CITIZENS CLEAN ELECTIONS COMMISSION

Statewide & Legislative Candidate Statement Pamphlet

Paid for by the Citizens Clean Elections Fund

LETTER FROM THE CITIZENS CLEAN ELECTIONS COMMISSION

Dear Arizona Voter:

The Arizona Primary Election is on **August 2, 2022**.

Your household is receiving this Voter Education Guide because you or another resident are registered to vote in Arizona. This Guide is created by Clean Elections, the state's nonpartisan voter education agency, to provide voters official voting information about the Primary Election, including how to participate and information on the candidates that are running for statewide and legislative office.

In this guide, you will find information on:

How to Register to Vote

Ways to Vote: By Mail or In Person

Accepted ID at the Polls

County Elections Contact Information

**Candidate Profiles for Statewide
and Legislative Offices**

With so many sources of information available, it can be difficult and frustrating to find official, nonpartisan election information. This is why voters mandated this Voter Education Guide be sent to every household with a registered voter when they passed the Clean Elections Act. This way, voters can find the information they need to vote simply by looking in their mailbox. Our goal is to educate and inform, not influence, and we hope this Voter Education Guide helps you cast your ballot confidently. Thank you for voting.

Respectfully yours,

Damien R. Meyer

WHY AM I RECEIVING THIS?

Your household is receiving this Voter Education Guide because you or another resident is registered to vote. Voter guides are sent by the legislative district assigned to your residence. It may be possible for your household to receive multiple guides for different legislative districts if there is a voter registered at a different residential address that uses the same mailing address as you.

WHY SHOULD I READ THIS VOTER EDUCATION GUIDE?

This guide contains statements directly from the candidates for statewide and legislative office. This is an opportunity for voters to hear directly from candidates, not third parties, about their views. This guide also contains official and accurate information on:

- How to Register to Vote
- Accepted ID at the Polls
- Ways to Vote
- County Elections Contact Information

WHO SENT THIS?

This guide is created by the Arizona Citizens Clean Elections Commission (Clean Elections). Clean Elections is a state government agency created by voters in 1998.

Voters mandated Clean Elections create this Voter Education Guide and mail it to households prior to the Primary Election.

WHAT IS CLEAN ELECTIONS?

Clean Elections is the state's non-partisan voter education agency founded in 1998 after Arizona voters passed the Citizens Clean Elections Act (A.R.S. Title 16, Chapter 6, Article 2) to root out corruption and promote confidence and participation in our political process.

1. **Voter Education:** We provide voters with non-partisan election information, tools and resources so they can vote informed.
2. **Clean Campaign Funding:** We provide campaign funding to candidates who run for state offices in Arizona and agree not to accept special interest money.
3. **Enforcement:** We conduct audits of candidates campaign finance reports and investigate complaints to ensure funding is used appropriately.

HOW IS CLEAN ELECTIONS FUNDED?

The Citizens Clean Elections Fund, created by voters, receives revenues from: a 10% surcharge imposed on all civil and criminal fines and penalties, qualifying contributions from registered Arizona voters to participating candidates, and civil penalties assessed against violators.

Funding for Clean Elections does not come from taxpayer money from the state general fund.

WHO ARE THE COMMISSIONERS?

The Commission consists of 5 members, no more than 2 of the same political party and of the same county. The Governor and the highest-ranking official holding a statewide office, who is not a member of the same political party as the Governor, alternate in appointing Commissioners.

ABOUT THE PRIMARY ELECTION

What is the Primary Election?

The August 2 Primary Election determines the candidates from each political party who will advance to the General Election in November.

Who can vote in a Primary Election?

All voters, including those not registered with a political party (Independents), can vote in the primary election.

Why is voting in the Primary Election important?

Voting in a primary election is important because it allows voters to determine who the nominees will be from each political party.

Candidates who win the primary election in their party will be listed on the general election ballot, along with the other party nominees and candidates that are running independent of a party.

Sometimes, a particular contest may only have candidates from a single party. This means the winner of that office is determined in the primary election. Voting in a primary election ensures voters have a say in who represents them.

Candidates for Governor

Katie Hobbs

Party: Democratic

Campaign Funding: Traditional

Website: www.katiehobbs.org/

Born and raised right here in the Grand Canyon State, Secretary of State Katie Hobbs has dedicated her life to solving difficult challenges for Arizonans. In her time as a social worker and running a domestic violence shelter, Katie saw firsthand the price Arizonans pay when their elected leaders fail to address the problems people are facing day in and day out. Frustrated with the lack of leadership, Katie decided to run for office herself, and she used her experience as a social worker to take on Arizona's toughest challenges. In the legislature, Katie worked with two Republican governors to provide healthcare for hundreds of thousands of Arizonans and to hold criminals accountable by clearing the rape kit backlog. As Secretary of State during the 2020 election, Katie's office conducted the safest and most secure election in our state's history amid unprecedented challenges to our democracy. Katie has never backed down from a tough fight, and she is a battle-tested leader with the strength and experience to get the job done. Now Katie's running for governor to deliver real results for everyday Arizonans and finally bring the leadership required to solve the most urgent issues Arizona faces today.

Candidates for Governor

Kari Lake

Party: Republican

Campaign Funding: Traditional

Website: www.karilake.com/

Kari Lake is the ONLY Trump-endorsed candidate for Governor in Arizona. After covering Arizona for 27 years, Kari has a strong understanding of and relationship with Arizonans. Like Trump and Reagan, Kari's a political outsider who will work for We the People. She's laser-focused on securing our elections and border—without both, we don't have a country. Kari's the only candidate involved in court cases banning cheating and electronic vote-counting machines. As governor, she will demand justice for anyone involved in election fraud. Her Defend Arizona Border Plan will: —Take back control of Border from narco-terrorists trafficking drugs and people into Arizona. —Finish Trump's Wall —Send armed troops to border to stop people from crossing and return those who have. —Use ALL powers reserved for the states in the US Constitution to protect Arizona. To cut the cost of living, Kari will slash expensive regulations and cut sales taxes. She will work to bring in new sources of water. Kari will empower parents & legislators to ban dangerous curriculum and assure education dollars follow students to their school of choice. She will restore medical freedom & privacy and end mask mandates. Kari will work to protect our rural and agricultural communities.

I came into the State Legislature in 2018 armed with a life-long commitment to service and a fearless approach to problem-solving. From securing millions in funding to get our teachers support for distance learning, to advancing community college promise scholarships and helping hundreds of small businesses obtain grants; I plan to bring that same track record of success to the governor's office. As an education entrepreneur, I know that we need leaders who can bring people together to get things done. That's what I've done my entire professional career, both as an elected official and as the founder of two nonprofit organizations. To date, these companies, Jumpstart and Acelero, have helped nearly one million low-income children succeed. The opportunity to have a meaningful impact on people's lives and on a large scale are two key reasons I entered politics—and a driving factor in running for governor. So much is at stake in this election; from funding our classrooms and increasing teacher pay to protecting voting rights and making sure we have sustainable solutions to climate change. Your vote has never been more consequential and I hope you'll join me in creating a better Arizona for all.

Candidates for Governor

Marco Lopez

Party: Democratic

Campaign Funding: Traditional

Website: marcolopez.com/

Marco Lopez is running for governor because he believes in the Promise of Arizona – the promise that if you work hard and treat people with respect then you can make it here. It's this idea that led

Marco's parents to immigrate to Arizona from Mexico nearly fifty years ago. They didn't start out with much, but they dreamed that Marco and his sisters could do better than they did. That's just what happened – Marco was part of the first generation in his family to go to college, became one of the youngest mayors in the country at age 22, served Governor Napolitano as Director of Commerce, and then served President Obama at the Department of Homeland Security. Next, Marco started his own small business which has brought high speed internet to 1 million low income families and is on track to create 15,000 jobs in Arizona. Marco is running for governor because he believes the Promise of Arizona is still possible, but for too many people today it's out of reach. Marco has the leadership experience in the private and public sector to make that promise of opportunity that brought his parents to Arizona a reality for everyone.

Candidates for Governor

Scott Neely

The governor is the head of the state's executive branch which implements laws and policies, signs into law, or vetoes, bills passed by the

Legislature, but his responsibility to the people of Arizona doesn't end there. As governor, I'll fight to restore our Constitutional rights, protect our freedom of speech, uphold the 2nd Amendment, guard state sovereignty, defend our religious liberty, uphold the rule of law and demand law and order both at the border and in our streets. I will fortify our border, secure our water sources, restructure Arizona's failing education system, ensure parents' rights involving their children's curriculum, boost agriculture and manufacturing, clear our forests, advance senior in-home care, improve Veterans assistance and ensure that our active-duty military personnel and their families receive the support they deserve. Like many of you, I have worked hard for a front row seat in the American Dream, and as your governor I will do everything possible to make sure you have a fair chance to share and prosper. Thank you for your consideration and vote!

Candidates for Governor

Matt Salmon

Party: Republican

Campaign Funding: Traditional

Website: mattsalmonforaz.com/

Our country is at a crossroads, and we need a strong conservative to put us back on track.

That's why I'm running for governor: To protect the freedoms we cherish and leave a better world for my children and grandchildren. I am a champion for freedom. I'm endorsed by leaders like Ted Cruz, Jim Jordan, Andy Biggs, FreedomWorks, and the Club for Growth. I co-founded the Freedom Caucus with Ron DeSantis and received top awards from conservative organizations across the nation. I have a proven record of delivering for Arizonans as an elected official and businessman with 30 years' experience in the private sector. I am the only candidate with detailed plans to secure the border, protect law enforcement, increase teacher pay, expand school choice, enshrine parents' rights, empower rural communities, eliminate the income tax, and expand economic opportunities for all Arizonans. I will not allow the far-left to turn us into California. I will fight with every bone in my body to preserve Arizona's unique traditions and secure freedom and opportunity for all. When I am governor, Arizona will be the best state in the nation to live, work, and raise a family. That is my promise to you.

Candidates for Governor

Karrin Taylor Robson

Party: Republican

Campaign Funding: Traditional

Website: karrinforarizona.com/

My name is Karrin Taylor Robson. I am a native Arizonan, conservative Republican, small-business owner and lifetime NRA member. I love this state, and have spent my life fighting for the conservative values that help make Arizona special: Life; individual liberty; love of country; the 2nd Amendment; and more. I'm running for Governor because our state is under attack. Prices are soaring for everything Arizonans need, from gas to groceries. Families are hurting. Meanwhile, Joe Biden and the Radical Left have broken our border. Record-breaking illegal immigration is making Arizona communities less safe, and the drug cartels have a free pass to pump deadly narcotics like fentanyl into our neighborhoods. ENOUGH! I have a tough, 6-point plan to bring law and order to the border. I will surge National Guard and DPS troopers; enforce the law; crack down on sanctuary cities; partner with other states to share resources and intel; and FINISH THE WALL. No amnesty; no excuses. I believe Arizona's best days are still ahead of us if we have the courage to fight – and I will never stop fighting for Arizona, my home. I ask for your vote.

Party: Republican

Campaign Funding: Traditional

Website: paolatullianiforgovernor.com/

A conservative champion of the middle class, Paola Tulliani Zen is in the race to fight for those who seek to become successful in the marketplace, in business, and in personal livelihood. “Families are very important to the well-being of a society,” said Zen. “And for families to thrive, the government must step back and let us live in freedom. We don’t need a big brother institution calling the shots for us.” She fiercely opposes ESG and will create great economic opportunities. She will actually work for Arizona and uphold our constitution. Tulliani Zen learned from running her businesses that education and hard work go hand in hand. Tulliani Zen will make sure our education system becomes number one in the nation. As she notes, “And why not, we are smart, intuitive, and have just the right amount of grit in our fingernails to punch through obstacles that hold any of us back.” Seniors on fixed incomes struggling with the cost-of-living crisis will be helped as Ms. Tulliani Zen works to eliminate state income tax, property tax, and food tax. With her strong leadership experience and focused determination, she will deal with the troubling issues facing our state.

My name is Reginald Bolding, and I currently serve as the Democratic Leader in the Arizona House of Representatives. I am a former special education teacher and the founder of one of the largest civic engagement organizations across the state. I live in Phoenix with my wife and three beautiful girls. As an educator I saw firsthand the obstacles and barriers faced by students and their families, and that inspired me to run for the state legislature for the first time eight years ago. During this time, I've been on the frontlines fighting to improve our public education system, spearheading efforts to tackle housing affordability, and fighting against voter restriction bills. Free, fair and secure elections are under attack, and I'm running for Secretary of State because I believe running elections shouldn't be about a political party. As a voting rights champion, I've helped register over 50,000 new voters, to ensure all Arizonans have fair and equitable access to participate in the democratic process. I have always believed in bringing together a diverse coalition of people to fight for the wellbeing of Arizona families. As your next Secretary of State, I am committed to delivering real change for Arizonans.

Actions speak louder than hollow rhetoric. As a legislator, I have championed election integrity. As Secretary of State, I will remove the toxic partisanship that has eroded public confidence in our elections. The Secretary of State also handles business registrations. I will continue to advance the Business One-Stop portal to reduce regulatory burdens on our small businesses. My legislative record of low and flat taxes, consumer protection, and fighting child trafficking have earned me a perfect score from the Arizona Free Enterprise Club and recognition as a Champion of Liberty from the Republican Liberty Caucus. As Chairman of Ways and Means, I ran an efficient ship, killing any bills calling for a tax increase. By responding to constituent needs and concerns, I was re-elected in a purple legislative district in 2020. As your next Secretary of State, I will never back down from what is right. Rest assured, Arizonans know that I will work for the people and so will our staff. I will continue to advocate for common-sense election integrity measures to restore faith in our elections. This is what I intend to do for this office. Please visit www.BolickforArizona.com I humbly ask for your support.

I am running for Secretary of State because elections belong to the People, not the government, but it seems that many elected officials and government bureaucrats have forgotten that. I've led the effort to audit election records just like we audit financial records. I've spoken up for disenfranchised voters and the rule of law, and I've delivered solutions like watermarks on ballots, an audit trail for legitimate ballot documents, and post-election visibility of your ballot as it was cast. Consent of the governed goes with the right to inspect the results. I will ensure that this right is protected to the fullest extent possible. Every legal ballot should be counted, voter rolls must be cleaned up and those who cheat must face consequences for their acts. I will ensure complete transparency of the vote-counting process and see to it that reports of irregularities and discrepancies are reviewed and where there is evidence of wrongdoing, referred to the Attorney General for appropriate action. Elections award power, and as your next Secretary of State, I will see to it that the laws on the books are followed. I will protect your voting rights. Vote for election integrity, vote Mark Finchem.

As a former US Marine, father of three daughters, attorney, and elections administrator – Adrian has spent his whole career fighting for justice and democracy. Adrian’s service in the Marine Corps and legal career emphasized the importance of dedication, discipline, and sacrifice in pursuit of the American dream. In 2016, Adrian became the first Democrat elected to the Maricopa County Recorder’s office in 50 years. Once elected, Adrian revolutionized Arizona’s elections by registering half a million new voters, providing direct outreach to underserved communities, and making voting free, fair, and accessible to all. From day one, he got to work professionalizing the operation and implementing a comprehensive plan in advance of Election Day: securing polling locations, recruiting and training poll workers, and educating voters on where, when, and how to vote. Adrian Fontes steadily oversaw the most scrutinized election in American history for one of the nation’s largest counties. As Secretary of State, Adrian will continue this important work and Protect Democracy by ensuring all eligible, Arizona voters have access to free and fair elections. Administering elections fairly and competently at the state and local level is more critical than ever and Adrian is the leader to do so.

Our democracy is facing a crisis. Too many voters in both parties have lost faith in our electoral process. Accusations of fraud, sloppy record keeping, and questionable security practices have led to an erosion of trust in the most sacred aspect of our democratic institutions. It was career politicians who have gotten us into this mess. And it will take an executive, a leader, a businessman and someone who has never held elected office to get us out of it. My name is Beau Lane. I am a native Arizonan, a husband, a dad to four great kids, and I've never been more worried for our state. With some Arizonans losing confidence in our elections, we need an immediate change in course. Regrettably, the people charged with administering our elections seem more interested in running for their next political position than doing the job they were hired to do. I'm not a politician. I'm a business owner/operator, I'm a community leader, and I am committed to restoring faith and trust in our electoral systems and operating the Secretary of State's office with professional business practices. I am asking for your vote...because our Democracy is worth fighting for.

The sacred right to vote is the ultimate safeguard against a cruel and oppressive government. Our future as a true free people living in a free society is inextricably tied to fair, free and secure elections. Now, more than ever, it is obvious the office of Secretary of State must set the standards and expectations for the administration of our elections. During my 12 years in the Legislature, I've championed several reforms to protect the integrity of our elections by banning the practice of ballot harvesting, consolidating election dates, strengthening our voter ID laws and cleaning up our vote by mail rolls. With what is at stake in the 2024 presidential election it's vitally important an experienced leader is elected Arizona's next Secretary of State - that leader is me. I am proud to have received a 100% rating from American for Prosperity, be a "Defender of Liberty" as rated by the Republican Liberty Caucus, a "Friend of Small Business" by the NFIB, an "A Rating" by the NRA, a "lifetime rating of 90%" by the American Conservative Union Foundation and a "100% rating" from the Center for Arizona Policy". Border security is national security. Drugs coming across the border are destroying lives. Fentanyl has become the leading cause of death for young Americans. More than two million people were caught crossing the border illegally last year, and unfortunately, many who cross illegally pose a very real threat to our personal safety and national security. I was the Border Security Section Chief for the United States Attorney's Office under the Trump Administration. I led a team of people who worked every day to enforce our nation's border laws. I personally prosecuted coyotes, gang members, cartels, and terrorists. I know what needs to be done to put an end to the border crisis. With violent crime on the rise, Arizona needs a leader in the Attorney General's Office who will fearlessly fight criminals and passionately defend law enforcement. I have spent the last 15 years as a state and federal prosecutor protecting the rights and safety of all Arizonans, and that's exactly what I would do as your next Attorney General. I have the right experience to tackle the most urgent issues facing our state today. That's why I'm running to be the next Attorney General for the State of Arizona.

I will work to secure our border, protect our elections, support law enforcement, and defend our liberties from attacks. I will fight against unconstitutional mandates that shut down businesses; rogue school boards who focus on teaching politics instead of reading, writing, and math; and any attempt to defund our police. Arizona's police know I am the best candidate to protect our rights. Andy is the most experienced attorney to have run for Attorney General in the history of Arizona, serving as a civil litigator, prosecutor, and judge for over 30 years. As a prosecutor in Yuma, he tried every type of criminal case imaginable, including the prosecution of Mexican drug cartels. In 2001, the Governor appointed Andy to serve as a judge on Yuma County Superior Court, where he served for eleven years. In 2012, he was appointed to the Arizona Court of Appeals. Later, in 2016, he was appointed as a Justice to the Arizona Supreme Court. Recognizing the importance of protecting Arizonans against federal overreach, as well as the need for effective solutions to the border crisis and election integrity, Andy stepped down from the Arizona Supreme Court in 2021 to run for Attorney General. Among his policies and legal strategies, Andy has developed a “No Trespassing Zone” plan to protect the border. This plan relies on Arizona’s authority to enforce its criminal laws against cartels that trespass on state and private land. Additionally, he will create a unique, rapid response Election Integrity Unit to enforce our state election laws.

I have never run for public office or taken a government paycheck, but I feel called now to restore the safety, freedoms and opportunities that have meant so much to me and my family in building PING golf from my grandparents' garage to a top global brand. I will defend Arizona from the federal government's overreach into our families, faith, freedom, and free enterprise. I won't stop until Arizona holds criminals accountable, victims are made whole, foster children are cared for, government officials and bureaucrats serve our people instead of lord power over them, and we make products here in America and in Arizona that provide for our people, our nation and our world without unsustainable inflation. I am a lifelong constitutional conservative, having studied Constitutional Law under Justice Scalia, a Supreme Court titan. I'm endorsed by conservative leaders across the state and country, including multiple current conservative state attorneys general and Arizona's former solicitor general — they all know I have the tenacity to secure our border, secure our elections, defend educational freedom, and defend our constitutional rights, including right to life for the unborn, 2nd amendment rights, and parental rights. I witnessed Arizonans surrender their freedoms in the name of security, while the political class blatantly violated their own decrees. We watched as churches, schools, and small businesses were shut down while big-box stores remained open. They demonize our police while idolizing criminals. When do we say enough is enough? I say NOW. As Attorney General, I will prosecute criminals who terrorize our cities. I will ensure our elections are free, fair, and without fraud. I will go after the cartels that are importing drugs into our communities, treating them as the terrorists they are. I will safeguard our God-given freedoms. I am running for Attorney General to be an independent watchdog for the people of Arizona, protecting Arizonans against consumer fraud, elder abuse, and attacks on our constitutional rights. It's long past time to take politics out of the Attorney General's office and restore it to its core mission:

- Consumer Protection - especially from fraud and scams aimed at elderly Arizonans
- Water security and clean air - protecting Arizonans from pollution
- Voting Rights and Secure Elections - protecting every Arizonan's right to vote and have that vote counted
- Protecting constitutional rights – including abortion rights – from politicians who want to meddle in private, family decisions

As an Arizona Corporation Commissioner, I walked into the office every day with one thing on my mind: 'How can I make Arizonans lives better?' We got big things done by working with both Republicans and Democrats, including passing Arizona's first renewable energy standard, passing our nation-leading energy efficiency standard and implementing the largest expansion of water conservation programs in Arizona history. We also protected vulnerable Arizonans by aggressively prosecuting securities fraud. That's what you can accomplish when you focus on looking out for the people of Arizona instead of partisan politics.

As an Arizona native, I'm proud to have spent my entire career fighting for the shared values that uplift our communities. I have been a champion for progressive change as an attorney, a public School Board Member, and State Senator. In those roles, I've realized that if we ever expect to advance policies in our state that reflect our values, we must first have a solid foundation of the effective management, investment and protection of our taxpayer dollars. Our shared values of healthcare for all, strong public education, and affordable housing start with how we manage and invest our taxpayer dollars. We have an opportunity to re-invent this office and change it from an administrative stepping stone to higher office into an office that seeks out ways to better serve the public through improving financial literacy, solving our housing crisis, and making our money work for us to protect our planet. Leading schools through one of the most challenging periods in modern history, she continues to create an office that elevates student voices and advocates for public schools and educators. During her first term, Superintendent Hoffman has focused on increasing funding for student mental health services leading to a 20% reduction in Arizona's student-to-counselor ratio, investing in programs to recruit and retain qualified educators, expanding digital connectivity to our rural communities, supporting Arizona's multilingual learners, and elevating the voices of our state's phenomenal educators. Superintendent Hoffman is running for re-election to continue building strong, welcoming, and fully-funded schools where students thrive and all educators are respected and compensated fairly. The pillars of a quality education have been demolished in the state of Arizona. Instead of promoting academic achievement and hard work, educators are indoctrinating students in critical race theory and other radical liberal propaganda. This results in student laziness and failure to master skills necessary for a successful life. I want to bring strong conservative morals and values back to our schools. I will promote real learning and fight to keep English immersion, proven over and over again to be more successful than bilingual education for immigrant children. I intend to fight back against all types of brainwashing of our children. Moreover, under my leadership, our schools will stay open and not shut down to appease the teachers' unions. I'm the only candidate with the experience, knowledge, and integrity to do this job effectively. When I served as school board president and later as Arizona Superintendent, my team and I made undeniable progress: higher SAT scores and students better prepared for higher learning instruction. I did it then and I will do it again.

Sapir’s priority is for all Arizona children to have the quality educational opportunities needed to build a solid foundation for success. Arizona parents want their voices heard and to be told the truth. It became increasingly clear to Sapir that they had been left out of decisions related to their children. They are tired of education bureaucrats that prioritize unions and not their kids. They have had enough of political indoctrination, racial division, and illicit sexual content being sown in the minds of their children as young as kindergarten. She will fight for educational freedom and parental rights, and will demand and enforce accountability, transparency, patriotism, respect for others and excellence in education. Sapir offers Arizona the opportunity to break the cycle of perpetual politicians who have failed to recognize this truth and will take decisive executive action to solve what has become a statewide child rescue mission.

You should know by now that I keep my campaign promises. I promised to expose the Dark Money spending by Pinnacle West/APS when I got re-elected, and I did. I subpoenaed the utility and forced the disclosure of millions of dollars in dark money. I am teaming up with Lauren Kuby, ASU sustainability scientist and former Tempe City Councilmember, to get a pro-consumer, pro clean energy majority on the Corporation Commission for the first time in decades. We can make Arizona the Solar Capital of the World, lock in lower utility rates, provide a solar economic boom, advocate for better consumer protections, and end the corruption at the Commission. With a warming planet, we need to take immediate action to end carbon emissions from power utilities. The Commission's Republicans are using "fraudit" tactics, claiming that renewable energy costs more than electricity from fossil-fuel plants, but the opposite is true. With fossil fuels, spiking natural gas and oil prices will cause added fuel charges. I don't anticipate the price of sunshine, wind or geothermal heat from the Earth's core changing anytime soon. The task is simple, the Arizona Constitution requires citizens to have safe and reliable utilities at affordable rates. Arizona consumers need Arizona solutions, not imported problems from other states like California and Texas. Our future is bright, with great promise through advancing new clean, dependable Arizona-based energy sources, capable of producing an abundant supply. Sources such as micro-nuclear technologies, clean hydrogen, and geothermal pump storage utilizing existing excess solar power. However, the affordability and dependability of our current energy sources must be maintained, as quality alternative sources are being developed. As a member of the Arizona Corporation Commission, my focus will be on putting consumers first. I will reject mandates, subsidies, and costly, undependable methods of providing utilities to our homes and businesses. I'll reject the profit schemes that have brought out-of-control rates, blackouts, and fraud to other states, and say no to policies that are more about who makes the profit than who pays the bill. With my experience in both water and power, electing me provides the consumers of Arizona with an experienced rate-payer advocate working on their behalf. Respectfully, I ask for your support and your vote in the 2022 Republican Primary for the Arizona Corporation Commission.

The best way to predict future performance is: past performance. When the citizens of LD-1 asked me to be their State Senator in 1998, I fought for them using the conservative Constitutional principles they deserve. We balanced the state budget eight years in a row – even during the post-9/11 recession. We passed the largest tax cut in the history of the state, while putting more new money into education and public safety than ever before. We spent less than the tax revenues we received and rebuilt the state's savings account – the Rainy Day Fund - to over 1 Billion dollars. We expanded parental choice for their children's schools, and protected the sanctity of life and our 2nd Amendment rights. Today, Arizona faces significant challenges again. Our State retirement systems are under-funded by more than 20 Billion dollars! The federal government is failing to secure our border with Mexico. Too many students are failing academically, and too many people question the integrity of our elections. I promise to fight for you again to solve these and other problems as your Senator. I humbly ask for your vote as we work together to make Arizona great again!

I am running for AZ Senate LD 1 with the Clean Slate for Democracy to take corruption out of politics. I want to strengthen traditional public schools and voter rights, the bedrock institutions of our democratic republic. The three-decade defunding of Arizona's public schools, which has placed us last in the US, must be reversed to achieve the following:

- A comprehensive solution for P-20 education, including increasing access and affordability of PreK and higher education.
- More resources going to schools to serve the students most in need (poverty/opportunity weight).
- Funding that solves our next fiscal challenges when federal COVID relief funds dry up in 2024 or the Prop 123 triggers activate.
- A long-term fix for the Aggregate Expenditure Limit.
- A significant investment in special education.
- Funding for full day kindergarten
- Raising teacher pay to a competitive level.

Efforts to place election outcomes in the hands of partisan groups must be stopped. Let's empower voters so voting is easy and secure. We need to retain early voting. To create an economy that works for all of us, Arizona needs a fair tax structure to prevent structural deficits and balance the tax burden equitably.

I am NOT the Establishment's candidate, nor am I a career politician, but I am a retired successful businessman. Extensive experience in a variety of fields helps me understand how to solve complex problems. I also know the law, and how it applies to a wide variety of intricate issues. I will fight for the people of Arizona! As a Constitutional Conservative, Patriot, and Veteran, I am a strong Second Amendment advocate, who will diligently work for laws that provide Free and Fair Elections, strong borders to protect our citizens, and Life for the unborn. We must expand the Parents Choice of where and how our children are educated, and the money must follow the child! We need to return to the Traditional American Values that made our country the greatest nation in the world. I will work for less regulation, lower taxes, and restoring accountability of our elected officials to the people. As an America First candidate, I believe in the sovereignty of Arizona, and I will remain true to conservative values in my service to the people of Arizona. I am running out of desire to have Arizona reach its full potential. As a life-long conservative Republican my priorities are protecting and defending the Constitution, promoting a strong border and election integrity, reducing the tax burden and government overregulation, maintaining fiscal responsibility and economic opportunity, upholding the right to bear arms, defending life, supporting our troops and families, and the protection of state rights. I am highly engaged with our community and volunteer for several political and civic organizations including the Yavapai County Republican Party, the State and National Federation of Republican Women, the Arizona State Rifle and Pistol Association, the Well-Armed Woman, and the Yavapai County Sheriff's Office Search and Rescue. Having lived in this District since 1971, I have a deep respect for our rich history and am dedicated to protecting and strengthening Arizona. After working as a nurse in this community for while teaching nursing at Yavapai College, I am accustomed to making a difference in the lives of others. I come from a long line of public servants in my family and am called to serve the community in which I was raised. I appreciate your support to keep Arizona great.

In 2020, you elected me to serve as your State Representative. Consistent conservatives like me helped propel Arizona to #1 in the nation for Second Amendment rights and #4 for school choice. Putting Arizona and America First means NO to special interests, confronting illegal immigration, increasing security for elections, cutting taxes while keeping our economy strong. You can rely on me to keep liberals from increasing taxes and taking our freedoms. My proven conservative record makes me a target for liberal challengers who disagree with our shared values. They may campaign as conservatives but have a bad record or no record at all. I was awarded Champion of the Taxpayer, Friend of the Family and Small Business, the Lincoln Award from the Republican Assembly, and the Liberty Award from the Republican Party. Constituents know I am the “real deal” standing in the gap between an overreaching government and fighting for their freedoms and security. Our economy needs strengthening, Critical Race Theory needs to be destroyed, we need to expand school choice, support our police, secure our borders and elections, and prioritize water and forest health. I humbly ask for your vote so I may continue to fight the good fight!

Having been born and raised in Northern Arizona, I would be honored to represent the great people of Legislative District 1. After serving 5 years in the United States Navy, my wife and I returned home to the Verde Valley and started our family. Upon seeing the worsening state of our educational system and the lack of election and border security, I felt that if I wanted to see meaningful change in Arizona, I had to be willing to run for office and help make that change myself. For far too long rural Arizonans have been cast aside. When elected, I will work tirelessly to make sure the people of Legislative District 1 are heard once again. Together we will fight to preserve the core values this great state was built on and keep Northern Arizona one of the best places in the nation to live and raise a family. In this August's primary election vote Ryan Cadigan for State Representative of Legislative District 1.

In 2020, I ran for office as an America First Constitutional Conservative. You elected me, I went to work, and I KEPT MY WORD! I have championed strong election integrity measures, secure borders (including a real wall!), low taxes, safe neighborhoods, improved highways and transportation (repairing SR-69 and expanding I-17), and personal liberty. I've introduced pro-gun bills, voted pro-Constitution, pro-life, pro-school choice, and pro-Arizona. And I helped pass the largest tax cut in Arizona history. So why is a solid, conservative Republican facing a primary challenge? Because I've voted NO on bad bills when the Arizona establishment wanted me to vote yes. I've fought against government overreach and tried to restore your personal health care and religious freedoms when the "powers that be" wanted to continue mandating how we lived our lives and what medicines we had to take. I've been called one of Arizona's most consistent and thoughtful conservatives because I love my country, my state, and everyone who calls it home. If you want a proven America First patriot, then I ask for one of your two votes on August 2nd. On behalf of my wonderful wife and children, THANK YOU!

I am Cathy Ransom, an Arizona mom who knows our economy has not been working as hard for moms as moms work for our economy. As the business manager of a small business in the Verde Valley, I have witnessed how decades of one-party domination in the state legislature have failed rural Arizona. Water, Education, and Healthcare have all been neglected. That needs to change. Our economy is not working for essential workers, teachers, frontline workers and small business owners. Teachers and Nurses are leaving the state because they can't afford to live here. I want the legislature to level the playing field and ensure we adequately invest in an equitable future for all of us. The Arizona legislature can help prepare the next generation for 21st century jobs by investing in our human infrastructure. Companies considering relocating to Arizona want an educated workforce and a solid healthcare system. It's time for a new vision for Arizona's future at the state capitol. As part of the Clean Slate for Democracy I will hold education, the environment and an economy that works for all of us as top priorities. Learn more at CleanSlateAZLD1.com

I am a husband, father, grandfather, and a solar energy entrepreneur. As the board chairman of Cybertran International I am focused on developing a zero carbon footprint mass transit system powered by the sun. Environmental crises, made worse by climate change, are part of a larger pattern that threatens our way of life. Arizona can play an important role in providing a solution to the challenges of climate change. To do this we need better legislative priorities and lawmakers who nurture innovation and support Arizona's transition to clean energy. Developing sustainable clean energy technologies here in Arizona helps us attract new businesses. We can and should be leading the world in solar energy innovation. To attract innovators for high growth businesses, Arizona needs a modern, high-caliber public education system anchoring intelligent, motivated, creative individuals and their families. To seize this opportunity we need to properly fund public education. This is why funding education and addressing climate change will be my top legislative priorities and why I am running as a clean election candidate as part of the Clean Slate for Democracy to build a better future for all Arizonans. I am a parent, educator, and former school board president. As a middle school and high school teacher, I have seen firsthand how policies at the state level have created a two-tier education system that hurts entire communities. I first ran for my local school board ten years ago because I realized that if I wanted to truly make a difference in my students' lives, I needed to get involved in policy and governance. I believe that every child deserves access to an excellent public education, and that their families should have access to fair wages, clean air, and affordable housing. For too long, elected leadership in Arizona has ignored the needs of working class families, and has increasingly promoted extremist policies designed to game the system for a select few. Arizona deserves elected leaders who will fight for the needs of everyday people and promote the common good.

I'm running for Arizona State Senate because our district needs consistent conservative leadership that always stands up for our values and protects our way of life. Since I took an oath to our

Constitution — first as a Civil Affairs Captain in the U.S. Army and then as a Representative in the Arizona State House — I've been dedicated to public service. After returning in 2008 from my deployment in Afghanistan, I started a small business and began to raise a family. I realized the importance of protecting Arizona's future. Arizona has a long history of being a state of boundless opportunity and limitless prosperity. But since the Biden Administration took office, things started to change. The humanitarian crisis at our border threatens the safety of our communities. Runaway inflation is leading to higher costs of living, and housing affordability is rare. We're paying more taxes for poorer quality education. And we're not confident in the integrity of our elections. We're losing the state we know and love, now is the time to step up and save Arizona before it's too late. That's why I'm running for re-election to continue serving you in the State Senate.

I got involved in politics after witnessing how much President Donald J Trump included God in his political activities before he got elected, at Trump rallies, in the MAGA agenda, at the White House and while Trump implemented his policies. I voted for Trump twice, once in 2016 and 2020. I saw how the media attacked Trump in 2015, and God touched my heart leading me into politics. I began to study hundreds of US Supreme court cases, learned that our country has been taken from the People who are the citizens and I got involved by attending the 2018 annual meetings of the Arizona Republican Party and Maricopa County Republicans. When elected, I will fight to ban dominion voting systems, ban duplicate ballots, require in-person verification for failed ballot signatures, allow Arizona citizens to take video/photos of any election worker, require body cams on all election workers and fight for Voter ID laws. I will protect our 1st amendment, our 2nd amendment, secure our southern border by finishing the wall, fight for Parental rights, protect unborn babies by being 100% pro-life and fight for American Jobs by putting American workers first!

This is my home. As a teacher, co-founder of Theater Works, church board member, community center director, and leader of a non-partisan group with demonstrated impact, I've learned powerful lessons about how listening and working together gives everyone a chance to succeed. I was deeply honored to be elected as your representative to the State House in 2020, where I've continued to listen and work together to address the issues that are important to you and your family. In my first two years, I helped direct federal dollars to preschool programs for at-risk children and families, and sponsored a bi-partisan adult education bill to allow Arizonans to lift themselves out of poverty, provide employers with an educated workforce, and help all of us to thrive. I share your priorities including investing in our public schools, creating good-paying jobs, addressing our housing, water and healthcare crises, and protecting our freedom to vote. I am a conservative Republican for now and for always. What we need in our state legislature are conservative Republicans. Government mandates and lockdowns were horrific for our community. For the past two years, Arizonans have struggled to recover from the deep economic, educational, and social consequences of a once-in-a-lifetime pandemic. As a husband, father, and small business owner, I understand firsthand the challenges our district faces. Conservatism – low taxes, law and order, and a strong southern border – works. Unelected bureaucrats – power-hungry politicians that sacrifice our freedom, free will, and free markets to expand government – don't. Woke ideology is teaching our children to hate America and our founding principles. Our border is wide open to drugs, violent crime, and human trafficking, threatening the safety of our neighborhoods. And you're being forced to choose between your career and medical freedom. That's why I'm running to serve you in the Arizona State House. Our country is at a turning point. It's become increasingly clear that if we don't do something now, it'll soon be too late. In 2021, I had more bills signed into law than any other first-year freshman in modern state history. I'm very proud I can be an effective Legislator for our district and I understand how to get the job done. During my first term, I was the Vice Chairman of the Transportation Committee. Also, I was a member of the Commerce Committee and Health Committee. Those topics are all fascinating to me and you'd be surprised what comes our way in those committees. I've spent my entire career in public policy. I've worked a combined 12 years at two different state legislatures, including here in Arizona, where I was a policy staffer for the Republican Caucus. I also worked at Americans for Prosperity, a Conservative entity focused on lowering taxes, regulations and shrinking government wherever possible. I'm running again to ensure our great state continues to be friendly for free markets and individual liberties! I look forward to earning your support.

District 4 needs support for our law enforcement and a strengthened southern border which protects our citizens, support for parents' rights, education that works for every student, and protection of every innocent life. I am your tireless advocate. I listen, I solve problems, and will never compromise our values. I have made it my job to look out for the vulnerable. All too often, the needs of the weakest are ignored because they aren't tied to lucrative special interest contracts and powerbrokers in government. These are the voices I have sought to bring with me into the Senate. Who are these voices? Foster children who lack representation and go missing with no one invested in their recovery; the seriously mentally ill who slip through the cracks of our broken system, ending up incarcerated instead. This is an important moment for our district and state. If re-elected to the Senate, fighting for you and our precious freedoms will continue to be my aim. While my experiences as a mother, teacher, and foster mother helped me decide to run for the State Senate, what truly motivates me is the need for more balance at the Capitol. After being elected to my first term in the State Senate in 2020, I knew my job was to represent all of my constituents, regardless of their views or their background. I went straight to work on the issues that matter: curbing the impact of our state's drug crisis, bringing together parents and schools to make sure that our kids have access to a quality public education, and securing the right to vote. Our state faces many challenges, and one-party rule has stifled Arizona for decades, with our most vulnerable populations being placed at the most risk. Our district needs to elect a Senator who will listen to all her constituents and make sure that all good ideas get heard. That way, we can work together to solve the many challenges we face.

Vera also believes it's past due to push back against an overreaching government and Big Tech trying to micromanage our lives. Vera is running for the State House because now is a critical fork in the road for Arizona—we either maintain Arizona history as a state of opportunity or we allow radical ideologies to squander the American dream away. As immigrants from Lebanon, Vera's parents arrived with little more than a strong work ethic. With hard work and the American opportunity, they built a beautiful life for themselves and their children. Because of this, Vera is incredibly passionate about the United States and freedom. When I last served as your State Representative, I established a strong conservative record fighting for border security, supporting our police, expanding school choice, protecting life and religious freedom, lowering taxes and prescription drug costs, and preserving our Second Amendment. My record leaves no doubt where I stand on these issues and I am ready to step up and do it again to protect the Arizona freedoms and values currently under attack. The radical Left is undermining every American institution which makes Arizona a safe, free, and prosperous state. Out of touch career politicians and bureaucrats are just making it worse. Covid showed us how dysfunctional and ideological our schools are, how fragile our livelihoods are, and how controlling our government is. As a former Assistant United States Attorney and Assistant Attorney General, I know firsthand that when narcotics and cartel trafficking is flooding through our border, funding the police must be our highest priority. As a current Scottsdale public school mom, I also know it's time to put parents first and stop the radical indoctrination in our schools. I am running for State House to fight for a better Arizona and I would be honored to have your vote.

During my time in the classroom, I saw just how underfunded our state's public schools are when a ceiling collapsed over a rug full of my kindergarten students while I was teaching. Now, I work to help Arizonans make their voices heard at the state legislature through my work with Civic Engagement Beyond Voting. I am ready to continue the work of listening to my constituents as District 4's State Representative. My vision is an Arizona where every child in our state can access a quality public education regardless of zip code, all voters have the freedom to vote and participate in our democracy, and families don't have to choose between paying healthcare costs and avoiding bankruptcy. Our state is so divided right now. I know we can bridge divides and build community by bringing everyone into our governing process and giving all good ideas the fair hearing at the legislature they deserve.

For the past eleven years I have represented LD 24 in the Arizona Legislature, eight years in the House and currently in my fourth year in the Senate. It would be my honor to continue to serve as the Arizona State Senator for LD 5. Throughout my career as a lawmaker, I have championed our public schools and universities, advocated on behalf of our most vulnerable communities, and worked to find common ground with my colleagues and pragmatic solutions to the challenges confronting our state. Accessible and affordable public education that prepares Arizona's young people for 21st Century careers, improving the lives of children and families, working in support of housing for the homeless and low-income families, and defending the civil rights of all of Arizona's citizens will continue to be my priorities, should I be re-elected to represent LD 5 in the Arizona State Senate. A native Arizonan and the proud product of our public school system, from kindergarten to graduate school, I believe in the potential of our young people and Arizona, which is why I will continue working for the people of our great state as your LD 5 State Senator.

I am pursuing the office of Arizona State Senator for Arizona Legislative District 5; I want to share my knowledge to solve problems with fellow residents of Arizona and District 5. I'm a native Phoenician, educated in Phoenix public schools and graduated from Maryvale High School. I have a Masters degree in Management Science with an emphasis in Health Service Administration. I'm a former United States Army officer and service-disabled veteran. The National Education Association's Estimates of School Statistics for year 2021 states that for the period 2019-2020, the salary of Arizona instructors rank number 48 of 51. These failing performance metrics deter businesses from relocating to our state. If Arizona wants to attract businesses to relocate to Arizona, we need to provide a more educated workforce with educational systems in place for their families. Relying largely on the steady climate has its limitations. I believe I can be most effective in the Arizona State Senate. I have a strong voice regarding the need to have an educated workforce to attract more higher paying employers to the State. Issues exist – I will fight to solve with innovative ideas.

When President Trump encouraged me to run for Congress I agreed, because I know we need conservatives at every level of government to beat the left and save our state and country. When Wendy Rogers publicly embraced a racist anti-Semite, endorsed white nationalism, then threatened to personally destroy any Republicans who held her accountable, I knew I needed to stay and drain our Arizona swamp first. I'm a Veteran, and I'm everything Wendy claims to be: A MAGA conservative with an actual record of writing and passing election integrity bills to secure our elections, a long record of votes for record tax cuts, pro-life policies, efforts to secure our borders, eliminate taxpayer funded benefits for illegals, and more. And I voted to drain the DC Swamp by voting FOR Term Limits for Congress, while Wendy voted NO. Rogers raises millions of dollars by talking about doing things. I get things done, and I do it without endorsing racists, embarrassing our party, our cause, or our state. You have two choices who campaign on the same issues. The difference is she promises to fight, while I actually win. I hope results matter to you and ask for your vote.

I've pushed to secure our borders and enforce our laws. And I'm bringing transportation dollars into our district to improve our roads and highways. As a Rancher myself, I'm also the Legislature's "Go To Guy" for issues related to rural Arizona, water, agriculture, ranching, and more. Too many legislators have never been to Apache Junction, or can't find Payson, Globe, Florence, Williams, Heber, Show Low, Snowflake or Pinetop-Lakeside on a map, but these are my towns and people. Fighting for what's right makes me the target of lies and attacks, but I won't be bullied. I supported President Trump's fight against the DC swamp and I'll keep fighting the AZ swamp. For ten years as your public servant elected to the Arizona Legislature, I have fought to restore integrity and accountability in government. Having grown up in poverty with a single mother, I know that individual success coincides with a shared investment in education, infrastructure, health, economic stability, housing, and safety. Now as a new father, I see firsthand how important it is that we end the political and economic inequalities that punish many Arizonans by denying opportunities to better the future of their children. I received my associate's from Phoenix College, my bachelor's from ASU, and am pursuing a Master's in Public Administration. My family needed me to pitch in and rejoin the family business. It was a tough call but when times are rough, you do what's needed of you. I took on a leadership role in our business; that meant making some hard choices. It turns out they were the right ones, and we rebuilt our business stronger than before. It's clear that Arizona needs real investment. Near last in the nation in education and healthcare spending; an economy lagging far behind other states... This isn't what we voted for. Russell W. "Rusty" Bowers

Party: Republican

I am Rusty Bowers and four generations of my blood have loved Arizona, and along with my wife, children and 20 grandchildren, I am upset that President Biden disregards the security of my family and has abandoned Arizona and his responsibility. I authorized legislation to push National Guard troops to the border and more going. I brought tens of millions for law enforcement and more coming to increase the prosecution of crossers who break state laws. I want the lighting and technology laying on pallets along the wall the feds left used! Large gaps? Fill them!! "We have prepared for the water shortage, and I have led in the effort to find and fund additional water for our people. We built a business climate bringing hundreds of new companies and thousands of new jobs. We gave Arizonans the biggest tax cut ever! I authorized funding to finish the I-10 southward, along with millions for new infrastructure. "I authorized 20 new laws to tighten election integrity, and more than 30 more in the pipeline to protect this fundamental right for all Arizonans. "You want things done right? I am the one!

After I served in the State Senate I was retired, until the calls came asking me to run again. I was told that Representative Bowers was running for Senate and leadership. I have respected him for years, but his politics have shifted so far left, that I was persuaded to run, to keep a conservative in this seat. Rusty campaigns as a conservative, but he blocks important election integrity bills, soft-pedals problems like illegal immigration, and has taken the lead in pushing agendas that place our kids at risk in their schools, against their parent's wishes, apparently, so he can appeal to a liberal media and establishment that is hostile to our founding values. With such a closely divided legislature, we cannot afford to elect Republicans who will not champion our values. I have been named Champion of the Taxpayer and my record shows I am 100% for border security, school choice, pro 2nd Amendment, pro-life and pro-family. I am a third generation Arizonan. Please vote for the team of Farnsworth, Heap and Parker. We must protect our state from those who would turn us into California! May the Lord help us restore liberty! David Christian Farnsworth

I'm a first-time candidate running for the Arizona State House. I am running because I see what the left is doing to our country from Washington DC, and what they are doing in neighboring states like California, New Mexico, and Colorado, and I know Arizona can do better. Arizona is one of America's most successful states because of our pro-growth policies and because we are protecting the principles and liberties that have made America great for so long. But our values are under attack. Not just from liberal Democrats, but from their liberal Republican allies. Today, good legislative bills are dying because Republicans are not united around core values like school choice, lower taxes, free-market solutions, protecting the unborn, and our Constitutional liberties. My family roots run very deep in this wonderful state, and I'm sure the Heap family will continue to call Arizona home for generations to come. I'm running to serve those future generations by fighting for what is right and what works today. I am requesting your support and will be honored to serve as your representative as we work to save our great state.

My political journey began after surviving the Iranian Revolution of 1978 and witnessing how tyranny destroys a nation. I'm running as a constitutional conservative to save Arizona and our Republic from Biden's failed policies. I am 100% Pro-Life, Pro-Constitution, Pro-2nd Amendment, Pro-Limited Government, and Pro-Religious Freedom. I am a proud Arizona native! I've been married 40 years and my husband and I have raised our 4 children in Mesa. I have degrees in Nursing and Clinical Psychology with certifications in Cardiovascular and Emergency Room Medicine. I'll stop government bureaucracies from playing politics with our health, our lives, and our civil liberties in the name of pseudoscience. I'm honored to have the endorsement of proven conservatives like State Senator Warren Petersen, Cindy Biggs (wife of Congressman Andy Biggs), US Senate Candidate—Commissioner Justin Olson, and many other grassroots leaders. We MUST HAVE COURAGE and LEADERSHIP at the capitol from those who will bring experience serving the people and who are grounded in principles that work. Your priorities are my priorities: securing the border, election integrity, parental choice, and stopping radical agendas from further overtaking our government and schools. I would be humbled and honored to earn your vote on August 2nd.

It's been said that education is a great equalizer, where common people can accomplish uncommon achievements. The goal of our education system is to create conditions where learners can contribute to our society and therefore improve a person's quality of life. Our education process at the local, state, and federal level must be looked at as an investment in people rather than a system of liabilities. As a former school teacher, school administrator and school board member, I will lead the fight for school funding based on updated population and inflation data since 2008; to get an accurate aggregate expenditure limit amount. Until then and only then will we know the accurate amount our public school districts deserve. I support businesses. Businesses thrive with well skilled and educated employees. Those future employees are sitting in our classrooms today. I will bring the business and education stakeholders together when elected to better serve our students. I will fight for families; especially ones pending eviction. There are over 65,000 families in Arizona currently in danger of being evicted. Many of these families are in my district. Having already served in the House and Senate, experience is what I will bring to you! Catherine Miranda

Child and Family Well-being As a survivor of the foster care system, Naketa understands that every family should have access to the resources they need. This means not just affordable childcare and a living wage but changing the laws that negatively impact low-income families. It is vital to provide necessary support and skills to the more than 14,000 youth in foster care in Arizona. We must ensure Arizona families have access to state and federal health care options, including abortions and gender-affirming care. Funding Public Education Arizona is ranked 49th in education funding, but adequate funding is only part of the problem. As a Governing Board member for Phoenix Union, Naketa has consistently prioritized our students' educational, health, and safety needs and teachers and families. We need better funding for education, more affordable housing options, high quality jobs, and sustainable water solutions. As your current

House Representative and a computer systems analyst, I am a problem-solver with a successful track record. In 2021, I led a statewide team to develop and pass bipartisan solutions for Arizona's Unemployment Insurance system. The results are better benefits for workers and lower tax rates for employers. As a former school board member, I am known for listening to parents, teachers, and students, and I speak up at the Capitol for the support our schools need in order to offer an excellent education and keep qualified educators. As a small business owner, I know first-hand that public policies must provide a supportive environment for your business to compete and grow. I push for fiscal responsibility and government integrity: our tax dollars belong in our pockets and in the programs that help our community, not in the pockets of cronies and special interests. Practical solutions are possible without raising taxes, if we work together. In the AZ Senate, I will continue listening, collaborating and leading to stop the partisan games and build on Arizona's strengths.

Opportunity to thrive, to receive an excellent education, to start a business, to find a good house in the neighborhood they call home. I'm a Veteran, Scientist and Mom. As a member of the U.S. Armed Forces, I fought for our country, our freedoms, and our future and will continue that fight for all Arizonans. As a Scientist, I will make data-informed decisions to fully understand the long-term ramifications for subsequent generations. As a mother, I think a lot about the legacy we are leaving to our children. We are the stewards of their future. I see the world of opportunity for our children getting smaller: from access to education, making their own family planning and healthcare decisions, the environment they will inherit, to whether they will have a voice in their democracy. Arizonans deserve a better future. I want to expand the choices and opportunities for Arizonans. The government needs to work for us again and our state budget must reflect our collective values. "We the people" needs to mean something once more. We need to bring common sense back into government, to focus more on issues that bring us together, less on what divides us. We must meet the needs of Arizona's working families by coming together. That's the example we need to set for future generations!

I decided to run not DESPITE the current political climate, but BECAUSE OF IT." That's my answer to the most FAQ I hear talking to my neighbors. I will serve all of my district (and Arizona) and I will work to improve that climate. We are ALL Arizonans who love our state and our country! As a journalist and an attorney who has practiced elections law, I know we have a secure, fair and accurate elections system. I am standing up and running because my experiences and skills set will help protect democracy against disingenuous attacks. Bad bills simply to make political points have become far too prevalent. I will help bring back responsible lawmaking and governing. We need to work to make our public education system stronger, so that we can retain our good teachers and better educate our children/grandchildren. We need to responsibly plan for our water future and our climate future. We need to protect reproductive rights and women's health decisions. We need to improve our state for ALL Arizonans. I am running for Senate in LD13 because I have the experience to make Arizona better by improving education funding, supporting elections security and accessibility, expecting privacy in healthcare, and providing tools for safe communities. I've lived in AZ 29 out of the last 34 years as a public-school parent, a retired educator, and an election worker. Most of my professional career was spent in middle schools as a teacher, assistant principal, and principal. My three children are the product of AZ public schools. However, there has been an erosion in funding: I am passionate about increased education funding. We should hold charter schools to the same transparency and accountability as public schools. Upon retiring from education, my activities have been focused on supporting the foundations of democracy. I became a volunteer Deputy Registrar with the Maricopa County Elections and have worked every election since 2017. I'm active with Save Our Schools, the League of Women Voters and have worked on multiple non-partisan initiatives and referendums. Arizonans deserve privacy in their healthcare decisions, without government interference, living in safe communities with adequate funding for schools, for first responders, and for legislation that addresses gun violence.

As your legislator, I have written some of the most consequential laws on the books. They include:

Reforming Arizona's tax code into a flat tax (which was the biggest tax cut ever), increasing the state's rainy day fund savings, balancing the budget, protecting health coverage for Arizonans with pre-existing conditions, raising teacher pay by 20% (which was the largest education investment in state history), protecting survivors of domestic violence and sexual abuse, confronting the opioid epidemic, shielding seniors from financial exploitation, creating veteran-friendly college campuses, and passing responsible election integrity measures, including the Voter ID proposition that will be on this November's ballot. That's why I have received awards like Guardian of Small Business, Champion of the Taxpayer, Friend of the Family, Open Government Leader, and many others. There are those who want to undo all the progress we've made and turn us into their version of today's California. We can't let that happen. That's why I need your vote. Let me continue using my diverse background, which includes husband (to a registered nurse), father to two adorable little girls, professor and small business owner, with master's degrees in business and public administration, to keep delivering results for you.

These are the things that I am passionate about:

1. We need to improve our education system and properly fund our public schools. 2. We need health care reform - everyone needs health insurance including self-employed persons. 3. We need to preserve our voting rights - elections need to reflect the true will of the people. 4. It is essential that we properly care for the mentally ill to help reduce addiction issues, the incarceration of the mentally ill, and homelessness. 5. I want to help eliminate systemic racism, sexism, ageism, and LGBTQ discrimination to ensure equal treatment for all our citizens. 6. I believe in responsible gun ownership. We have the right to protect ourselves and our families. 7. I believe these ideals and goals can be accomplished in a fiscally responsible way. As your State Senator, I pledge to propose and support legislation that helps accomplish these goals and oppose legislation that does not.

Next to my faith and family, my greatest treasure is my citizenship of this great country. I am a naturalized citizen, having been adopted from Seoul, Korea at the age of five. My loving adoptive parents taught me well about this incredible country in which we live. I have a deep love and respect for the Constitution and the country for which it was created. As a Legislator, I will hold the requirements of the United States and Arizona Constitutions as my guiding principles to ensure our Arizona laws are fair, equitable, just and above all, constitutionally sound. As a Controller for a locally owned developer, I have seen the intensity and sacrifice of entrepreneurship. Our state is as successful as it is because of the ingenuity and sacrifices of those that follow their dreams, who contribute to the bedrock of opportunity that is our State of Arizona. I will work hard to preserve those opportunities, and to clear the hurdle for the next generation of job creators and opportunity givers. As a State Representative, I will work to bolster individual freedoms, protect Arizonans from an overbearing Federal and State Government, and bring more opportunities to all citizens.

I've been a resident of our great State of Arizona and east valley since 1995. We face a pivotal election. I want to be your Representative

because I am convinced that the greatest threats to “by the people, for the people” are upon us now. I pledge to fight tirelessly for our communities. I will advance initiatives to improve the quality of life for the people of district 13 and Arizona. Second, I will focus on policy – not performance politics, not partisan bickering, not populism – policies to help our businesses and drive our economy forward; policies to achieve a second-to-none education system; policies to ensure we have a framework for fair elections; policies to secure and protect our border; and policies to strengthen our critical infrastructure. I am a proud father and grandfather, a former business transformation executive, and an owner of a small business for the past 12 years. I hold a BS in Business Administration with a major in Computer Information Systems from Rockhurst University and a MS in Information Management from Arizona State University. I pledge to serve our State with integrity and humility. Thank you.

After moving to Chandler in the late-90s, Arizona is the place I call "home." It's an amazing state but the things that make it successful are under attack. Ironically, liberals fleeing high-tax, high-regulation states are moving to low-tax, low-regulation states like Arizona, but they're bringing their liberal policies and voting habits with them. We need to make sure we don't let this leftward push ruin everything that's working in Arizona. I'll work to end COVID mandates, protect school choice/parental rights, and protect borders. I'll advocate for election integrity to have honest/fair elections and the enforcement of our laws. I'll work for a strong economy and safe neighborhoods. And I'll oppose efforts to raise taxes or give government greater control over our lives and daily decisions. As a servant leader for the last several decades, I am committed to you and I will work tirelessly to get the job done! I'm a mother, blessed with three great kids. I've worked in real estate for the last 17 years and have served in a variety of community and industry positions. I ask for your vote so I can get to work to do all I can for Arizona and our district!

This campaign is about “All-or-Nothing” when it comes to our inalienable rights. I will NOT compromise-away your freedoms as American citizens. I will stand and fight against the critical issues that are eroding the very foundation of our Constitution. I’m not a career politician, nor do I want to be. I’m a husband to my selfless wife, a father to my 3 children, and I’m standing up for the preservation of their freedoms, for future generations, and for you, because I’m deeply concerned with the continued trajectory of this country. I will not compromise in order to “cooperate” with those who don’t hesitate in diluting the value of Liberty. I’m unashamedly a follower of Jesus Christ, and strive to lead my family daily in the orthodox Christian values. Christians are commanded to love their neighbors, and to fight for those who cannot fight for themselves. This is why I will work to END abortion in this State. I served my country for over seven years in the US Marine Corps, participating in two overseas deployments with the 13th MEU. My experience in service to this great Nation has only forged my deep gratitude for our God-given freedoms.

I am running for re-election to the Arizona House of Representatives as a person who cares deeply about the state. I was born and raised in Arizona; my husband and I chose to raise our daughters here. In 2016, I left the classroom to run for legislative office. During my two terms, I have served on the House Education Committee. I have supported bills that positively impact students from K-12 through university. Some of these include preschool funding, gifted funding, adult education and work-force development, and more counselors. Voting rights are of great concern to people who live in the district. When voting on these bills, it is important that they are constitutional and able to be implemented. Voting should be simple, yet secure. Finally, as desert dwellers, we must understand the importance of water. The decisions we make as legislators will impact Arizonans for decades. We must be thoughtful and include a multitude of stakeholders as we contemplate how we will allocate (and perhaps augment) water in Arizona. There is much work to be done in these areas and many others. I am committed to showing up and thoroughly doing my job in a thoughtful, contemplative manner.

Thank you for your trust, support, and opportunity to serve you. I ran for office as a small business owner and concerned citizen, promising to limit government and protect our Constitutional rights. I have kept my promises. I'm a top-ranked conservative in the Legislature and have been awarded Small Business Legislator of the Year, Hero of the Taxpayer, #1 for Constitutional Voting, Free Market Champion, Top Regulatory Reformer, Guardian of Small Business, A rating by NRA, and Friend of the Family. I passed legislation to eliminate politicians' pensions and to shrink government. Arizona has dramatically increased K-12 funding (currently over \$14,000/student), is enjoying record breaking surpluses (even after passing record tax cuts), and our economy and job numbers are national leaders. I'm proud to be running as part of the proven conservative team of Petersen, Grantham, and Hendrix, and hope you'll elect them as well. Grantham and Hendrix face primary challenges from candidates who disagree with our conservative values. Visit www.votewarrenpetersen.com to learn more and feel free to contact me with any questions. I am committed to the values that have made Arizona such a desirable place to live, raise families, and grow businesses. My plans to run for office in 2024 were accelerated when I realized the need to ensure logical conservative values in the legislature. The time is now to empower the voters, breakdown bureaucratic barriers, and implement real change for our state. Arizona is facing critical issues, such as water, immigration, and education that will require multilateral support to resolve. We must address our water crisis with innovative solutions and effective legislation that will ensure that Arizona's economic interests and agricultural vitality are preserved. I'm a fiscal conservative and believe the power of the people should remain at the lowest level of government possible. There are over 550,000 small business in Arizona. Our prosperity depends on businesses that thrive, and it's vital that our legislature ensures that businesses have freedom from the excessive regulations that discourage innovation and stymies growth. This election and the decisions that will be made in this upcoming term will have significant effects on our way of life. Vote for Natalie DiBernardo and let's get to work to create a better Arizona for generations to come.

I'm a third-generation Arizona native, and I'm proud to serve as an Officer and Pilot in the Arizona Air National Guard. For the last two years, your team of Warren Petersen, Jake Hoffman and I have won awards from taxpayer and family groups because of our consistent conservative records in support of policies that protect Arizonans and make us stronger – Secure Borders, Election Integrity, Strong Schools, Low Taxes, Constitutional Liberties, and more. Now, Arizona leads the nation in economic growth, Arizona schools are national leaders in closing the achievement gap, and people are moving here from all over the country, because Arizona is doing things right. Because of redistricting, Jake Hoffman is now in another district, so we're excited to be running with Laurin Hendrix, who served well previously, and who has been outstanding on the City Council these last two years. As usual, being conservatives means we get a primary from two liberal candidates who will no doubt run as conservatives. But we know they disagree with our records and values – that's why they're running against us! Keep Arizona on the RIGHT track and elect the team you can trust – Petersen, Grantham and Hendrix. Thank you.

Several years later I was asked to run for City Council because they needed a conservative they could count on, so I agreed, and have fought to protect taxpayers, support public safety, and take care of the needs of a fast-growing city. Now, I've agreed to return to the Legislature because a lot of really important issues are dying because of tiny, one-vote margins. Every seat matters and we need consistent conservatives. That's why I'm running with Warren Petersen and Travis Grantham. REMEMBER, YOU GET TWO VOTES FOR STATE HOUSE! Vote Grantham and Hendrix. Please don't elect Travis and one of our liberal opponents to cancel out his conservative vote. We need to secure our elections and our borders, we need to keep Critical Race Theory (CRT) out of our schools, we need to keep our economy on track and stop left-wing ideas like cancel culture and turning Arizona into California. Every vote matters, so please elect your conservative team of Petersen, Grantham, and Hendrix, and THANK YOU for doing your part. We won't let you down!

At the Capitol I have been hard at work to secure our elections, authoring legislation to ban the private funding of elections, prohibit the mass mailing of ballots to voters who didn't request it, and require proof of citizenship to vote. I've fought to protect children by prohibiting sexually explicit material from being used in our schools. I've stood up against the tyranny of COVID by protecting small businesses from rogue government agencies, and this year, banning any Arizona government from requiring a COVID vaccine. I'm proud to be running as a team with two incredible conservative Republicans, Jacqueline Parker and Neal Carter. I ask that you support all three of us. Issues close to my heart include protecting religious liberty and the unborn, reducing taxes and spending, eliminating government waste, enhancing border security, and protecting the integrity of education through expanding parental rights and school choice. I am 100% pro-life: I voted for the heartbeat bill and for an end to chemical abortions; 100% pro-2nd Amendment: a longtime CCW permit holder myself and sporting enthusiast; 100% committed to reducing taxes; I've signed Americans for Tax Reform's pledge never to raise taxes, and 100% committed to freedom whether it be health freedom, educational freedom or economic freedom. Victories this past session include fighting against mask requirements by passing a bill in the State House banning masks at all government offices and standing up for local determination where incorporation is involved. Fighting for you means building allies with shared vision and tested principles. It has been my great privilege to serve on the Casa Grande Union High School Governing Board starting in 2020 where I have advocated for teachers and students. In this time, I have worked with talented and dedicated staff who are passionate about student success. However, our legislature has continued to not give schools the resources they need to be successful. As a father I have grown increasingly concerned for my daughters who are growing up in underfunded Casa Grande schools. Our legislature must address the issue of education, and work to move democracy forward. We must make voting more accessible and work across the aisle to solve our state's toughest challenges. I have been married 28 years, with 7 children, and as a family man, I see a desperate need for Christian leadership in our nation. The

Republican party platform is exceptional because it is biblical. I am pro-life because of Psalm 139.13. I am pro-second amendment because of Luke 22.36. The government should be limited and under God (Romans 13). Parents, not the government, are responsible for their children's education and should have school choices (Ephesians 6.1-4). Welfare programs and safety nets start with the family and the church (1 Timothy 5). Marriage is between one man, and one woman (Matthew 19.4-6). Governments should not attempt to supplant God (Psalm 33.12). The Constitution is built upon the principle that men are fallen and when given the opportunity to rule over other men they will be tempted to tyrannize them (Federalist #51 - Madison). Therefore, the Constitution should be understood as a timeless document to be interpreted as the founders intended it. America should be energy independent and accountable to God, not Marxists (Deuteronomy 28.10-14). What the left fears most is when the people of God base their arguments upon the timeless truth found in the Scriptures (Matthew 7.24-29).

I'm running for State Senate to defend the most basic right of all Arizonans--the right to vote and to have that vote counted honestly. Too many politicians are wasting our tax money on "audits" and highly partisan bills imported from other states that divide us, inflame their constituents and divert our attention from the one issue behind which we must all unite—the right to vote. With our representatives elected fairly, we can work together to address Arizona's real challenges. I will push to increase funding for our public schools, I will negotiate a water plan to protect Arizona's future and increase our unique economic advantages to generate solar power, and I will work to ensure the best possible health care for all Arizonans. As a local church pastor, I have served diverse populations. I have brought together people of different backgrounds and opinions to find common ground and sensible solutions. My Master's degree in urban planning and Ph.D. in historical geography will inform my work. My political activity started with Republicans who championed civil rights. Since then, I have worked on several Democratic campaigns over the years. I know how to work across the aisle.

This is why I decided to put my business life aside, and focus on my family, and the families of all Arizonans. This led me to become a teacher, fostering the next generation of Americans. But my business background could not be hidden, so I eventually became the Director of the preschool. As a mother of five, former teacher, and former business executive, I knew that I could no longer sit by and let the Socialist Democrats in Phoenix ruin our great state. The events over the past two years have been both astounding and terrifying. We saw a corrupted electoral system, schools teaching critical race theory and radical sexuality to young children, and a governor declaring a state of emergency that gave him the power to mandate medical decisions, close down whatever business he deemed unessential, and have our schools closed down. I looked to our elected leaders for help and couldn't find anyone willing to stand up and fight for us. It became apparent that the politicians were more worried about their own political careers than doing what was right. I am running to fix the broken election system and eliminate the potential for fraud, to make sure medical decisions are left up to you and your doctor and not your politician and employer. I'm running to fix the school system and create school choice for all Arizonans, to make sure we teach the basics of reading, writing, and arithmetic and not critical race theory, radical sexuality and gender theory. I am a retired physician who has lived in the new Legislative District 17 for 38 years. I am also a wife and mother. I am running for Arizona State Representative to represent YOU, and to promote the policies most Arizonans want: (1) honest and reliable governance and elections, (2) good public education that teaches rational thinking and job skills, not racial divisiveness, (3) second amendment rights that allow us to defend ourselves and our families, and (4) individual freedom to make health care decisions for ourselves and our children. Right now, most of us believe our country is headed in the wrong direction, with our borders completely unsecured, inflation out of control, energy sources dependent on foreign and hostile countries, and government deficit spiraling ever upward. We need to push back on these destructive policies as strongly as possible in the state legislature. We must also preserve the authority that the state has traditionally held to manage its own affairs. The candidates we elect to our state legislatures could be the most important people in government over the next few years. Please take the time to vote.

I'm Morgan Abraham. I've spent my life working to make Southern Arizona a better place to live, work, and raise a family. As a small business owner, I've built and created thousands of affordable housing units. As an Intelligence Officer in the United States Army, I'm fighting to protect and defend our country. As a State Representative, I've introduced bills to get rid of tax loopholes, fund education, create a public pre-k system, retire coal and natural gas plants, and increase the supply of affordable housing in our community. As an education advocate, I've fought against the draconian cuts harming our public schools, colleges and universities. Whether it was opposing Jan Brewer's tuition hikes or standing up to Doug Ducey balancing the budget on the backs of our schools, I'm proud to stand up for education. I'm running for the state senate to keep pushing for progressive values and because we need a fighter at the legislature to push back against the republican extremist bills threatening our right to vote. I have the experience, energy, and enthusiasm to get the job done and with your support, I'll continue fighting for Southern Arizona values at the State Senate.

Why am I running for office? After working 33 years for the Department of Defense, I knew in my retirement that I couldn't stand by and watch my great state and country continue down the path it was heading. Gas prices continue to rise; inflation is higher than it's been in years; our freedoms and liberties are being challenged; people are not respecting police, first responders, or our military; our border is not being enforced; and common respect and courtesy is fading. Families are being torn about by political division that is fueled by the mainstream media. In some ways, I'm glad my mother is not alive to witness the state of things. I respect everyone and will fight for your constitutional freedoms. I helped to raise my three kids in Arizona, and all graduated from Arizona schools. I am a certified substitute teacher in Arizona and have worked in Amphitheater and Marana schools. I wish for Arizona children to have a quality education. It's time Arizona leads the nation in restoring respect, responsibility, and common decency back into Arizona and our lives. I'm running to make a positive difference!

My passion is public education. I am running to ensure that Arizona puts public education, teachers, staff and students as a priority. We must prioritize public education and fully fund it so that we can ensure all students receive an education that will allow them to be successful in the paths they choose. Teachers should be empowered to teach students with creativity and knowledge, rather than being demeaned. Education in Arizona should bring opportunities for all students to learn in a variety of modalities in order to prepare for a bright future. I am a Gun Sense Candidate and will work for sensible gun legislation. I will protect a pregnant person's right to choose what they want for their body. I support and will protect voter's rights. It is essential to our Democracy that each person who is able to vote has the opportunity to do so. It is important to protect our precious water and not allowing legislation to steal water from underserved communities. We must work together to protect our public education, right to choose, our voting rights and our water.

I'm proud to be your State Senator and never forget why I ran for office, or who I work for. I've worked to put an end to the liberal establishment running our state, and to make sure rural Arizona has a strong voice to stand up to the Maricopa County majorities that dominate our State Legislature. I've been named Champion of the Taxpayer, Friend of the Family, earned an A+ from the NRA, turned our state's budget deficit into a surplus, and helped turn Arizona into the #1 pro-life state, #1 pro-2ndAmendment state, and #1 pro-school choice state in the country, all while cutting regulations and growing jobs! Your values are my values! I've served as Speaker of the House, giving Southern and rural Arizona real influence, and today, as the Senate Appropriations Chairman, that influence continues. My mission is the same – to give you, our district, and Arizona, my very best! I continue to fight for election integrity, secure borders, high-paying jobs, quality schools and school choice, taking care of our police and veterans, and more. Having full-time counselors and nurses at each school is vital for the social and emotional wellbeing of our students. I'm committed to expanding vocational opportunities and growing our workforce by funding and supporting programs like JTED. It is essential that our three universities/community colleges be recognized, treated, and funded as engines of economic development in Arizona. In closing, clean air and water are essential to the well-being of our citizens. Therefore, Arizona must have strong laws to ensure the protection and improvement of our environment. Hello! I'm State Representative Andrés Cano. I've had the honor of serving in the Arizona House of Representatives since 2019. Arizona continues to make headlines for all the wrong reasons. For example: our state is at the bottom of K-12 spending nationwide, we spend more money sending people to prison annually than on our three universities combined, housing costs are skyrocketing, and our environment is more at risk than ever before. As your voice at the Capitol, I opposed dozens of laws restricting our freedom to vote, voted against the 15-week abortion ban, and vehemently said "no" to the passage of discriminatory legislation that harms Arizona's LGBTQ+ youth. While my Republican colleagues refuse to bring us together, I won't sit silent: I'm running for re-election to hold them accountable and to leave our state with a reputation we can be proud of. With a \$5 billion surplus, we have the resources needed to invest in working families and small businesses, to lower health care costs, increase teacher pay, and to protect our air, land, and water. I humbly ask for your vote of confidence as I seek to continue representing our shared values in the State House. Thank you.

Welcome Arizona, Before I was a Arizona State candidate....before I was voted as Acting Mayor of South Tucson City Council....I was a government intern studying Business Management and legislative policy. With six years of local government experience, I understand how state legislative policies preempt local municipalities. My personal connection to entrepreneurs and cities is why like so many of you, I want more done for small businesses. I am committed to making our community a better place to live and work. I am running because I believe the future of Arizona lies in the hands of 90 state representatives. I want the well being of my district to be sustainable through empowerment, economic development (e.g. tourism), health care, housing, mental health, financial literacy, livable wages, mobility, and environmental justice. I speak to residents frequently and what they want, is a representative who has faced challenges and understands the issues they face on a daily basis. My goal is simple: help people and communities prosper and create jobs. Focusing on policies that help not hinder the people served, employment, and business investment. I serve because we need a blue-collar worker, a Union Dues Paying member to represent working families. I have been watching my Union Sisters and Brothers getting infected with COVID, and some have died. We need better worker protections for all workers from railroaders to educators. Corporations and big businesses every year set goals to increase their profits at the cost of Labor. The company I work for is no exception, trying to make us more available, and expecting us to do more with fewer, while increasing our workload and maintaining the same productivity while making it harder to perform our jobs safely. I believe “One Job Should Be Enough”, because many are working multiple jobs to put food on the table. Housing is becoming unattainable for 1st time buyers and many homes including the neighborhood I live have multi generation families. Rent is outrageous. I will continue to serve because as I tell many, I get it and live that lifestyle of a worker, because like them I have to work.

Blessed with a unique district that is home to a variety of cultures and natural resources.

Arizona's Desert Southwest Yields the highest quality agriculture, bottled dairy, hunting, military installations and some of the friendliest people. Sadly, our rural district is suffering from a lack of funding for water, education, health care and infrastructure from border walls to highways & residential widening streets projects. When we demand money for our rural communities needs, our current long term legislators (D) Vote NO. Infrastructure is critical for our rural communities safety ,thats why I'm going to the State Capitol to prioritize the Urgency that has been neglected and a complete failure under our current long term elected legislators. The quality of life we enjoy shouldn't be a pawn in a partisan political game. While businesses & families are still recovering from the damage done to our economy by the pandemic. The tax burden placed on business owners must be lightened- substantially. Property taxes must come down. Our communities can't survive thru this inflation in food supplies , rising housing prices and fuel cost ! Im going to the State Capital to finish our recovery & lighten the burdens created by the current administration (d)

I've had the honor of serving my community through my career, volunteer service, as community organizer, and elected school board member (Agua Fria UHSD). We've had the same party leading Arizona since the Vietnam War; this is simply not working for families today. We've got big challenges in Arizona including education, affordable healthcare/housing, need for a living wage, voter suppression and prolonged drought. Our district needs someone with the experience and commitment to tackle these challenges. But nothing will be addressed until we elect new leadership. If elected, I will take on those challenges, beginning with public education funding and educator pay. Arizona needs trusted servant-leaders with values and integrity that reflect our working-class. His compassion for Arizona's wellbeing led him to champion other key issues such as education, healthcare, and economic development. Since being elected, Chávez has proven to be an integral member of the legislature. Not only has he been able to work efficiently for the benefit of his constituency, but he's been able to stop hurtful legislation from going through the legislative process. He's been a champion to ensure job growth, accessibility to healthcare, and public education funding. Representative Chávez has also led the charge to seek solutions towards the housing crises and providing services to those experiencing homelessness. "I seek your trust in electing me as your State Senator for Arizona's 24th legislative district. Together we will end this housing crisis and ensure that all Arizonan's have an opportunity at the American Dream."

Anna Hernandez is a Democrat running for State Senate in Legislative District 24. She was born and raised in Phoenix, Arizona. While she never wanted to run for office, her family, like many families, has paid the cost of the choices of politicians who put money and ego before people. Because of their choices, AZ ranks 48th in education but 8th in incarceration, quality jobs aren't in our neighborhoods, housing is unaffordable, and our communities are denied important resources. Anna began advocating for police accountability and reinvestment of the police budget in community resources after her brother was killed by the Phoenix Police Department in 2019. Anna believes that we need to be represented by people that understand the impact of their decisions. She is committed to fighting for fully funded education for children, access to quality jobs, affordable housing for all, resources for mental health and substance use, and freedom from state violence.

Anna Abeytia comes from a family of community activists and was taught the importance of giving back to her community. When Anna was a young child she attended marches and protests with her grandparents, in support of labor unions and worker's rights. Once she graduated high school she got involved in a local election and became a community organizer. For the past 8 years she has been working across Arizona to help elect democratic candidates, pass progressive ballot initiatives and educate voters on the importance of elections and making their voices heard. In 2020 Anna decided it was time to give back to her community even more by running for the Cartwright Elementary School District, where not only did she attend school but so did her family. She was elected in Nov 2020. Anna's goal as a Governing Board Member is to bring more programs and funding to the CSD to help support the Fine Arts in Maryvale and be an advocate for Special Education programs and proper educational care for those with special needs. When Anna is elected to the House of Representatives she plans on continuing those goals for all of Arizona Public Schools.

Lydia Hernandez is the daughter of migrant farmworkers, born in South Texas. Her resilient path began at a young age as a migrant coupled with her parents' insistence on the importance of education are the key components that created Lydia's hunger for knowledge. She is a graduate of Baylor University. In Arizona, (1993), she grew into a leadership role with Valley Interfaith Project as a grassroots leader, organizing public actions. Her involvement & leadership led to the birth of the Arizona Coalition for Immigrant Rights, an effort to civically engage families in public discourse which ultimately culminated in the massive marches that encouraged over 300,000 families to advocate for immigrant rights. This exposed Arizona nationally, and for the first time, our state was engaged in the conversation with national groups regarding training, civic engagement, citizen workshops, voter registration, and get-out-the-vote efforts. Currently, Mrs. Hernandez serves on the Cartwright School District Governing Board #83 where she has served since 2003. In 2010, under her leadership, turned the District academically around. Hector Jaramillo has lived in Arizona for his entire life. A first generation American, Hector was educated in Glendale, inside the district he hopes to represent: from Washington Elementary School District, to Glendale Union High School District and Glendale Community College, he knows first hand where LD24 educates their children. With a passion for serving, after some time as a classroom assistant, Hector engages in 1-on-1 therapy for children with autism. Having been born in Phoenix to immigrant parents with low-incomes, Hector knows what it's like to struggle. The government should use its resources to help struggling families, Hector believes. Hector spent years wishing the government would do things differently. In 2020, after George Floyd and Breonna Taylor were killed by reckless arms of the government, Hector knew he had to do more than protest- he had to join the fight and be part of the solution. Hector is ready to serve his district and his state. It's time our representatives fought for the voters. Hector Jaramillo is ready to represent LD24.

I'm Analise Ortiz. I was born in Arizona and grew up in a family of six kids. My parents are both educators and they taught us that our communities are strongest when neighbors look out for each other. I graduated from ASU with dreams of becoming an investigative journalist. As I uncovered injustice in my community, I knew I couldn't just report on it—I had to work to change it. Today, I serve our community by fighting for changes to state laws so we can invest in public education, protect civil rights, and help hard-working people thrive. I have successfully advocated for bipartisan civil rights legislation to be signed into law and I have experience defeating harmful bills that threatened our most basic freedoms. As an auntie to six kids, I'm dedicated to building a brighter future for Arizona families. I'm running to represent Maryvale and Glendale in the Arizona House of Representatives to deliver courageous and compassionate leadership. I will work to invest in public schools, address the high cost of housing, and bring good-paying jobs to our community. I'm Analise Ortiz and I hope to earn your support.

Thank you for allowing me the honor of serving as your State Senator. Arizona is again a national leader in job production and economic growth because of the great pro-growth environment we have built. I continue to vote as a conservative and I win awards from pro-family and pro-taxpayer groups because of it. I'll always be pro-taxpayer, pro-family, pro-life, and pro-Constitution! The Kerr Family owns and operates a dairy farm in Buckeye and our 4th generation Arizona roots are deep in the soil. Among the issues I work on at the Legislature are education (promoting school choice and ending radical ideas like Critical Race Theory), water, public safety, and growing our economy with high-paying jobs. I'm grateful for everyone in both Maricopa and Yuma County who is working with me to protect our blessed state and country. Today, the left has become irrational and increasingly confrontational, so we must all remain steadfast to protect our nation's foundational values and ideals. I ask for your vote so I can continue doing this important work and thank you for your prayers and support!

The past two years, Tim Dunn has been a conservative voice for our district. And for the last two years, Joel John has voted with the Democrats on critical issues to cancel out Tim's vote. Our district deserves better! That's why I agreed to run. Unlike Joel John, I'll defend the taxpayers, I'll fight for election integrity, I'll vote for school choice, and I'll fight to end illegal immigration. Joel John kills school choice bills, supports in-state tuition for illegal aliens (something we don't even give to law-abiding Americans from other states), approved the use of Mexico's consular cards as legal ID for our schools, and more. With our one-vote margin in the State House, good bills are dying and bad bills are passing thanks to Joel John. Enough is enough! I've been a loyal conservative Republican my whole life. I've served on the school board and fought against critical race theory (CRT) and other left-wing schemes. I even served as Chairman of our local district's Republican Party, where I worked hard to re-elect President Trump, Congressmen Lesko, Gosar, and others. I ask for your vote so I can work for our conservative values, not against them.

I support the additional funding we have provided to the national guard to interdict drugs coming across the border. The water providers of the state have prepared for a drought like we are in currently. As a legislator I will continue to advocate for new sources of water outside of the state to be brought in.

As a fourth generation Arizonan, I've watched our state grow and change. I am proud of my deep roots in Arizona which is why I run a small business in Buckeye. My work ethic and commitment to family values are what made me a lifelong Republican, but it is my belief in the American dream and my commitment to safe neighborhoods and family values that make me Conservative. I am excited to run for re-election to the State House. At the Capitol I have balanced the budget and cut taxes, supported election integrity legislation, and invested in law enforcement to keep our communities and neighborhoods safe. We will secure our border, provide small businesses with resources they need to succeed, protect our water supply, and commit to safe and secure elections. I am accountable to my constituents and guided by our Constitution and my faith. With your support, I will fight for Arizona values, uphold our Conservative priorities, and protect our natural resources and neighborhoods. I am running for State Representative because I want every family in our community to truly thrive; where our children can pursue their educational goals, have great careers, and lead extraordinary lives. We are still overcoming the pandemic and the cost of living has skyrocketed. Our schools, which should be places where students, teachers, and parents are supported, have faced continuous uncertainty. Strong PreK-12 public schools, affordable housing, and access to healthcare are necessities. With a background in economic and immigration policy, I am committed to supporting small businesses, as well as ensuring dignity in all work. Over the past several years, I've witnessed my community slowly decay. Homelessness, has become pervasive. Meanwhile, rent has spiraled out of control with increases above 50%, driving many neighbors away. For those who stay, many are afraid to let their children play outside after dark. Meanwhile, down at the capitol, Republican politicians continue making it harder for all Arizonans to vote in elections. I believe that we deserve better. Families should feel safe from crime as well as rising costs. Basic necessities such as food, shelter, clothing, and medical assistance (including mental healthcare) should be available for those in need. Everyone should have the opportunity to achieve their American Dream, whatever that may mean to them. With my unique perspective as an immigrant, and small business owner, as well as the experience I have acquired as a successful litigator and negotiator with the law firm I founded, Lawyers For Less PLLC, I will implement common sense solutions to our policy problems, and help us move past political polarization based on ideological "issue positions." I want to serve my community by being a part of the change I want to see.

President Donald Trump endorsed me because he knows how important this race is to our Republican Party and the State of Arizona.

President Trump referred to me as "...an incredible fighter for Election Integrity" and applauded my work fighting for America First policies, the Second Amendment, Jobs, Secure Borders, and Education. As a former State Representative, I stood up to special interests and stopped a lot of bad bills. As a result, I now have a primary challenger that opposes President Trump and my conservative record, so I need your vote to ensure that we secure our elections against fraud, secure our borders against the ongoing invasion, and push back against attempts by Joe Biden's administration to drag us towards socialism. My opponent will claim to be a conservative (don't they always?), but my actual voting record is better than any mere promise. I've been awarded the Liberty Award, Friend of the Family Award, and Hero of the Taxpayer Award. I'm proud to be on a team of proven conservatives who don't just fight, they win. Please support Kern, Toma and Payne and elect a team that will put Arizona First! On behalf of my wife and family, Thank You!

I'm a working Joe who ran for office to makes government work better. I'm an America First Constitutional Conservative Veteran (US Navy) who promised to look out for you and, working with my fellow Representative Ben Toma, kept that promise. You elected us, we went to work, and we kept our promises by fighting for strong election integrity and transparency measures, secure borders (finish that wall ASAP), low taxes, safe neighborhoods, and more. We passed the largest tax cut in Arizona history, expanded school choice options for our kids, and more. As Chairman of the House Military Affairs and Public Safety Committee, I've led efforts to Back The Blue, support first responders, and look after our military bases and veterans. And my voting record is 100% pro-gun, pro-Constitution, pro-life, and pro-Arizona. Your MAGA conservative team of Kern, Toma and Payne face primary challenges from other Republicans who will also claim to be conservative, but you have three PROVEN conservatives running, so I hope our America First records have earned your votes. I'm a husband, father, small-business owner, and committed conservative. As the House Majority Leader I've fought an emboldened Democrat minority and beaten them. Working with my seatmate Kevin Payne, we're passing reforms to make our elections more secure and transparent. I authored and led passage of the largest tax cut in state history, have record tax revenues, increased K-12 classroom funding and teacher pay, put a stop to Critical Race Theory (CRT) and other left-wing attempts to indoctrinate our kids, and have one of the strongest economies and job markets in the nation. I have a 100% pro-Constitution voting record and, as the father of five girls, am absolutely committed to protecting our 2nd Amendment rights. I'm running as your proven conservative team with Anthony Kern and Kevin Payne because I'm tired of candidates who campaign as conservatives or try to do Trump impressions to fool voters. Kern, Toma and Payne are actual MAGA conservatives with proven records of protecting taxpayers, limiting the size of government, and protecting our liberties. Part of your Proven Conservative Team of Shamp, Smith and Montenegro! I'm a true constitutional conservative, wife, bonus mom, cowgirl, and a Registered Nurse. I've been in politics for many years, but the lockdowns, mandates, and shutting down of scientific debate during the Covid pandemic got me very involved in the fight for medical freedom and our rights. When State Representative Joanne Osborne announced she was running against me I knew we were in for a fight. Osborne's out-of-state and liberal backers poured huge money into her last race and they're promising to do so again. Osborne campaigns like a conservative but voted for in-state tuition for illegal aliens, against school choice for lower-income kids, is a roadblock for conservative bills, and has been named one of the three most liberal Republicans in the entire Legislature. Please support our America First team! Too many good bills are failing by one or two votes, and we can't afford to give up a single seat to a liberal lawmaker. We need secure borders and secure elections. We must protect taxpayers, parents, police and veterans, and our Constitutional rights. I'm running to do what's right and I hope I've earned your vote!

Part of your Proven Conservative Team of Shamp, Smith & Montenegro! I was honored to serve you before in the Legislature where I led on tough issues like fighting against illegal immigration, ending affirmative action, passing constitutional carry, and passing record-breaking tax cuts. I had a perfect 100% pro-life, pro-2nd amendment, pro-taxpayer voting record, winning awards like Champion of the Taxpayer and Friend of the Family. As an Arizona delegate for Donald Trump in 2016, I made numerous appearances on national TV defending our President. Back in the private sector, I have continued to serve as a Pastor, and am also working with national organizations that want to improve election integrity and ballot security across the country. Our conservative team faces a tough primary challenge against well-funded opponents who campaign as conservatives but embrace liberal Democrat ideals. Arizona and America cannot afford weak Republicans who cater to the media and liberal special interests. We support our veterans, our police and first responders, our small businesses, and conservative principles like school choice, opposing CRT, enforcing our immigration laws, and more. I'm blessed with an incredible wife and two wonderful daughters. Our whole family thanks you for your prayers, support, and vote!

My name is Hop Nguyen, a resident of Surprise running for Arizona State Representative in Legislative District 29. At the age of 17, immigrated to the United States as a political refugee. For the next 6 years, I worked extremely hard to earn a living and at the same time attending school, without government assistance. At age 31, I was very privileged to take the oath of citizenship, and have never regretted it since. In the past 40 years I was involved in the corporate world as a computer analyst, project manager and contract reviewer. I was also deeply involved in Christian ministries such as Sunday School ministry, feeding the homeless, foreign mission, pastoring, etc. It has been my focus to serve the people around me wherever I was placed. As your State Representative, I will continue the tradition I've kept up for the last 40 years by serving and defending Arizonans' rights, guided by the Constitution which I took the oath to defend. I will work hard to preserve individual freedom and create opportunity for you and your children to prosper in Arizona. My first priority is to even the funding of public schools and charter school / for profit businesses. The public schools lose funding for every for profit school to the tune of \$4,347.00. For profit schools make up for only 25% of schools but are funded at \$11,000 for each student. Water conservation is a high priority and as a geographer it's one I'm trained to address. We need to cover the CAP canals to save 29sq miles of water one foot deep. As the water evaporates the remaining water becomes so salty that it's not drinkable. We need to build renewable energy stations to pump the water up hill some 1000 feet. Medical bankruptcy bills from a severe illness or injury get people evicted or foreclosed. They become homeless just because they got sick or injured. I propose a state grant from the state surplus and reforming the private prison industry. I'm a common sense person that breaks down problems down to the simplest terms. I don't like legislation that's overly complicated that creates loopholes for the wealthy. The legislature is made up of wealthy people looking out for themselves and not the everyday Janes and Joes.

Part of your Proven Conservative Team of Shamp, Smith and Montenegro! I'm a 5th-generation Arizonan who grew up working in the agricultural industry, where I witnessed how devastating an out-of-control government can be. So, I became politically active, working with Turning Point USA, and helping to run Students for Trump, where I helped establish 300 college chapters across America. Please support our conservative team so we can work together to advance conservative ideals like election integrity, border security, school choice, tax cuts, health care freedom, Second Amendment rights, life, and liberty. We'll protect Arizona's water future, our military bases like Luke AFB, and our senior population, to whom we owe a great deal. It makes no sense to elect some of us, and then also elect more liberal candidates to go and cancel out our votes. They want to be seen as kinder, gentler Republicans, but what Arizona and America needs are real Republicans who will have the courage to do what is right. I'm an avid outdoorsman, amateur golfer, and active member of my family's church community. I'm running because I love my family, my state, and my country, and I ask for your vote!

I answered my country's call of duty after 9/11, serving in combat in Iraq. Now my wife and I are raising our three sons in the west valley

community where I grew up. I'm concerned about the America and Arizona they will inherit. That's why I'm running for the State House. I was elected to the school board to open our schools, keep kids in classrooms, and keep critical race theory out. I support our hardworking teachers and parents. I'm proud to have cut property taxes and supported our local law enforcement officers. My priorities will be enacting conservative education reform at the state level, supporting our police departments, securing the southern border, fostering an economic rebuild with growth and development, fighting against high gas prices and inflation, and restoring confidence in our elections by making them more secure. I ask for your support if you believe in the following: - Border Security - Election Integrity - Supporting our police - Job Creation - The 2nd Amendment - The Right to Life - Tax Relief for Hardworking Families - We need more veterans fighting for you in the legislature My record is one of service and I would be honored to serve you again in this capacity.

I currently serve as the Majority Whip in the State Senate, where, alongside my rock-solid seatmate Leo Biasiucci, I have taken the lead on important issues like election integrity, ballot security, fighting illegal immigration, and protecting taxpayers. Thanks to good decisions, our state's budget is not only balanced, we have been producing large surpluses. Instead of spending that money like the establishment wants, we have paid off debts to save on future interest costs, and then we've given the extra revenues back to you in the form of tax cuts. In fact, just last year we passed the biggest tax cut in Arizona history! The left wants to make government bigger and the individual smaller, but we know that America is founded on ideals that are quite the opposite. I fight to maximize individual liberty and to keep government as small as possible. I was and will always be a U.S. Marine and I'm also involved in helping veterans and making Arizona an increasingly veteran-friendly state. Please contact me if I can be of service to you, thank you for the honor of representing you in the Legislature, and I ask for your vote for me and Leo. Thank you!

I've had the honor of being your State Representative since 2019, serving alongside my great teammates Senator Sonny Borrelli and Representative Regina Cobb. During my time at the Legislature, I've kept my promise to fight for the people of Arizona. I'm proud to share what I've accomplished: 1. My bill, HB2111, made Arizona a 2nd Amendment Sanctuary State! If Joe Biden tries to take away our guns, Arizona will tell him to pound sand! 2. My bill, HB2889, made Arizona the strictest in the nation for child sex crimes/human trafficking sentencing. We added mandatory sentences and life in prison for any repeat offender. 3. My bill, HB2107, made it illegal for the Government to shut down businesses during a pandemic. WalMart staying open while mom and pops being forced to close was wrong. Never again! 4. Veterans will now pay zero Arizona income tax on their pension! We also secured funding to build a 100 bed Veterans Home/Clinic in Mohave County. 5. We passed a bill requiring proof of citizenship before you can vote. I'm Pro-Veterans, Pro-Law Enforcement, Pro-Border Wall, Pro-Life, Pro-2nd Amendment, and I will always defend the Constitution! Thank You, God Bless You, and VOTE FOR LEO!

After serving my county and upholding the values of the Constitution for the majority of my adult life, I can no longer tolerate the government violating both our rights, and the rights of our children. as a proven fighter and leader, I will support the rule of law. I watched a stolen election, un-constitutional COVID lockdowns, and personal freedom of movement limited with terms such as "essential worker". This should never happen in America! Our fight to take back the county starts at the State level with the 9th and 10th Amendment. The RINOs in DC have failed the people by not supporting President Trump when we had both chambers. It is imperative we remove all RINOs from office and electing new people, not political insiders working their way through the system aspiring for higher office and name recognition. The way forward will be the voice of the people from a fighter for the people.

Arizona has long been known as a state of conservative, common sense citizens, dedicated to basic freedoms and traditional American values.

I have spent much of my life, since moving to Lake Havasu City in 2002, working to maintain our independence, decency and solid community standards. It is my intention to continue my work as your next Arizona State Representative for Legislative District 30. I bring integrity, experience and a passion for the citizens of Arizona. I have served as an elected member of the Lake Havasu City Council for eight years. During that time, I worked closely with the Mayors, other City Councils, and our State Officials to bring respect and recognition to “rural” Arizona. The concerns of Western Arizona communities are now being heard in Phoenix, when we speak with one voice and demand action for our constituents. I look forward to working with State Senator Sonny Borrelli, State Representative Leo Biasiucci and the elected leaders of Legislative District 30.

- o Elected to Lake Havasu City Council 2012 and 2016
- o Tri-City Council Executive Board
- o Arizona State Medical Board 2014 - 2018
- o Arizona Supreme Court Jury Task Force
- o Western Arizona Council of Governments:

Hi. I'm Nohl Rosen and I was raised in Arizona and also own a local IT business called Panther TEK. I'm also the founder of the Patriots Of Wickenburg, so I've been very involved in standing up for conservative values and for what our Founding Fathers had intended for this country. I'm running for the AZ House Of Representatives because I want to help make Arizona a constitutional state again. I'm a patriot, not a politician and I think our government has forgotten that it works for we the people. When elected, I plan to continue working to secure our elections (I helped draft election integrity legislation already called HB 2571). I intend to also draft legislation that gets rid of Common Core which is the main cause of Marxist teachings like CRT and comprehensive sex education. We need to go back to traditional learning in the classrooms and put God back in the schools. Another goal I have is to propose new legislation that allows citizens to constitutionally carry into all state, city and town buildings in Arizona. I also plan on working to protect our border with Mexico which can be done on the state level.
