service, Justin has also served as the CFO of Turning Point USA since 2019. Justin holds an MBA in finance from Arizona State University. He and his wife, Karyn, both were born and raised in Mesa where they are currently raising their nine children.

Statement: In this race, I am the candidate with a proven conservative record. My successful legislation cut taxes, balanced the budget, eliminated job killing bureaucratic red tape, defunded Planned Parenthood and Obamacare in Arizona, expanded school choice, and funded public safety. I earned an A+ rating from the NRA, "Champion of the Taxpayer" from the Arizona Republican Party, "Friend of the Family" from the Arizona Family Project, "Legislator of the Year" from the National Federation of Independent Businesses, and "Free Market Champion of the Year" by The Arizona Free Enterprise Club. When I left the Legislature in 2017, we had passed the first structurally balanced budget the state had seen in years and Forbes Magazine ranked Arizona #1 nationally for projected job growth. In 2018, I was elected to the Arizona Corporation Commission. I fought against the Arizona Green New Deal, protected Arizona ratepayers and advanced free markets. As CFO of Turning Point USA, I am in the trenches fighting the good fight to save our country. With your support, I will continue these important efforts of advancing freedom, faith, and family, and standing up for common sense conservative principles like secure borders, the rule-of-law, the second amendment, and the right-to-life.

James Rogers

Party: Republican **Funding:** Traditional **Website:** jamesrogersaz.com

Biography: James Rogers is a sixth-generation Arizonan, a father of four, and a constitutional attorney with degrees from Harvard Law School and the University of Cambridge. He has fought and won cases that matter to Arizona families. He kept Biden's federal vaccine mandate out of Arizona, sued Mesa Public Schools for hiding students' gender transitions from their parents, litigated important election integrity cases, and sued to fight the Biden Administration's open-border policies. He has also helped draft legislation at the Arizona Legislature, including Proposition 314, the Secure the Border Act, along with bills on parental rights and property rights protections.

Statement: Do you want to go the way of California and Colorado, former red states that are now permanently blue? Or do you want to go the way of Florida, a purple state that is now solidly red? This election will decide which path Arizona takes. I am running for the Arizona House because I have the skills, experience, and backbone to help make Arizona permanently red. My priorities are straightforward: making it affordable for young Arizonans to start families; fixing our election laws; protecting children in our schools from radical gender ideology; standing fearlessly for the unborn; fighting illegal immigration; and protecting our Second Amendment rights. On elections, Arizona deserves what Florida has: fast, accurate, and trustworthy results. As an election integrity lawyer who has litigated these issues and has already drafted bills for the Legislature, I will be the only Representative with the specialized knowledge of election law to craft the reforms we need. Representative Justin Olson and I are running together as a slate in LD10. Arizona's future is not predetermined. It will be decided by the citizens of districts like LD10, and by the representatives they send to the Capitol. I would be honored to be yours.

Statement: I'm running for State House of Representatives because too many people in our community are doing everything right and still falling behind. The cost of living keeps rising, small businesses are under pressure, and confidence in our institutions is breaking down. I'm not a career politician. I've spent over two decades working with local businesses, helping them grow, hire, and navigate real challenges. I've seen firsthand where policy works and where it doesn't. My focus is simple: make Arizona more affordable, strengthen education, and support small businesses. That means practical solutions including expanding workforce and housing pipelines, improving accountability in education spending, and making it easier for entrepreneurs to access capital and grow. I'm running as an independent because I believe our state needs leadership that prioritizes people over politics. We don't have to choose between parties. We can choose common sense, transparency, and results. Arizona is full of hardworking people who want a fair shot and a stable future for their families. They deserve leaders who listen, who tell the truth, and who are willing to do the work.

Laveen Baptist Church. I am passionate about serving our community and helping bring solutions to our needs.

Statement: I thank God for living most of my life in Arizona and seeing the growth throughout the years. Arizona has potential and District 11 can lead the way. Unfortunately, the increase in crime rate, the lack of securing our border and the distribution of Fentanyl is hurting our district and our State. Our streets are not safe and there's a lack of police presence due to the low officer-to-community ratio. School Choice and opportunities to help families through Empowerment Scholarship Accounts, need to be preserved. As your elected official I will represent our district and not a political party agenda. As your elected official I will act in serving the people by working together in a bipartisan manner and compromise for what's best for our district and our state. Biography: Anthony Ramirez is an Arizona attorney, licensed private investigator, and founder of Abogado Más Chingón, a Phoenix law firm built on one mission: helping ordinary people stand up to powerful interests. Statement: I'm running for the Arizona State Senate because Arizona needs problem-solvers, not more partisan fighting. Families are paying more for groceries, housing, healthcare, and utilities, while politicians spend their time blaming each other. I am an attorney, private investigator, and former police officer. I have spent my career examining the facts, standing up to powerful interests, protecting constitutional rights, and solving difficult problems. I did not spend my life learning how to win elections. I spent it learning how to get results. As an Independent, I will not answer to party leadership or allow political pressure to control my decisions. I will work with anyone who brings forward a good idea and oppose anyone who puts party interests ahead of Arizona. I will also work to give independent and unaffiliated voters fair access and a meaningful voice in our elections. I'm not running a blame campaign. I'm running a results-driven campaign. Through decades of humanitarian work locally and overseas, developing medical devices to reduce pain, creating tools for cancer

research and treatments, and serving in my local church, I have committed my time and career to helping others. I will continue to do so at the State Legislature.

Statement: Education changed my life and now my children will never know poverty the way I did. As we navigate this new AI revolution, education has never been more important. I am committed to ensuring every Arizona child has access to high-quality education that prepares them for the future. As a business owner, I know exactly what it takes to create jobs and how government can make it easier (or harder) for employers to pay people more and grow. As an engineer and scientist, I have the practical experience needed to address complex issues around power reliability and water security in our state. We deserve leaders who will rally around our shared values and move to unite us rather than divide us, who think with a long-term mindset, and who don't just criticize to score political points but rather who innovate to solve them. I don't want to be a career politician. I want to help my community and then return home to enjoy my family.

CANDIDATES FOR STATE REPRESENTATIVE - DISTRICT 12

Stacey Travers

Party: Democratic **Funding:** Traditional **Website:** www.traversforaz.com

Biography: I was born in the birthplace of democracy, Athens, Greece, to a U.S. military father and Greek mother. A family with a history of military service, I served our country proudly as a Russian Intel Op in the U.S. Army. I earned my BS in Geology from U of A. I met my husband John, a small business owner in the UK. Back in the U.S., I became an advocate for homeless and disabled veterans, a cause I am still deeply committed to. I have two girls and love raising

them in AZ a state prides itself on fierce independence, love of country, and strong sense of community.

Statement: Four years ago, I wrote that we need a common-sense approach to governing, to focus more on issues that bring us together, less on what divides us, and to meet the needs of all Arizonans by coming together. I have kept my word. In four sessions, I've fought for families, public education, homeowners, veterans, Arizona's water future and Democracy (our constitutional republic) . I'm proof that you can work in a bi-partisan manner and still hold on to your values. I believe I have represented the will of our community with trust, honesty, integrity and transparency. While I won't promise I'll be as successful in my next term, I will promise that I'll continue to build relationships where I can and continue to think about the legacy we are leaving our children. I still see their world of opportunity getting smaller: their access to quality education, making their own family planning and healthcare decisions, the environment they will inherit, and whether they will have a voice in their democracy. But we're making progress where we can, and stopping bad bills so we don't go backwards. I'm still in this fight for their future, and I'm still in it for yours, too.

CANDIDATES FOR STATE SENATOR - DISTRICT 13

Kristie O'Brien

Party: Democratic **Funding:** Traditional **Website:** www.kristieforaz.com

Biography: Kristie O'Brien, the daughter of a social worker and granddaughter of a police officer and volunteer firefighter, grew up in Chandler with a deep appreciation for community and public service. She is a lawyer, mediator and mom to twins who has spent her career bringing people together and helping opposing sides find common ground. Her undergraduate degree is in international relations from Trinity Washington University and her

graduate degree is from Johns Hopkins SAIS with a focus on counterterrorism and human trafficking. Kristie's legal experience includes civil litigation, intellectual property, international criminal law, and over a decade of protecting elections.

Statement: I want a brighter future for our district. Having worked with Democrats and Republicans in the U.S. Senate on bipartisan clean water and clean air legislation, I know what it takes to get a bill passed. Throughout my career, I have partnered with local and federal law enforcement on public safety issues. But becoming a mom is what I am most proud of. Nearly a decade ago, I delivered my twins at 32 weeks. They spent 43 days in the NICU and I saw firsthand how medical costs can threaten a family's future. The reality is most Arizona families are one medical emergency away from financial ruin and it's one of the reasons why I am running. I am running to tackle Arizona's affordability crisis by taking on the big corporations that are taking advantage of us. I will fight against price gouging to lower the price of groceries, healthcare, utilities, and housing while funding our public schools, protecting our vital water resources, and delivering bipartisan leadership that makes life better for Chandler, Gilbert, and Sun Lakes. It would be an honor to serve you and put people over special interests. I humbly ask for your vote this November!

Julie Willoughby

Party: Republican **Funding:** Traditional **Website:** www.juliewilloughby.org

Biography: Julie Willoughby is a Christian, nurse, mother, and Arizona state legislator serving House District 13. Before entering public office, she built her career caring for patients and advocating them. As a registered nurse, Julie brings real-world medical experience to policymaking, focusing on practical solutions that strengthen Arizona and support Arizona families. In the legislature, she serves as House Majority Whip, working to advance policies that

promote strong communities, responsible government, and opportunities for the next generation. Julie is passionate about service—whether at a patient's bedside, in the community, or at the Arizona Capitol.

Statement: As a proud ASU graduate and long-time Arizonan, I've built my life here with my husband and children, and what happens in our state matters deeply to me. As Majority Whip in the Arizona House, I've delivered real results: historic tax relief for working families, including more than \$1.4 billion in savings and a stronger Child Tax Credit, strengthening public safety, and making smart investments in education and health care. I've led efforts to protect children and families by passing laws to combat fentanyl trafficking, crack down on online exploitation, expand maternal mental health support, and protect children from harmful content online. I've also worked to lower costs, support veterans, and improve access to quality health care across Arizona, including in rural communities. My record has earned endorsements from the Arizona Nurses Association, the Arizona Chamber of Commerce, Arizona's public safety community, and many others. My time as a lawmaker is solely focused on delivering results for Arizona families, and I want to continue that work for you in the Arizona Senate. I would be honored to have your vote.

CANDIDATES FOR STATE REPRESENTATIVE - DISTRICT 13

Racquel "Rockee" Armstrong

Party: Democratic **Funding:** Traditional **Website:** www.rockee4az.com

Biography: Dr. Racquel "Rockee" Armstrong is an educator who has dedicated her career to serving students, families, and protecting public education. She holds a BA from Wellesley College, an MSED from University of Pennsylvania, an MBA from Ohio State Fisher College of Business, and a PhD from Ohio State. As a cancer survivor, Rockee knows firsthand how critical access to affordable, quality health care can be and is committed to protecting it for every

family. Rockee's career has focused on education, leadership development, and public service. A resident of Chandler, she will now bring that resilience and fight to the legislature.

Statement: I am running for State Representative in Legislative District 13 to ensure that Chandler, Sun Lakes, and Gilbert remain great places to live and work. The cost of living has gotten out of control; people can't even think of owning a home anymore, utility companies are getting tax subsidies, while electricity costs are skyrocketing. I will work with Democrats and Republicans to rein in utility companies to stop passing higher costs on to Arizonans, prioritize policies that address the rising cost of living, and crack down on rampant fraud and abuse to fight for better education for Arizona students. I will bring a practical, transparent, and community-focused approach to the legislature so that our district continues to thrive for current residents and future generations. As a former public school teacher, school administrator, and current professional at Arizona State University, I have dedicated my career to strengthening education and expanding opportunity for families. I understand firsthand the challenges our schools face and the need to stop the waste, fraud, and abuse in our educational voucher system.

Kevin Hartke

Party: Republican **Funding:** Traditional **Website:** www.kevinhartke.com

Biography: Mayor Kevin Hartke has lived in Chandler for 41 years. He has over 16 years in service as Mayor, Vice Mayor and Councilmember. He has served as a Pastor in Chandler for 40 years at Trinity Christian Fellowship. Currently he also serves on the Maricopa Association of Governments Exec Committee (past chair), Arizona League of Cities and Towns (current president), Arizona Commerce Authority, Greater Phoenix Economic Council, Chandler

Chamber of Commerce Exec Board, Chandler Sister Cities Committee and For Our City Chandler Board. Kevin has been married for 44 years to Lynne. They have four children and four grandchildren.

Statement: I'm running for the Arizona House to solve problems. I know that may sound cliché but unlike most first-time candidates for the Legislature, I have a record of doing just that. For the last eight years, I've been serving as the Mayor of Chandler. Under my leadership, Chandler is considered one of the best run cities in the Valley. We've passed fiscally conservative budgets, paid down the cities pension obligations, fully funded and staffed our police, and lowered property tax rates every year. This success isn't mine alone but the result of a bipartisan council working together to deliver efficient services and a high quality of life. I will bring that same collaborative approach to the Legislature. Arizona's biggest issues aren't going to be solved by partisan fighting. We need to lower costs, improve public education, secure our water future, and expand the American Dream. I've been an active leader in my community for 40+ years. I've always believed our responsibility is to be focused on the Arizona we leave to future generations, so our children and grandchildren inherit a state of possibility.

Jacob Weinberg

Party: Democratic **Funding:** Traditional **Website:** www.electweinberg.com

Biography: Jacob Weinberg is a successful businessman and veteran. He was commissioned into the US Army after the September 11th terrorist attacks and served in the 82nd Airborne Division as a Ranger-qualified, expert infantryman, and combat veteran of the Iraq War. Jacob built a career as a CPA, bringing accountability and oversight to businesses. He's been serving in the National Guard for 17 years and holds the rank of Lieutenant Colonel. Running to bring

accountability to Arizona, he'll work with local law enforcement and first responders to protect communities and safeguard taxpayer dollars so the budget prioritizes Arizonans, not lobbyists.

Statement: Throughout my career, I have focused on service, problem-solving, and helping people succeed. My experiences in the military, the private sector, and in veteran advocacy have shown me the challenges facing Arizona families, from rising costs to ensuring we have water for decades to come, to access to quality healthcare and ensuring veterans receive the support they have earned. I want to dedicate my time at the legislature to serving my community, protecting Arizonans, and cutting out fraud, waste, and abuse from the state budget so taxpayer dollars are used properly. I am not a politician. I'm a U.S. Army combat veteran and a small business owner who has spent more than two decades leading teams and serving others. I was an auditor for 15 years and am now the Chief Financial Officer of an Arizona-based technology solutions company. I understand the importance of strong leadership, fiscal responsibility, and creating opportunities for Arizona families. I will fight relentlessly for what our community needs.

Janet Weninger

Party: Republican **Funding:** Traditional **Website:** www.janetweninger.com

Biography: Janet Weninger has called Arizona home since 1996 and built her life in the East Valley with her husband, Jeff. Together, they raised three children in Chandler while operating local restaurants serving the community for years. Janet remains active in volunteer community efforts and has spent years working with organizations focused on protecting vulnerable

children and strengthening families. Her work reflects a steady commitment to public service. Janet Weninger is a strong advocate for the families and community of Legislative District 13.

Statement: I am running to represent Legislative District 13 because strong families and safe communities are what make our district special. As a mother, business owner, and longtime advocate for children, I have seen the challenges families face and the importance of leadership focused on real issues. For nearly two decades, I have worked with organizations dedicated to protecting children from abuse, trafficking, and neglect. I have partnered with community leaders and state agencies to support foster children and improve outcomes for children entering the system. My experience has shaped my understanding of where support is needed and how state leaders can better serve families. Running a small business has also given me insight into what it takes to keep our economy strong. I understand the pressures facing local employers and the need for policies supporting growth, stability, and opportunity - and what it takes to lower our cost of living and improve affordability. As a mom, I know the importance of great schools and parental choice in education. At the Capitol, I will protect children, support families, strengthen our community, and keep government focused on the people it serves. Please visit www.janetweninger.com for more information.

CANDIDATES FOR STATE SENATOR - DISTRICT 14

Mylie Biggs

Party: Republican **Funding:** Traditional **Website:** www.myliebiggsforaz.com

Biography: Mylie was born and raised in Arizona's East Valley, where she was instilled with a deep respect for the Constitution, this nation, and faith in Christ. After her first year of college, she served an 18-month religious mission in Brazil and Utah. She graduated from the University of Arizona in 2024 with a degree in Political Science and a minor in Portuguese. Mylie has worked on multiple congressional campaigns, as well as in roles at Turning Point Action and

the Arizona Free Enterprise Club. She is passionate about small government and restoring American values to Arizona.

Statement: I decided to run for the Arizona State Senate because I saw a need for more conservative fighters who will stand up for the values I believe in so strongly. That includes restoring affordability to Arizona by lowering taxes, reducing regulations, and rooting out duplicative or wasteful state programs and agencies. I hope that by easing the burdens on taxpayers, everyone will thrive, but especially those in my generation and future generations, enabling them to afford homes and remain in this beautiful state. I am teaming up with great conservatives Laurin Hendrix and Tyler Farnsworth who are running for the State House. Together, we will work to keep Legislative District 14 one of the best places to live by supporting small businesses and single-family home construction. Government should be small; at every level, federal, state, and local, it has become a burdensome intervenor in our lives. I hope to reduce its influence as much as possible if elected. I love this state and district. This is my home, and I will work hard with Hendrix and Farnsworth to make it the freest state in the nation.

Stephanie Walsh

Party: Democratic **Funding:** Traditional **Website:** www.walshforarizona.com

Biography: Stephanie Walsh is a mechanical engineer, experienced business owner, wife, and mother of two young adults. With a career rooted in energy research, she has spent decades solving problems in energy, business, and technology. Her current nonprofit work focuses on supporting responsible energy production and the long-term economic health of the West.

Stephanie brings a steady, practical, and solutions-driven approach to public service. She believes balanced, forward-looking decisions today will strengthen Arizona's future and ensure lasting opportunities for families across the state.

Statement: I am running for the Arizona State Senate to bring thoughtful, solutions-focused leadership to the Legislature. As an engineer and former small business owner, I understand the importance of strong businesses, jobs that support Arizona families, and an educated workforce. Arizona needs practical problem-solvers who can bridge divides, work collaboratively, and stay focused on what matters to our communities. Today, our state is facing growing demands for energy and water, along with new pressures from emerging technologies like artificial intelligence. These challenges affect every Arizonan, our economy, our infrastructure, and our quality of life. I will work to strengthen Arizona's energy and water security, support responsible innovation, and ensure our policies keep pace with technological change. Arizona should lead with smart, balanced approaches that protect public resources while supporting economic growth and healthy communities. Looking ahead, the next generation deserves strong schools, good jobs, and a stable future here at home. That requires supporting educational excellence, strengthening our workforce, and making home ownership more attainable. The decisions we make today will shape opportunities for Arizonans for decades to come.

CANDIDATES FOR STATE REPRESENTATIVE - DISTRICT 14

Tyler Andrew Farnsworth

Party: Republican **Funding:** Traditional **Website:** www.vote-farnsworth.com

Biography: Tyler Farnsworth is a lifelong Gilbert resident and seventh-generation Arizonan. He attended Gilbert High School, graduated from ASU, and founded his business here in the Arizona. He and his wife Chelsea are the proud parents of four boys. Tyler is an Eagle Scout who grew up hiking, camping, and exploring Arizona's outdoors, and loves spending free weekends at Snowbowl. He has served over ten years on the Maricopa County Fair board, championing

the agricultural roots that built Arizona. A lifelong Suns fan and a believer in his Savior Jesus Christ, Tyler is devoted to faith, family, and community.

Statement: I grew up in Gilbert, graduated from Gilbert High, and built my business right here in the East Valley. My wife Chelsea and I are raising our four boys in the same community that raised me. I didn't grow up dreaming of running for office. I grew up learning that when your community needs help, you step up. I'm running for the Arizona House of Representatives because I believe government should do less, do it well, and get out of the way. Too many families are getting squeezed by rising costs while government keeps growing. As a business owner, I know what accountability looks like, and I'll bring that to the legislature. My priorities are protecting taxpayers, defending school choice and parental rights, fighting for our water supply, and restoring confidence in our elections. Every vote I cast will be measured against one question: does this protect individual liberties? I'm running with Mylie Biggs for Senate and Laurin Hendrix for House. You get two House votes, so please vote Hendrix and Farnsworth. I humbly ask for your support.

Laurin Hendrix

Party: Republican **Funding:** Traditional **Website:**

Biography: Laurin has lived in Arizona for almost 40 years. He's been self-employed since graduating college and owned/managed a wide variety of successful businesses. On the family side of things, he has been blessed with eight children who attended Arizona public schools and are his greatest accomplishments in life. Laurin served on the Maricopa County Community College District Board, and on the Gilbert City Council. He enjoys backpacking, reading,

gardening, traveling, flying remote control airplanes, and hydroponic farming. He's a licensed private pilot and former merit badge counselor and Eagle Scout Review Board member for the Boy Scouts of America.

Statement: You elected me to the Legislature to make a positive difference, and I'm working every day to do just that. I've worked to pass strong border bills, legislation to clean up our elections and increase transparency in the process, bills to protect school choice and parental rights, improve health care and how insurance companies treat customers, protect girls' sports, restore our constitutional rights, put Term Limits on Congress, and so much more. I'm running with Mylie Biggs and Tyler Farnsworth because you deserve, and Arizona needs, legislators who will do what is right. You get TWO votes for State House, so please remember to vote for both Hendrix AND Farnsworth. Katie Hobbs brags about vetoing the successful policies that made Arizona #1 for jobs and today we're paying the price. Getting Arizona back on track means replacing "the Veto Queen" with a Governor who will put partisan games aside and do what is right for Arizona, and it means electing lawmakers who will do the same. Every vote matters, so please elect your team of Biggs, Hendrix and Farnsworth. THANK YOU! We won't let you down!

CANDIDATES FOR STATE REPRESENTATIVE - DISTRICT 14

Mary Rose

Party: Democratic **Funding:** Participating **Website:** maryrose4ld14.com

Biography: Mary Rose is a third-generation Arizonan who has called the East Valley home since 1984. Public service has shaped her family for generations. Her great-aunt was Arizona's first woman candidate for governor in 1950 and later served 25 years as State Auditor. Inspired by that example, Mary became politically active in high school while working on Governor Raul Castro's campaign and has remained engaged ever since through community service,

volunteering, canvassing, and supporting civic causes. During her career with Motorola, Honeywell, and General Dynamics, she developed extensive experience in budgeting, purchasing, contract negotiations, logistics, and responsible financial management.

Statement: After retiring, I found myself paying closer attention to the challenges facing Arizona families. I realized I could either watch from the sidelines or put a lifetime of experience to work helping solve problems. I chose to run because I believe government should help build stronger communities and not simply react to today's challenges. My priorities are clear: making housing and everyday life more affordable, protecting taxpayer dollars through transparent and accountable government, strengthening public education by supporting our teachers and ensuring ESA funds are transparent, accountable, and used responsibly, and safeguarding Arizona's long-term water future through responsible planning. I will represent the taxpayers, not lobbyists or corporate donors. I also believe our democracy is strongest when everyone has a voice. I want young voters to know their ideas matter and they can shape the policies that impact their lives because they'll inherit the Arizona we build today. I stand for the right to vote in a democratic system, the freedom to marry the person you love, and every individual's right to make their own healthcare decisions. Together, we can build an Arizona that's affordable, accountable, and full of opportunity for the next generation. Let's move forward together.

CANDIDATES FOR STATE SENATOR - DISTRICT 15

Jayme Accalia

Party: Democratic **Funding:** Traditional **Website:** www.AccaliaforArizona.com

Biography: Jayme Accalia is a native Arizonan and ASU graduate with a degree in Sustainable Food Systems. Raised in a hardworking family with roots in the skilled trades, she learned early the value of hard work and service. Her lifelong involvement in volunteer organizations, including earning the Presidential Volunteer Service Award, reflects that commitment. Today, she and her wife are raising three children while balancing work and family life, an experience that drives her to build a stronger future for working families across Arizona.

Statement: I'm running because the system isn't working for the people who are working the hardest. Across Arizona, families are doing everything right — working full-time, raising their kids, and contributing to their communities — yet still struggling just to get by. That's not how this is supposed to work. I've lived that reality. I've worked in retail and service jobs, and I know what it means to stretch every dollar and still come up short. My family faces those same challenges today. I believe in personal responsibility, but I also believe the system should work for people who are doing everything right. That means supporting working people, protecting the right to organize, and making sure a full-time job pays enough to live. It means respecting personal freedom, including the right to make your own healthcare decisions, and ensuring everyone is treated with dignity under the law. It also means supporting the Second Amendment while backing common-sense safety measures and access to mental health resources. My focus is on affordability, healthcare, and education — the foundation of a strong middle class. When those systems are working, families can move beyond survival and build a future.

Jake Hoffman

Party: Republican **Funding:** Traditional **Website:** www.JakeHoffman.com

Biography: Jake Hoffman is a Christian, husband, father of 6, businessman, Americans for Limited Government's 2021 National Legislator of the Year, founding chairman of the Arizona Freedom Caucus, and fierce defender of the Constitution. Jake currently serves in the Arizona Senate where he is the chairman of the Committees on Executive Nominations and Government, as well as, the vice chairman of the Committee on Appropriations. Prior to serving

in the Senate, Jake served in the Arizona House of Representatives, Queen Creek Town Council, and Higley School Board. Professionally, Jake is the CEO of multiple tech, marketing and political strategy-focused small businesses.

Statement: As the 2021 National Legislator of the Year, a 100% rated constitutional conservative legislator, a champion of the family and taxpayers, an A+ defender of the Second Amendment, and fierce advocate for the freedom, opportunity, and prosperity that exists in Arizona, you can have confidence that I will always fight for you. At the Capitol I have been hard at work to secure our elections, authoring legislation to ban the private funding of elections, prohibit the mass mailing of ballots to voters who didn't request it, and require proof of citizenship to vote. I've fought to keep registered sex offenders off of our school boards, and to protect children by prohibiting sexually explicit material from being used in our schools. I've stood up against the tyranny of an out of control government by protecting small businesses from rogue government agencies, reining in Arizona governments' use of mass surveillance technology, cutting taxes for every Arizonan, and passing the nation's most pro-school choice legislation in America. These victories for our state are only possible with your support. Thank you for the support over the years. I'm honored to serve you.

CANDIDATES FOR STATE REPRESENTATIVE - DISTRICT 15

Neal Carter

Party: Republican **Funding:** Traditional **Website:** www.nealcarterarizona.com

Biography: Neal Carter is a conservative Republican who believes in the values of the Constitution: faith, family and a free economy. A District 15 homeowner since 2010, he's married to his lovely wife, Katy, an Arizona native and Gilbert H.S. graduate. Neal and Katy are proud parents of three children. Neal volunteers locally with his church and adopts a segment of Hunt Highway. Neal's educational background includes degrees in literature and law. For work, he

runs an estate planning practice. Neal is honored to serve as your voice in the legislature, a position he considers to be a sacred trust.

Statement: Neal Carter is a constitutional conservative we can trust, with the voting record to prove it. Awarded "Conservative Excellence" from CPAC, Highest Scoring Republican from Republican Liberty Caucus, "Patriot" status from Turning Point... I'm fighting for the conservative principles of limited government, rule of law, and lower taxes. I'm fighting at the state legislature to secure the border and reduce spending. I'm running for reelection to defend the values of the Constitution: freedom of religion, freedom of conscience, freedom of speech, economic freedom, freedom to bear arms, etc. A smaller government means a freer nation. The proper role of government is to defend life, liberty and property, not to guarantee happiness. I'm running for reelection because over the past several years I have understood that our country is in crisis, beset by forces that intend to use the power of government to coerce ideologies on us. I'm known for standing up for what's right, and I prefer death over dishonor. Things I believe in include securing the border, defending school choice (parents raise children, not the government), defending life from conception to natural death because life has God-given dignity, fiscal responsibility, balanced budgets, and returning money to taxpayers.

Michael Way

Party: Republican **Funding:** Traditional **Website:** michaelwayforaz.com

Biography: Michael Way is a member of the Arizona House of Representatives, serving Legislative District 15. He is a husband, father of four, and business executive who believes in limited government and strong families. Michael holds a degree in Construction Management from Arizona State University, an MBA and Juris Doctor from the University of Wyoming, and has recently completed his graduate studies in Educational Assessment at the University of

Oxford. He has spent his career in the private sector and is committed to protecting constitutional rights, and ensuring Arizona remains a place of opportunity and freedom for future generations.

Statement: I ran for office to bring a real-world perspective to the Legislature and to stand up for Arizona families. As a husband, father, and business owner, I understand the challenges facing our communities and the importance of keeping government accountable. At the Capitol, I have focused on protecting parental rights, expanding school choice, securing our elections, and defending the constitutional freedoms that make Arizona strong. I believe parents, not bureaucrats, should be in charge of their children's education, and that our government must live within its means, just like Arizona families do. Arizona is one of the best places in the country to live, work, and raise a family. But maintaining that requires strong leadership and a commitment to conservative principles. I will continue to fight for lower taxes, responsible spending, public safety, and policies that promote economic growth and opportunity. I am grateful for the trust voters have placed in me and will continue working every day to represent Legislative District 15 with integrity and purpose.

CANDIDATES FOR STATE SENATOR - DISTRICT 16

Elaine Aldrete

Party: Democratic **Funding:** Traditional **Website:** aldrete4az.org

Biography: Elaine is a dedicated wife of a veteran, mom, grandmother, businesswoman, instructor, and community activist. In 2012, using her bachelor's degree and MBA along with her accounting experience, Elaine formed the nonprofit, Teaching Life Choices, Inc. (TLC). TLC donates books to elementary and middle schools. In 2019, TLC expanded by creating scholarships for low-income high school seniors to buy their college textbooks. Since 2023,

Elaine has helped lead Boxes of Hope (BOH) as its Treasurer. By taking abandoned shipping containers from the Arizona border wall, BOH converts them into affordable homes for seniors, veterans, teachers, and people of all walks of life. Since 2024, Elaine has served on the Governing Board of the Drexel Heights Fire District.

Statement: I'm Elaine Aldrete. I'm running because we are in an affordability crisis. Everything from groceries and housing to healthcare is out of control. Arizonans are increasingly vulnerable to both economic pressures from rising utility bills and housing costs and health risks from extreme heat, opioid-related illness, and strained healthcare systems. Just like the military, none of these issues chooses a political party. Addressing these challenges will require coordinated action from a bipartisan legislature. I'm ready to work across the aisle with those individuals who have the best ideas to build an Arizona that we can all afford and be proud to call home. My experience in building nonprofit organizations positions me perfectly to fill the responsibilities of this State Senate seat.

Thomas "T.J." Shope

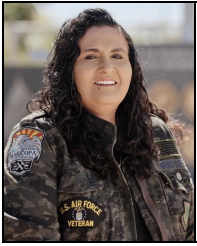

Party: Republican **Funding:** Traditional **Website:** tjshope.com

Biography: Born and raised in Coolidge, T.J. Shope has a diverse family background rooted in community. His family shaped his work ethic and philosophy. While one grandparent worked as a miner and was a member of the United Steelworkers, T.J.'s other grandfather owned and operated an independent grocery store for sixty-five years in Coolidge, where T.J. learned firsthand the importance of small businesses. T.J. has been recognized by dozens of local

organizations for his accomplishments at the Capitol. T.J. serves as President Pro Tempore and lives in Coolidge with his wife, Melissa, and dog, Cali

Statement: This election is important for Arizona's future. As your State Senator, I am working to support Arizona businesses, keep our neighborhoods safe, lower costs, and protect our shared priorities. I have sponsored legislation to give law enforcement the tools and funding needed to keep our communities safe, including stronger penalties for drug cartels and human traffickers. We have worked to create an economic environment that attracts new businesses, helps existing businesses expand, and supports entrepreneurs. We have responsibly invested in our schools while protecting educational options and ensuring parents have a strong voice in their children's education. From protecting our water and balancing the state budget, to investing in I-10 widening and State Route 347 improvements, I will keep fighting for commonsense reforms at the State Capitol. For the last two sessions, I have championed legislation to increase transparency and accountability to ensure our tax dollars are spent wisely and elected officials are held accountable. I am proud to earn endorsements from police and firefighters, as well as business organizations across Arizona because of the commonsense legislation I've sponsored. I humbly ask for your continued support. Visit www.TJShope.com.

Julia Romero Gusse

Party: Democratic **Funding:** Traditional **Website:** www.juliaforarizona.com

Biography: Julia Romero Gusse is an Air Force veteran, former City of Maricopa Councilmember, and dedicated public servant. She has four generations of family members currently residing in Pinal County and recently retired from state service to run for this seat. Julia served as a Legislative Liaison for the Arizona Department of Veterans Services, where she worked with both Democrats and Republicans, and as a Presidential Appointee with the U.S. Department of Veterans Affairs. She is also a former educator and Director of Veterans Upward Bound at Arizona State University. Julia holds a graduate degree from the University of Arizona.

Statement: I am running for the Arizona House of Representatives because I believe public service is about people, not politics. As a U.S. Air Force veteran, former educator, City of Maricopa councilmember, and legislative advocate for Arizona veterans, I have spent my career bringing people together to solve real problems. This campaign is personal. Four generations of my family call Legislative District 16 home, including my children and grandchildren. Like so many families, we care deeply about the future of our schools, water supply, transportation, healthcare, and the cost of living. I am running to ensure Arizona families have a strong voice at the Capitol. I will focus on practical solutions that strengthen public education, protect our water, support veterans and seniors, create good-paying jobs, and improve our quality of life. My military service taught me that leadership means putting the mission—and the people you serve—before yourself. That is the commitment I will bring to the Arizona Legislature.

Chris Lopez

Party: Republican **Funding:** Traditional **Website:** www.Lopezforaz.com

Statement: Born and raised in Casa Grande, I have dedicated my life to finding commonsense solutions to the challenges facing our community. As a dad, I understand the importance of safe neighborhoods, strong schools, reliable infrastructure, and an affordable cost of living. Too many families, like my own 93-year-old mother, are being squeezed by rising property taxes, insurance, and everyday costs. I believe in bringing people together to get things done. Not left or right, but forward. That means listening, finding common ground, and delivering results that improve lives. If re-elected, I will continue to fight for honest and trustworthy elections, Family Court and DCS reform, and for the rights of every Arizonan, including the pre-born. I believe in less taxes, less government and less red tape.

Hollace "Holly" Lyon

Party: Democratic **Funding:** Traditional **Website:** www.LyonForArizona.com

Biography: Hollace "Holly" Lyon, Colonel (retired), spent 26 years in the U.S. Air Force, commanding twice. She forged consensus on complex negotiations while assigned at both NATO HQ and the Pentagon—including saving the Air Force \$100M. Kevin Volk

Party: Democratic **Funding:** Traditional **Website:** www.kevinvolkaz.com

Biography: Kevin was born and raised in Tucson, where he attended neighborhood public schools and followed family tradition to Salpointe High School. After graduating college with a degree in Economics, Kevin served as a fifth-grade school teacher, interned for Representative Gabby Giffords in Congress, and worked as an English language educator in Mexico. Kevin then came back home to Southern Arizona, where he worked as a real estate agent helping small

businesses and founded a company to create affordable housing units. Now, he is serving Legislative District 17 as a State Representative in his first term.

Statement: I'm a small business owner and former teacher, born and raised in Southern Arizona. I ran for office out of frustration with the extreme, divisive politics we see out of Phoenix. Since taking office, I have worked hard to do my part to take down the temperature, work across the aisle, and keep the focus on getting things done. I am proud to be one of the most bipartisan, effective members of the state legislature. My priorities have been and continue to be to address costs of living, improve Arizona schools, support public safety, and secure our water future. I will continue call out current leadership when they are playing politics at the expense of solving problems. I think our legislature looks too much like Congress in DC – voting overnight on 100 bills with short notice, multiple recesses instead of getting the job done, and partisan posturing instead of good-faith negotiation. We can do better. But I'll also continue to work with anyone – regardless of party - to improve our state and make lives better for Arizonans. That's what this job is about. It would be an honor to continue to serve as your State Representative.

Statement: I'm proud to fight shoulder to shoulder with David Gowan and Gail Griffin – battling to restore our economy to the national leader it used to be. Before Katie Hobbs we were a top-5 state, now we are often in the bottom-5, while she brags about vetoing the very policies that made Arizona such an economic powerhouse. I fight for, and will continue to fight for, a strong economy, lower prices and lower inflation, real border security, election integrity, water, medical freedom, our 2nd Amendment rights, our mining and agricultural communities, religious freedom, and the rights of parents to direct the education of their children. Safe neighborhoods, strong schools, reliable infrastructure, and a plan for our long-term water future are critical to our future success. That is what we're working on. Statement: I am running for the Arizona House of Representatives to provide "Real Solutions for Rural Arizona." Our communities deserve a platform that prioritizes the needs of working people over special interests. My primary focus is expanding AHCCCS and fully funding rural clinics. No neighbor should have to choose between food and medical care. Access to local, quality treatment is a necessity that requires aggressive state support, not cuts that threaten our hospitals and emergency response times. I am a staunch defender of public education. We must invest directly in our classrooms and regulate ESA vouchers to ensure public funds support our public schools, which currently rank near the bottom nationally. Arizona is going through a severe water conservation crisis. We must reserve Arizona's water for Arizonans, blocking corporations from depleting our aquifers for outside profit. Our resources belong to our families and farmers, and I will fight to keep them here. I will protect the fundamental rights of all residents—including reproductive freedom, medical privacy, and the safety of our diverse border communities. I am dedicated to defending the LGBTQIA+ community and ensuring equality for all. I ask for your vote to bring an accountable, transparent government to Legislative District 19.

I have served our community in youth ministry at multiple churches in Tucson, as well as a health and wellness coach. I have served our district in all walks of life. My

medical background in radiology, anesthesia, and endoscopy has served our community in their most traumatic times of need. Gunshot victims, stabbings, overdoses, domestic abuse, gastrointestinal bleeding, I've seen it all, serving all people, all walks of life during their most desperate moments of need. I will do the same here, utilizing my service at the Gospel Rescue Mission, medical background, business, and ministry experience for economic sustainability and to address the fentanyl crisis. To ensure safe streets and economic prosperity! Let's put Southern Arizona First!

Statement: "Government of the people, by the people, for the people!" I'm Esteban Flores, echoing Lincoln's words defending God-given liberties. Freedom above all else! The first responsibility of government is "to protect and maintain individual rights, to form a more perfect union..., ensure domestic tranquility, to provide for the common defense." Ensuring the safety and protection of its citizens. Homelessness and violence have increased in our streets through fentanyl and the recent four years of open borders, while our current representatives have done nothing to fix it! We must change representation! I'm known for my TUSD school board run. I fought to improve education, protect children from inappropriate content, and defend parental authority. I've served our district from Trauma 1 hospital units, anesthesia, endoscopy, and radiology, saving lives from the worst kinds of traumatic violence. Gunshot victims, stabbings, overdoses, domestic abuse, gastrointestinal bleeding, I've seen it all, serving all people, all walks of life during their most desperate moments of need. I will do the same here, utilizing my service at the Gospel Rescue Mission, medical background, business, and ministry experience for economic sustainability and address the fentanyl crisis. To ensure safe streets and economic prosperity! Let's put Southern Arizona First!

Biography: I am a Tucson native, a husband, and father. I am a Christian. Professionally, I am an engineer. My family has been a part of southern Arizona for many decades. We have worked in the mines, helped bring water to our neighborhoods and farming communities, run local businesses, and invested in our pueblos. I returned home and continued working with folks from all walks of life. These experiences have taught me the value of investing in people.

Statement: People matter. What we do today, matters. With a long view of history in mind, we can easily discern our trajectory forward. The obvious question is – what do we need to now to provide every avenue of success to future generations? Our response to this question will determine how well we accomplish our mission. Our Arizona State Constitution declares (Article 2, Section 1) “A frequent recurrence to fundamental principles is essential to the security of individual rights and the perpetuity of free government.” As well as (Article 2, Section 2) “All political power is inherent in the people, and governments derive their just powers from the consent of the governed, and are established to protect and maintain individual rights.” With this foundation established, put me to work. Miranda Lopez

Party: Democratic **Funding:** Traditional **Website:** www.lopezforarizona.com

Biography: I'm a two time University of Arizona graduate and a community organizer who has worked in local and state politics in Arizona for the last eight years, including as the former Executive Director for the Pima County Democratic Party and the Southern Regional Director for the Arizona Students' Association. In 2025 I was elected as Treasurer for United Campus Workers Arizona while I was finishing my Masters degree in Public Administration at the UA.

Statement: As a young person with student loan debt who lives paycheck to paycheck, I know firsthand that voters in District 21 are facing unprecedented hardships especially in regards to public education, housing affordability, and the exploitation of our natural resources. We need progressive solutions to solve these problems, like returning to a progressive state tax system, reinvesting in public education, incentivizing the development of middle housing and restricting corporate use of water, land and utilities. I'm tired of working to elect Democrats who either refuse to push these progressive policies or actively oppose them and side with Republicans on issues of free speech and voting rights. I myself have direct experience of drafting bill language to cap public university presidential salaries and finding a Republican sponsor to get the bill heard in committee, all without sacrificing my own progressive values in the name of "bipartisanship." By entering the race, I will give voters in District 21 the progressive candidate they deserve, and I will champion the causes of working class families.

Alberto Flores

Party: Democratic **Funding:** Traditional **Website:** floresforaz.com

Biography: Born in the legislative district he now hopes to serve, Alberto Flores is the son of a working-class, mixed-status immigrant family, who is well acquainted with the hurdles standing between individuals and their pursuit of the American Dream. As a teenager, Alberto helped support his family by expanding their business while earning his diploma. Alberto's political activism began under Arpaio and SB1070, and has carried on through his work with

organizations in support of legislation fighting for marginalized communities. Alberto's Political Science degree from Arizona State joins his real-world experience in developing legislation and unifying community groups through shared values.

Statement: I'm running for State House to ensure every family in our district can afford to live, learn, and stay healthy. My first priority is affordability. Too many families are being priced out of housing or forced to spend far more than they should just to get by. I will work to expand housing options, support working families through fair wages and the right to organize, and create an economy where small businesses can grow and succeed. That also means making essentials like childcare more affordable so families can stay in the workforce. Second, I will fight to ensure every student has access to a quality education. Arizona's voucher program has grown rapidly, but too many students are still being left behind. We must focus on delivering real results; making sure every child has the resources, support, and opportunities they need to succeed. Finally, I will work to make healthcare more affordable and accessible. No one should have to choose between getting care and paying their bills. I'm running to bring accountable, community-focused leadership to the Capitol and to put working families first.

Those areas that do not use surface water will be under scrutiny as we plan for future growth. The beneficial use of water for Agriculture producing more crop per drop with the utilization of conservation technology and augmentation for smart growth are among my top priorities. Biography: I have called Arizona home for more than 30 years, building my life in the same community where I have lived, worked, and raised my children. I spent more than 20 years as a classroom teacher and later served in educational leadership, focused on building strong, effective support for families, students, and educators. These experiences shaped my belief in practical, common-sense leadership that puts people before politics. I am motivated by a

simple goal: helping create a stronger Arizona, where schools are strong, families are supported, and every community has the opportunity for a better quality of life.

Statement: I am running to serve as State Representative for LD 25 because for years I have worked to ensure success in our local community, and now I want to bring that same commitment to the state level. As an educator and leader, I have spent my career helping people succeed, building strong foundations, and bringing communities together to solve problems. In the legislature, I will fight to ensure that every student, school, family, and educator has the resources they need to succeed. I will also work to make sure Arizonans can afford to live in the communities where they work, strengthening local economies and supporting families across our state. I am committed to protecting the air we breathe and the water we depend on, so they remain clean and available for generations to come. Most importantly, I will lead with common sense and respect. Our communities deserve leaders who bring people together, not drive them apart. I will work to heal divisions, listen to all voices, and focus on practical solutions that improve the quality of life for every Arizonan.

Michael Carbone

Party: Republican **Funding:** Traditional **Website:**

Biography: I'm a husband, dad, small business owner, and someone who has been involved in education issues for years, both in a professional capacity, and as a conservative activist who wanted to make sure that our tax dollars were being properly spent and that parents had a strong voice in the process. I'm originally from Illinois but my wife and I took our kids and escaped to Arizona, where individual liberties and common-sense conservative values were

valued and celebrated. In my spare time I like to hunt, fish, shoot, and root for the Diamondbacks and Phx Rising FC.

Statement: I'm finishing my second term and was elected the Republican Majority Leader, giving our district real clout and a prominent voice in today's major issues. As always, I defend taxpayers, work to lower inflation and prices, fight for election integrity, protect school choice, and fight to end illegal immigration. I've written bills to secure our elections and provide real transparency and accountability. I've voted for efforts to help President Trump secure our borders. I've championed agriculture issues for Yuma and the West Valley in Maricopa County, and Arizona's long-term water future. And I continue to battle the left on issues ranging from taxes to public safety, protecting girls' sports and locker rooms, and fighting for your medical freedom. I'm grateful for the support I've gotten from veterans, cops, doctors and more, and I'll keep fighting the swamp here in Arizona. Alongside Nick Kupper, our district has one of Arizona's most conservative teams, but we now face a challenge from our left who disagrees with our values and votes. You get TWO votes for State House and I ask you to reject the left and vote for both Carbone AND Kupper so we can continue the fight to keep Arizona great!

Nickolas "Nick" Kupper

Party: Republican

Funding: Traditional

Website:

Biography: Nick Kupper grew up in Oregon and joined the United States Air Force in 2003, one year before marrying his high school sweetheart, Crystal. After 20 years spent traveling the world as a military electrician, recruiter and manager, he retired in 2023 while stationed at Luke AFB in Maricopa County. Nick has degrees in human resource management and aviation maintenance technology and worked as a paralegal before being elected to the legislature. He

and Crystal have five children, including two adopted daughters. He has made appearances on American Ninja Warrior, Tucker Carlson Tonight and Newsmax.

Statement: After a stellar 19-year career, the US Air Force tried to kick me out for refusing a COVID-19 shot I was not legally required to take. That turned me from a conservative citizen who lived to serve others into someone who needed to step up and defend everyone who shared my concerns about our liberties and values. I made dozens of media appearances and worked with members of Congress to find redress for thousands of service members unjustly impacted by illegal mandates. And at the urging of many of you, I stepped up in 2024 and ran for State House here in Arizona. With your support I have fought the good fight alongside State Rep Michael Carbone, on issues ranging from border security to gun rights, eliminating DEI, protecting free speech, water issues, election integrity, defending the unborn and so many others. Now we are being challenged from the left but we will not stop fighting for the West Valley and Yuma! I was willing to risk losing everything during COVID for what I knew was right — and I'll keep doing the same as your elected official. Please vote Kupper and Carbone, thank you!

Jim Bishop

Party: Republican **Funding:** Participating **Website:**

Biography: Jim Bishop is a Junior HS mathematics teacher with a diverse professional and personal background. Before entering education, Jim spent nearly thirty years as a designer and owned a retail game store. He remains connected to the tabletop gaming industry through illustration and design side work. He holds two master's degrees, one in Management and one in Education. Jim is a US Army veteran and comes from a family deeply rooted in public service,

including law enforcement, firefighting, and military service. His family history includes distant ancestor Francis Scott Key. He is married with two kids and two grandkids.

Statement: This year alone, our State Senator voted against cutting our taxes, against efforts to get rid of taxes on tips, against efforts to protect our schools and neighborhoods, against efforts to protect girls' sports and keep their locker rooms private, and more. Why? Because they were introduced by Republicans. That's no reason to vote against good bills that would keep us safe, lower our costs, and boost our paychecks. I'm running for office to put an end to these stupid partisan games. If a bill is good I'll vote YES, and if a bill is bad I'll vote NO, regardless of who wrote it. Partisan politics is poisoning our system and damaging Arizona. I'll be a State Senator who rolls up his sleeves and works with everyone. This race is especially critical for families with kids in our public charter schools or those taking advantage of our amazing school choice programs. Flavio Bravo is committed to ending school choice and shutting down these successful schools so he can force all our kids back into the public district schools, regardless of how badly those schools may be performing. Please, protect our kids and schools. Vote Jim Bishop for State Senate!

Biography: State Senator Flavio Bravo is a fifth-generation Arizonan, born and raised in the 26th district. He serves on the Senate Director Nominations, Education, Finance, and Government committees. He also serves on the Board of Directors for the Kino Border Initiative in Southern Arizona and volunteers with Big Brothers Big Sisters of Central Arizona. A graduate of Brophy College Preparatory, Senator Bravo holds degrees from Loyola University Chicago, the University

of San Francisco, and Arizona State University. Flavio and his wife, Lizbeth Bravo, reside in the Granada neighborhood in west Phoenix with their 1-yr old son, Lalo.

Statement: My name is Flavio Bravo, and I have the great privilege of serving as your State Senator. I was first elected to the Arizona State Legislature in November 2022, and I am committed to working across the aisle in a bipartisan fashion and remain focused on the issues most important to you all, such as making housing more affordable, expanding education and job opportunities, and prioritizing public safety within our neighborhoods. Born and raised in west Phoenix, I strongly believe that our families shouldn't have to sacrifice personal safety for affordability. This year, I collaborated with the cities of Phoenix and Glendale and led legislation preventing prostitution and sex trafficking along 27th avenue and the I-17 corridor by elevating the penalties on the buyers of prostitution. This legislation required collaboration across law enforcement, victim advocates, and survivors of sex trafficking. While it is one step towards addressing a major issue in our district, I will continue to support legislation that reduces crime and combats drugs on our streets. As I seek re-election, I humbly ask for your support so that I can continue to fight for a more just and livable future for all Arizonans.

Biography: A native of Phoenix, Arizona, Representative Cesar Aguilar was raised in a working-class household where he learned the values of hard work. After earning his Bachelor of Arts in Political Science from Northern Arizona University in 2016, he began his professional career with the Arizona Democratic Party, laying the groundwork for a life dedicated to public advocacy.

Before entering the legislature, Representative Aguilar served as the Executive Director of the Arizona Students' Association. In this role, he championed college accessibility and affordability, driven by his conviction that education serves as the ultimate equalizer in society.

Statement: Representative Aguilar remains a dedicated fighter for working-class families, ensuring that those who power Arizona's economy can afford to live and prosper. My first two terms have been dedicated to being a voice for the working class. However, the work is far from finished. As the 2026 elections approach, our families are facing an unprecedented cost-of-living crisis under the Trump regime. -Economic Dignity: I remain committed to empower our workers to organize for livable wages, stable pensions, and the respect they deserve. -Educational Equity: As the former Executive Director of the Arizona Students' Association, I will continue to fight for fully funded Preschool- Higher Education as stated in AZ Constitution (Article 11, Section 6) Public Education must be protected. -Quality Healthcare: No family in District 26 should be forced into debt due to a medical emergency. I will continue to advocate for expanded access and lower prescription drug costs. -Stop the Separation of Families: ICE has gotten out of control. Immigration has murdered Americans Citizens and traumatized our children. Today, too many families fear leaving their homes even when they should not have to. People have lost hope in our government due to the injustices in ICE.

Biography: Public service may actually be in my blood! My grandfather, uncle, brother, and cousin have all served as State Representatives in various states, and I was raised to contribute and give back to my community. I came to Arizona for family, rediscovered my relationship with God, and found my home. This is my first campaign but I've been active in our community for years, working with vulnerable populations to help them find housing, jobs, build community and discover a new way to live. I can't wait to meet you on the campaign trail!

Statement: Our Representatives are remarkably ineffective. They don't pass bills or get things done, they just show up to vote NO on things that would help our community because they are loyal to their party leadership and want to play political games. We pay the price for their bad behavior. I'll actually work with people and get things done. I'll oppose efforts to raise our taxes or to take more from our paychecks. I'll support safe streets and schools. I'll fight to get fentanyl off our streets and away from our kids and family members. I'll engage with the community, I'll show up, and I'll listen. Health care, education, jobs, high prices, public safety and more, are all issues that motivate me and matter to you. I ask for your vote and promise to earn it every day!

Biography: I've worked in public policy at the federal, state, and local levels for over 40 years, and I've witnessed what it takes to truly help people. Our legislature has prioritized politics and outside influence over the people it is supposed to be helping. My goal is to reduce the cost of housing, healthcare, and other daily expenses for families while boosting our economy. I will also push to defend voting rights and promote robust public education. I believe we need to

Statement: I am running for the state house in Legislative District 27 because I believe public service is about solving real problems, bringing people together, and delivering results for all voters. After graduating from the University of California, Berkeley, I began my career in Washington, D.C., serving at the U.S. Department of Labor after being appointed by President Ronald Reagan. Throughout my career, including leadership roles with AARP, I have helped organizations communicate effectively, build consensus, and achieve meaningful results for people from all backgrounds. After moving to Arizona, a breast cancer diagnosis deepened my commitment to serving my community and protecting the values I believe make Arizona strong. I have helped lead efforts to lower costs, defend voting rights, strengthen public education, and protect individual liberty. Unlike my opponent, Lisa Fink, I am running to be a representative who listens, works across differences, and focuses on practical solutions that get costs under control, create good-paying jobs and affordable housing, and ensure quality health care options for Arizona families.

Biography: I grew up right here in Peoria, attended Peoria High School, Glendale Community College, and ASU where I earned a Bachelor's in Education and a Master's in Public Administration. As a Peoria City Councilman, I led the crusade against wasteful spending and high taxes. I was elected 3 times to the Arizona Legislature where I won awards from taxpayer and family groups. I'm happily married, blessed with five great kids, and the only thing missing from my life is the Phoenix Suns winning an NBA championship.

Statement: My first term in the House was spent working with Lisa Fink in the House and Kevin Payne in the State Senate. Together, we've built a record of achievement on economic issues, jobs, election integrity, public safety, and fighting illegal immigration. Sadly, a lot of the good things we passed were vetoed by Governor Hobbs, but we had some big wins as well. We eliminated taxes on tips and overtime, protected school choice from Democrats who want to shut down charter schools and parental choice, increased K-12 funding for classrooms and teacher pay, and keep working to cut gas taxes, utility prices, and housing costs. We are protecting girls sports and keeping men out of their sports and their locker rooms. And we're an effective team when it comes to making sure the West Valley gets its fair share of transportation and infrastructure funding. Keep our experience working for you as we deal with developing issues like data centers, long-term water needs, energy demand, and more. I have respect and reverence for what the founders of the US and of Arizona hoped to create for the future we find ourselves in now. But I fear we've veered away from their vision. We need to prioritize education the way our forefathers built public schools into land grants as our country grew. We need to take pride again in our blend of cultures, especially in Arizona! We need to protect the land and our beautiful national parks for future generations, and ensure that water is used wisely so there will be future generations. Biography: Although I'm not a native, I've called Arizona home for nearly 40 years. I answered the call to public service in 2022 because I knew we needed change at the state level and we needed elected officials to do the right thing without engaging in petty and wasteful political games. My degrees include a B.S. in Molecular Biosciences & Biotechnology cum laude from Arizona State University and a B.S. in Nursing magna cum laude from Grand Canyon University

(where I graduated second in my class!). I have worked as a perioperative trauma nurse and am also a competitive team roper.

Statement: I'm a wife, bonus mom, cowgirl, and Registered Nurse, serving in just my second term in the State Senate. We are keeping our word and working hard on the issues that matter to you and our great state: Jobs, lower prices, strong borders, secure elections, safe streets, great schools and more, all are part of our fight to make Arizona the best it can be. We have been trying to reverse the damage the Hobbs administration is doing to our economy, but she continues to veto the very policies that made Arizona so successful before she got elected. We are fighting inflation and high prices, protecting private property rights, school choice, doing right by our veterans and first responders, restoring your medical freedom, looking after our water supply, ending DEI and social engineering, and more. I wrote the Senate version of the "Arizona Border Invasion Act" and legislation to protect our kids by targeting pedophiles and child traffickers. I'm proud to serve alongside Steve Montenegro and James Taylor in the State House. We know the battle is long and we will keep working hard for you until the battle is won. Thank you for your continued prayers and support!

Eric Stafford

Party: Democratic **Funding:** Participating **Website:** stafford4az.com

Biography: Eric Stafford is your local 28-year-old Goodyear native, fighting for your vote to serve in the Arizona State Senate. In high school, he took on extra work to attend West-MEC, earning his Aviation Maintenance license, and cutting his teeth on steel as a machinist. He is now a studying medical assistant and is dedicated to serving this community at work and on the campaign trail. Like many, Eric is fed up with Americans struggling with homeownership,

overpriced doctor visits, and a shrinking middle-class, all the while politicians get filthy rich on our hard-earned tax dollars. Something has to change.

Statement: I am your only Senate candidate who will never take corporate cash, PAC money, or special-interest dollars. Frankly, I think it should be illegal for politicians to be bought and sold. I am stepping outside of party lines to defend our community with everything I've got. People are struggling just to get by. There is no room left for simple comforts—like yearly family vacations, hiring a babysitter for date night, buying organic groceries, or turning the AC down a couple of degrees. Meanwhile, our current representatives are: Religiously voting to gut public education, pushing us to LAST place nationally. Faithfully stripping our state's ability to tax trillion-dollar corporations the money they owe. Piously opening the door to costly AI-Data centers and mass-surveillance Flock cameras. Refusing to update critical water and climate policies since 1980, during a record drought. Our homes are being bought by the highest corporate bidder and turned into forever-rentals. Healthcare is more expensive than ever. Grocery chains are using digital price-fixing to hike up food costs whenever they feel like it. I am asking for your vote because our community deserves better—and the first step toward real change is electing people who will actually put you first.

Steve Montenegro

Party: Republican **Funding:** Traditional **Website:**

Biography: Steve serves as Ministry Pastor at Catalyst Church. He has served as Executive Director for Desert Reach, an organization helping inner-city high school students graduate high school and succeed in life. As Speaker of the House he has been a powerful voice for the West Valley, and he continues to advocate for Arizona's veteran and active duty military population, as well as its military bases, including Luke AFB. He and his wife Melissa will

celebrate their 17th Anniversary this year. Melissa is a Charter School Administrator and they have two beautiful daughters (Addy and Emmy).

Statement: On behalf of our great team (Janae Shamp in the Senate and James Taylor serving with me in the House), I want you to know we've been keeping our campaign promises to you. We passed record tax cuts, balanced budgets, worked to lower gas and utility prices, protected school choice, and fought to keep our kids safe, including legislation to keep men out of girls' sports and locker rooms. We boosted education funding while insisting more of the money goes to the classroom, not the bureaucracy. I was privileged to be elected Speaker of the House, giving our district a powerful voice on issues that matter. A lot of good bills are vetoed by our radical left-wing Governor Katie Hobbs, but we continue to champion the citizens of Arizona. I wrote the bill and ballot measure designating drug cartels as terrorist organizations, legislation to protect our kids, and a ballot initiative to do away with Affirmative Action and DEI policies. I've been awarded Friend of the Family, Hero of the Taxpayer, Legislative Champion, Guardian of Arizona Families, Champion of Term Limits, Guardian of Small Business, and School Choice Champion. Thank you for allowing us to serve you!

Christine has worked for Glendale Elementary School District and Dysart District.

Statement: Christine advocates for families affected by autism and other disabilities, and has experience testifying on legislation in both the Arizona House and Senate. Last year, she witnessed the mistreatment of the disabled community when legislative leadership altered a committee at the last minute to defeat a bipartisan bill meant to preserve critical funding. This experience, combined with the passage of the BBB, and the misplaced values of the incumbents in her district, motivated her to run as a Clean Elections candidate. She is committed to bringing transparency, accountability, and affordability to her community, and will fight for education, healthcare, and social justice.

James Taylor

Biography: My wife and I have lived in Arizona for decades and love this great state. I'm a dad, grandpa, and recently a great grandpa, so I've got a lot of reasons to work hard and keep Arizona on the right track. After a successful career in the energy sector I was ready to enjoy retirement – then the call came asking me to step forward and run for office. We are active in our community and continue giving back through public service.

Statement: Two years ago, my phone rang and I was asked if I'd consider running for State House. I agreed and began an amazing journey. Today I'm working on issues ranging from economic policy to school choice, long-term water planning, public safety, and more. Hundreds of bills dealing with every imaginable subject, while our liberal Governor vetoes good bills and pushes for policies that belong in California. We passed the largest tax cut in Arizona history to keep more money in your pocket, directed more funding into classrooms and teacher pay, and more. The battle is intense, it doesn't seem to stop, but I'm honored to be fighting the good fight for the citizens of Arizona. Working as a team with Steve Montenegro in the House and Janae Shamp in the Senate helps a lot as we take on issues that you all tell us matter to you: Lower prices, low taxes and regulations, strong schools and school choice, job growth, long-term water and energy planning, infrastructure (roads etc), strong support for our law enforcement, and continued partnership with our military bases and veteran population. We will keep working for you and THANK YOU for your votes, prayers and support.

Statement: Too many politicians run for office making promises they never keep. Over my eight years in office, I've done the opposite. In the Legislature, he served on education, public safety, and technology committees. Since leaving the Legislature nearly ten years ago, Jeff has worked in business, managing operations, budgets, payroll, contracts, and regulatory compliance. A husband, father, and former Red Cross disaster-relief volunteer, he holds a

When you need it, it should be easy to find, easy to understand, and easy to use. Jeff believes in the power of education. People deserve to know how their courts work. His priorities are clear: educate the public about this office, expand online filing so residents can use its services from anywhere, in any language, and cut red tape so no one needs a lawyer for basic paperwork. The Clerk's Office must stay above politics. Judge candidates for this office by one standard: will they uphold the law and follow the Constitution, not a personal agenda? Integrity matters. Jeff Dial will manage this office by that standard and serve everyone equally. Whatever your politics, Jeff asks for your vote. He will deliver a Clerk's Office that simply works.

Sebastian Seb Maximiliano Matta

Party: Democratic **Funding:** Traditional **Website:** seb4office.org/info

Biography: The youngest person to secure a partisan nomination in Arizona history, Sebastian "Seb" Maximiliano Matta, is running for Maricopa County Clerk of the Superior Court in the 2026 election cycle as the only Democratic candidate. Seb has a deep passion for the law and the court system, which shapes his vision for the office. As an Argentine-American, he understands the challenges that ordinary people, especially immigrants, can face when navigating the

courts. Seb is running to make the Clerk's Office more accessible and easier to use, with a focus on language access, public understanding, and modernization.

Statement: Seb is running for Maricopa County Clerk of the Superior Court with three main priorities. First, he wants to make the Clerk's website available in more languages than just English. Many counties already provide multilingual websites so residents can access court records and services regardless of which language they speak. In Maricopa County, where 26% of residents speak a language other than English at home, there is no reason the Clerk's website should remain English-only. Second, Seb wants to modernize the Clerk's Office by expanding online systems. For example, probate matters involving wills and estates often still require in-person filing. This creates unnecessary costs and delays for families and legal professionals. Seb believes expanding online filing options would save time, reduce expenses, and make the court system more efficient and accessible. Finally, Seb wants to raise public awareness about what the Clerk's Office does and why it matters. He hopes to visit schools and community meetings to explain the office's role in the justice system and encourage greater civic understanding. He especially wants to inspire young people to become engaged in public service, law, and government. Seb is running to make the Clerk's Office more accessible, modern, and understandable.

CANDIDATES FOR PIMA BOARD OF SUPERVISORS DIST. 5

Andrés Cano

Party: Democratic **Funding:** Traditional **Website:** www.andresforsupervisor.com

Biography: Andrés Cano is the Pima County Supervisor for District 5. A lifelong Tucsonan and first-generation college graduate, Supervisor Cano has built a record of delivering results across local and state government. As Minority Leader in the Arizona House of Representatives, he successfully negotiated a bipartisan \$18 billion state budget—securing historic investments in affordable housing, health care, and water security. Now, Supervisor Cano is focused on tackling

poverty in Pima County, creating high-paying jobs, expanding pre-school access, and protecting our neighborhoods and Sonoran Desert. Supervisor Cano received his Master of Public Administration from the Harvard Kennedy School in 2024.

Statement: I'm Democrat Andrés Cano. I'm running for Pima County Supervisor because I believe county government should improve people's lives in real and lasting ways. As your Supervisor, I have focused on protecting our neighborhoods, expanding opportunity, and delivering results for working families across District 5. I have worked to advance affordable housing, support early childhood education, protect open space, and strengthen our commitment to public safety and public health. I voted no on Project Blue because I believe we must stand up for our desert, protect our water, and reject development that puts our communities at risk. I have also supported investments in workforce pay, neighborhood infrastructure, and environmental protection. My approach to public service is rooted in the values I learned growing up: work hard, stay grounded, and never forget who you are fighting for. As the product of a single mother and a first-generation college graduate, I know how much leadership and compassion matters when families are trying to get ahead. I'm running to keep building a Pima County that is affordable, safe, and more responsive to the people it serves — from Midtown and Downtown to the West Side, the Southside, and the Pascua Yaqui Nation. Biography: I've spent most of my life in Arizona and have lived in Tucson since 2005. I grew up in Kingman. My wife, Vonda, and I were married in 2009. In 2021 we made District 5 our home. Throughout my career, I've worked in several different fields that have given me a broad perspective on leadership and problem-solving. I served six years with the Mohave County Jail, including two years as a supervisor, where I learned leadership and decision making in

challenging environments. I later worked in business management, mortgage lending and process serving, and earned my MBA from Davenport University.

Statement: I'm running for Pima County Supervisor because I believe government should work for the people it serves. It should listen, solve problems, operate efficiently, and deliver real results for families and communities. Too often, people feel like they are fighting systems instead of being served by them, and I believe we can do better. Today, I work as a Mortgage Loan Originator right here in District 5. Every day I sit across the table from individuals and families making some of the biggest financial decisions of their lives. I see firsthand the challenges many people are facing, from affordability and housing costs to the pressures working families experience every day. One of my biggest pet peeves is inefficiency. I believe government should focus less on bureaucracy and more on practical solutions. Leadership is not about titles or politics. It's about listening, finding solutions, and making things work better for the people who depend on them. I'm running because I believe our community deserves leadership that brings real-world experience, common sense, and a commitment to getting things done. I love this community, I believe in its future, and I would be honored to earn your support.
