The Honorable Doug Ducey
Governor of the State of Arizona
1700 West Washington
Phoenix, AZ 85007

Dear Governor Ducey:

The Citizens Clean Elections Commission is pleased to submit for your information the 2019 Annual Report, pursuant to Arizona Revised Statutes §16-956(A)(5). The Annual Report describes the activities performed by the Commission in the last calendar year.

In 1998, the voters of Arizona passed the Citizens Clean Elections Act. 21 years later, the Commission continues its commitment of upholding the letter and spirit of the Act. The Commission accomplished its goals set forth and looks forward to the same success in 2020.

Respectfully,

Galen D. Paton, Chairman
Citizens Clean Elections Commission
Voter & Public Education

The Commission provided information to the public regarding participation in the political process and the functions and purposes of the Clean Elections Act. This was accomplished through education campaigns throughout the four local election dates in 2019, along with grassroots and social media outreach. The Commission consistently provides election information on how, where and when to vote.

The Commission’s education and outreach efforts for 2019 included:

• We the Voters Conference
• Take Flight Campaign Evolution
• Election Information Web Pages
• Grassroots Outreach
• Candidate Training
• Website & Social Media

Voter Education Budget

The Commission spends 10% of the expenditure cap on voter education in accordance with its statutory requirements. See page 9 of this report for more financial information.
2019’s We the Voters conference was held in order to educate voters on how to participate in the 2020 elections. Topics included an overview of the statewide elections, what will be on the ballot, how the media plays a part in elections, how to participate and so much more. The conference was a kick off to educating Arizona voters on the impact they will have this upcoming election year. The Citizens Clean Elections Commissions is the non-partisan voter education resource in the state and promotes participation in the political process.
Prior to each election, the Commission reaches out to all 15 counties within Arizona to identify what jurisdictions are having an election. The Commission updates its website with information on each election, highlighting key deadlines, how to get your ballot and more. This creates a one stop shop for voters to obtain all of their necessary voting information. The Commission informs voters on how to access this information through a comprehensive outreach campaign. It’s worth noting that the November 5, 2019 election was particularly eventful with 12 of the 15 counties conducting an election. The Commission received positive feedback from the Arizona Association of School Business Officials (AASBO) regarding this effort and AASBO was able to share these detail pages with their mailing list, which contains around 3,900 readers!

The Commission supplements these election information web pages with voter education tools, such as videos and infographics. For example the Commission developed a video explaining bond and override elections.

**WHAT ARE BOND AND OVERRIDE QUESTIONS?**
Take Flight Campaign

In 2018, the Commission launched a successful youth voter outreach campaign, “18 in 2018”. The focal point of the campaign was an original mural located on Roosevelt Row. This outreach effort evolved into our “Take Flight” campaign, which encourages younger voters to activate their political power and register to vote. Through the use of a QR code the mural of wings animate. Potential voters are given a prompt to register to vote and 1,435 users registered at the Take Flight mural in 2019! A mobile “Pop-Up” version of the wings were created to take to outreach events (pictured below).
The Commission’s 18in2018 campaign was a national award from PR Week for Best in Public Sector. CCEC was among a prominent group of nominees including the Centers for Disease Control and Prevention, Procter & Gamble and Covered California a campaign by 70-year old agency Ogilvy.

The campaign used “amazing creativity to bring a focused message to a target audience and make an impact,” said one judge. Not only did it inspire young people to vote and encourage those not registered to do so, it also increased the commission’s visibility and credibility, particularly with a young audience.
In an ongoing effort to increase outreach to Arizona Voters, the Commission participated in many events over the course of 2019. Some outings included National Voter Registration Day and Registration Drives across the county where the Commission helped register voters and inform them on how to vote and stay up to date on local, state and federal elections. We also partnered with Pinal County Recorder’s Office to introduce Arizona’s first Mobile Voter Outreach van. The van will help reach voters in rural parts of the county, host early voting events, register voters and more.

Clean Elections
Training & Guides

Education is a core component of the Commission. In 2019, the Commission continued to provide information to interested groups and potential candidates through speaking engagements, training workshops, as well as through publications on our enhanced agency website. Each election cycle the Commission develops a guide to assist participating candidates as they navigate the political campaign process and to inform non-participating candidates, and other groups involved in elections, about the Clean Elections Act and rules. The guide covers important topics such as requirements of the Clean Elections Act and Rules, filing and reporting deadlines, how to become a Clean Elections participating candidate, and how to qualify for funding.

Participating candidates are required to attend one Clean Elections Candidate Training Workshop during the election cycle. The workshops are open to the public and designed to provide information to prospective candidates, or those who are assisting participating candidates, about the requirements of the Clean Elections Act.
The Commission had an increase in its engagement with voters online. Utilizing social media channels has allowed the Commission to instantly connect with voters on timely and important election related issues. Voters and candidates alike can follow the Commission on social media for more information about elections and running for office.

Social media sites such as Twitter, YouTube and Facebook were utilized and the chart below displays the amount of followers/likes throughout the previous years. Even years represent statewide election years.

Controls on Spending
The Commission’s total expenditures cannot exceed seven times the number of Arizona resident personal income tax returns filed during the previous calendar year. Up to 10% of the total expenditure cap for administration and enforcement purposes may be used. The Commission may make public education paid media expenditures up to 10% of the total expenditure cap as well. (A.R.S. §16-949) The 2019 expenditure caps were as follows:
• Total Expenditure Cap: $20,932,604
• Administration & Enforcement Cap: $2,093,260
• Public Education Expenditure Cap: $2,093,260

Clean Elections is funded by voluntary contributions and surcharges on criminal penalties and violations, such as traffic tickets.

Not a single dollar of Clean Elections funding comes from the State’s General Fund.

Rather than taking money from taxpayers, Clean Elections has donated $74 million to the State’s General Fund since its inception through 2016.

The removal of the $5 check-off box on Arizona state income tax return forms and dollar-for-dollar tax credits caused a decrease in revenue to the Clean Elections Fund, and as a result the Commission was unable to transfer excess monies to the General Fund in 2019.

*Previously, Arizona citizens could contribute voluntarily through a $5 check-off box on Arizona state income tax return forms and through dollar for dollar tax credits. This portion of the Act was removed in 2012; however, late tax filers may still contribute.

**The Clean Elections Commission operates on a calendar year budget rather than the State’s fiscal year budget.
Enforcement, Audits & Litigation

The Commission enforces the Citizens Clean Elections Act and Commission rules which are a part of the Arizona Administrative Code. The Act and Commission rules contain specific campaign finance provisions and limitations.

Commission staff monitor campaign finance reports to ensure campaign spending occurs as specified by the Act and Rules. The Commission has the authority to subpoena witnesses, take evidence, and require, by subpoena, the production of any books, papers, records or other material relevant to an enforcement matter.

Potential penalties for violations of the Act range from monetary penalties, the disqualification of a candidate or forfeiture of office. Most enforcement matters are settled amicably.

The Commission also conducts audits to ensure compliance with the Act and Commission rules. The audits are completed by an independent auditing agency. Candidate audits are conducted during election years after the Commission has disbursed funds to qualified candidates.

In 2019, the Commission did not conduct any audits. All participating candidates will be audited during the 2020 election cycle.
Rulemaking & Legislation

Commission Rulemaking Authority
In accordance with A.R.S. §16-956(C), the Commission may adopt rules to carry out the purposes of the Citizens Clean Elections Act. In 2019, the Commission began implementing Proposition 306.

The Commission proposes and adopts rules in public meetings, with at least sixty days allowed for interested parties to comment after the rules are proposed. After consideration of the comments received in the sixty day comment period, the Commission may adopt the rule in an open meeting.

The Commission diligently makes changes to its rules and procedures to address concerns and improve the functions of the program. Rules adopted by the Commission are not effective until January 1 in the year following the adoption of the rule. However, rules adopted by unanimous vote may be immediately effective and are enforceable.

In 2019, the Commission amended the following rules:
A.A.C. R2-20-104(E)
A.A.C. R2-20-113(A)
A.A.C. R2-20-702(B)
A.A.C. R2-20-704(A)
2019 Legislation

The Commission adopted the following legislative principles and priorities in an effort to improve the Act and Commission procedures:

Oppose efforts to defund, eliminate or limit the Citizens Clean Elections Act and/or the Commission. Over several sessions, members of the legislature have proposed measures that seek to defund, limit, or eliminate the authority of the Act or the Commission itself. The Commission has historically opposed these efforts on the grounds that they are typically poorly constructed, misleading, or otherwise ill-considered. The Commission works to maintain the letter and spirit of the law and supports efforts that further the purpose of the Act. Specifically the Commission opposes the following:

• Amending, superseding the Clean Elections Act and/or diverting funds from the Clean Elections fund without furthering the purpose of the act or the required supermajority vote.
• Attempts to limit the power the Commission has to enforce the Act

Additionally, the Commission monitors proposed legislation regarding current campaign and elections laws and supports election law reforms. Elections issues continue to percolate through both the political and legal process. The Commission continues to support reforms including improving the public financing program; improving the campaign finance code to ensure that voters are receiving information about the identity and contributions of campaign contributors and expenditures, including independent expenditures; ensuring that changes improve the State’s anti-corruption, anti-circumvention and informational interests, the Clean Elections Act and the Commission’s independence; and improving voter access to information, voter involvement and voting.
2019 Legislation

Support improvements to voter education and access. The Commission continues to support efforts to enhance voter education and participation through legislation that advances the anti-corruption and public participation values that undergird the Act.
